Sir,-

Miss Wilson, teacher of the No. 1 School on Walpole Island, has written the Department complaining that many of the children in her school are affected with vermin to such an extent that she has asked permission to send some of them home.

As these insect pests are very annoying the Department would like you to call upon Dr. Cathcart to make a personal examination of the children in the Walpole Island schools and take the necessary steps to insure the eradication of pediculi. You will be good enough to inform the teachers of the date on which the doctor will visit the schools. Kindly report to the Department after his visit.

Sirs: —

Your letter received to day and
desire to thank you for the
copy of Regulations regarding
Indian Schools. In the future
I shall know the law regarding
my school and salary.

Permit me to explain that
when I came here, I was told that
salary was paid quarterly and at
the end of Sept. "the teachers would
be paid \$150). Agent Mc Callum ^{came} to
my school and got his returns to send
in but never in any way mentioned
a teacher's return report. Since Sept
30th we have been told several times
that he was expecting our cheques
every day — He said so.

To day upon receipt of your letter I went to his house to consult him. I asked what report I was to send in. He said "I don't know". I said "what have the other girls done in the past?" "They sent reports in July and December but no other times". He said. I left the matter with him to look up.

He was both a stranger in the school and it was his duty to inform us of such reports the first time at least. I had no school law in my school except the course of studies and I follow that.

I have spent my own money too freely on books, pencils, soap and combs since I came here and I do think in such a school as this soap, combs and towels are

Miss Wilson taught in S.S. No 26 Sombra, Becher, under my inspectoral supervision, She is a capable teacher and her work was good as far as I was able to observe but she did not get along well with the people.

The stories I heard about her would seem to indicate that she is not easy to live with. If you could communicate with Mr A fred Jones by phone he would doubtless give you some information about her.

I would esteemt it a favor if you would notify me when the appointment has been made. I remain

REPORT OF INSPECTOR CONN ON THE WALPOLE ISLAND, NO. 1 school.

Miss Wilson is a capable teacher and she is doing effective work. I am very pleased with the ~~attendant~~ attention she is paying to physical culture and to teaching hygiene. Manual training and domestic science will be taken up as soon as the necessary materials are provided.

Miss Wilson taught for a short time in one of the public schools of my inspectorate. Her record there would seem to indicate that she is not easy to get along with, and ~~wgne~~ when she quarrelled with the parents, the children seemed to suffer. I am ~~afraid-friction~~ afraid friction may develop and have thought it well that the failing of the young woman should such situation arise.

I have to acknowledge the receipt of your letter of the 11th instant enclosing a communication sent you by Mr. Public School Inspector Conn in regard to the teacher of the No. 1 School on Walpole Island, which is returned herewith as requested.

When the Department wrote you on the 3rd instant instructing you to request Dr. Cathcart to make a personal examination of the children of the Walpole Island schools and take the necessary steps to insure the eradication of pediculi it was expected that he would comply with this request. As he has apparently not done so up to the present he will be written to personally and again instructed to make this inspection, as as long as he remains the medical officer of the Walpole Island Band he must comply with the Department's instructions. Sir,-

On the 3rd of November, last, Mr. Agent McCallum was instructed to request you to make a personal examination of the children of the Walpole Island schools and take the necessary steps to insure the eradication of pediculi.

Mr. McCallum reports that he showed you the letter which was sent him on this subject and you said you wondered what they take you for.

When the letter above referred to was sent to Mr. McCallum you were and still are the medical attendant for the Walpole Island Indians and as long as you act in this capacity the Department will expect you to carry out its requests in regard to attendance on the Indians of this band. Other medical men in the employ of the Department ^{had} have similar requests made to them and have not hesitated to act on the Department's suggestions. I trust that it will not be necessary to again call your attention to the desire of the Department to have the children at these schools looked after.

All you are expected to do is to satisfy yourself as to their condition and prescribe the necessary remedies. The Department will see that your instructions are carried out.

Madam,-

Mr. Agent McCallum has complained to the Department that he has been forced to remove his little son, who was a pupil at your school, on account of your refusing him permission to leave the room to obey the calls of nature.

Mr. McCallum has been informed that you will be instructed to use more discretion in future and that it will not be necessary for him to keep his child away from school on this account. I trust that you will govern yourself accordingly in future.

Mr. McCallum also states that it is rumored that you do not intend to remain on at this school after the Christmas holidays. If this is the case you will be good enough to send in your resignation at once so that the Department may be in a position to look out for another teacher. In reply to your letter of the 30th ultimo I beg to say that the services of teachers in the employ of the Department are continued as long as they give satisfaction: Should they fail to do so due notice is given them that their services will be no longer required, save in exceptional cases where they are guilty of gross misconduct which would justify the Department in their summary dismissal.

In your case Mr. Agent McCallum wrote the Department stating that it was rumored that you did not intend to remain on at this school after the Christmas holidays and he was told that if this were the case he should obtain your resignation in writing, and if the rumor was not correct the Department had no wish to dispense with your services. Sir,-

The Department is in receipt of a letter from Miss Wilson, teacher of the No. 1 school on Walpole Island, in which she states that you informed her that she was not engaged to teach for the coming year.

I should like to know whether you so informed her and, if so, what authority you had for making this statement. You were advised by official letter of the 30th ultimo that, unless the teachers of the two schools on Walpole Island voluntarily resigned their positions, the Department was prepared to keep them on, as there is no good reason why their services should be dispensed with.

Since the summer holidays in 1914 we have had four teachers at the No. 1 school and when we have teachers that are competent and are willing to remain the Department considers that it is your duty to give them every encouragement instead of throwing cold water on their efforts and trying to get rid of them.

The Department has just received your report on the No. 1 school for the month of November, last, which shows that the teacher is, in your estimation, competent and no complaints have been received from the Indians. Mr. Inspector Conn, who visited this school on the 25th of October, last, states in his report that Miss Wilson

Gentlemen:
Your letter to hand to day
and I feel quite sure had you known
the true state of affairs, you
would not have written me as you
did.

Mr. Agent McCallum's re-
ports are false. I never on any
occasion refused a single pupil
in my school permission to
leave the room. I never knew
any accident had happened the
child until I heard from inspector
Cowan. I asked my pupils to stand
up and let me know if I had
refused them such permission, not
a single child stood. I then asked
Robert McCallum if I had refused
him permission. He said "no teacher".
He said, "I told mother that once
you did not see my hand when
I put it up". I said "did I let you
go when I saw your hand?". He
replied that I did. Would you
then say I had refused him
permission to obey the laws of
nature? The boy is of a very nervous
disposition and scarcely think the
accident happened on school hours.
No! it may have. This child has
a weakness which means that he
must leave the room very often

and to my knowledge. Has left my room four and five times daily. And still more when I boarded in their home. I told the mother to tell him to leave the room with out asking so often. What more could I do?

I told you that Agent McCallum was offended at me for writing you concerning my salary and I shall not repeat the abuse that I have taken from him since that date.

There is perfect harmony in my room with all Indian people and not a parent has complained to me, but many have praised my work and hoped I would remain after Xmas. When Inspector Conn came he told me he was pleased with conditions. I have been able to please all but Agent McCallum and I seem to have failed there. Not that I have not tried.

Do not accept my story but investigate for your self. I can only tell the truth concerning conditions. Had I known I would offend Agent McCallum by writing you I would have done with out my salary but I did him no harm.

It was Agent McCallum who first told I was leaving at Xmas. I did not know it.

until he informed Miss Harnock.
I had no intention of leaving as
the Department had been kind
enough to grant all my requests
and I enjoyed the work with
the pupils, but, Gentlemen if it
is your pleasure to have me
move, I shall do so, when you
give me notice of same.

I feel quite sure that
the teachers on Walpole Island
would have your kindest sympathy
if you knew what they have
suffered at the hands of
Mr and Mrs Agent McCallum.
He took it all without reporting
them and to day when they
feel inclined to send back their
little son, I shall treat him
as kindly as I did before
the father took him home.

Please be kind enough
to inform Agent McCallum not
to disturb me in school and

In regard to me telling Miss Wilson that she was not engaged for next year my authority was that you wanted me to find out what their intentions were I took it from that they were not engaged for next year I have been trustee and Sec Treasurer for a Public School for 25 years if we engaged a teacher any time of year her time expired on the 1st Jan every year on the last of every year I should say I know we have had fewer teachers since midsummer and we have had more trouble with this than all the rest your report shows the teacher Campbell did you notice there was 60 on the roll and average attendance of 23 Why Miss Wilson had to write me a letter before she came to know if Mr Camp J. P. O. would have to teach here in his Inspectorate that looks strange don't it I have the letter I suppose she will deny this to she said she was not going to stay here very long when I asked her about saying she denied she has no respect for the truth I had to take my little boy 9 years old out of school because she was angry

Sirs,

476535

In reply to your letter of November 30th last requesting a personal examination of children of Walpole Island schools, I might say that, having made a visit to each school, the condition of the children was found to be fairly satisfactory due to the intelligent & energetic treatment carried out by the teachers.

As to the complete eradication of pediatrics, a term which has always thrived amongst this race of people, it is impossible without the cooperation of the parents which is wanting in some homes.

I have advised the teachers as to the proper procedure and prescribed the necessary measures which will no doubt go along way in making the condition of the children more satisfactory.

Sirs:

I have understood that it has been the custom to grant a certain sum of money at midsummer to buy presents for the pupils of my school.

We are very much in need of books for pupils of this school and if we might be granted that sum, which is spent on presents it would form a nice library for the children.

My pupils are not far advanced as those of white schools and the older boys and girls are much interested in reading but we need suitable books. They are too poor to make any purchases for themselves. I can assure you, it would be money well spent, if you would grant us that sum for present use. Hoping my request will meet with favor. I am,

Gentlemen:

Your letter to hand to day and contents noted and will endeavor to frankly explain charges against me. In the first place I have no habit of closing school at any hour of the day. Since I took charge of your school one year ago, I have failed to open school only one day that will be a lost day. That day I was confined to my bed.

I did go to Muncney on May 12th with an Indian girl because it was diplomatic on my part to please the Indian Parents when a favor was asked. I explained the matter before my pupils and told them I would make up the day for them. So the day was not a lost day.

One day last winter, after I had been ice-bound on the island and living in an Indian home, for weeks, I asked leave of agent McCallum to close at home so I could make train connections for home. He said I could do so, then has reported me for the same.

When I returned after Easter I was absent first

morning till eleven o'clock
because it could not be helped.
I came to Algonac the day
before school opened, but the
river was full of ice and no
money would hire any one to
take me thru it. I went miles
out of my way and much
expense but could not arrive
at school at nine o'clock.

It has been the "habit"
custom on this island to
close school on Friday at
3.30 p.m., as a sort of reward
to pupils for good work etc.
Only a few times have I done
so.

I have taught fifteen
minutes longer on the noon
hour than other teachers did.
I dare you can truly say I
have lost no time except
the day I was ill.

Permit me to say I am
a human being and have a
conscience and I feel that
I have done for more work
in this school than I shall
ever be paid for and few
would do such work for pupils
as we teachers have done and
few - if any - girls would stay
one year and live in an Indian
house. I look on my register

and see that other teachers have
remained but three months here.
They had a white home to board
in and most of them got home
every Friday night.

I have done my very best
to please the Department and
Indian parents also done
my utmost to advance pupils
during entire year. I hear no
complaints except from the
one usual source. Time
and again Mr. + Mrs. Agent
McCallum have tried to
turn Indian parents

but still they have failed.

things plain to you, I am,

Could you be kind enough to see that the school law, regarding attendance, is put in force in this school. I appealed to the agent time again last year but it was of no use.

I have about seven pupils who attend well and all passed their exam. at mid-summer. The rest come and go as they please.

There are whole families on the front of this island who have never seen the inside of a school. It seems a shame

REPORT OF INSPECTOR CONN ON THE NO.1 WALPOLE ISLAND SCHOOL.

Date of Inspection, - October 23rd, 1916.
Number of pupils present, - 8
Number of pupils enrolled, - 18.

I was unable to obtain an official statement of the number on the reserve. The Indian Agent places at 45, the number that should attend.

The pupils who were present showed satisfactory proficiency and are undoubtedly making good progress. The teacher is to be commended for the attention she is giving to hygiene and personal cleanliness. I examined samples of the pupils' work in plain sewing and am very pleased with the work that is being done.

I believe the teacher is making efforts to secure better attendance but she is not meeting with much success.

MEMORANDUM.

Mr. Scott, -

With reference to Mr. Ogilvie's report on the Walpole Island Schools I beg to say that, as regards the attendance, it has certainly been going from bad to worse. They have a truant officer there and the teachers have done their best to keep the attendance up with no encouragement from the Agent, in fact it is a question whether he has not been a hindrance. I judge this from his own reports, as nothing apparently affords him greater pleasure than noting the falling off of the attendance. He has never said anything about assisting the teachers in this direction and his attitude towards them has been such that Miss Wilson, the teacher of the No. 1 School, has sent in her resignation, asking that it take effect on the first proximo. Miss Varnock, the teacher of the No. 2 School, resigned after the summer holidays and Mr. Cork, who has taken her place, is not satisfactory to Mr. ~~Cork~~.

Mr. Public School Inspector Conn, in his report
on

on the No. 1 School states as follows,- "The pupils who were present showed satisfactory proficiency and are undoubtedly making good progress. The teacher is to be commended for the attention she is giving to hygiene and personal cleanliness. I examined samples of the pupils' work in plain sewing and am very pleased with the work that is being done. I believe the teacher is making efforts to secure better attendance, but she is not meeting with much success."

Miss Wilson may have offended some of the parents on account of her desire to have the children cleanly in their habits and person and from what I can learn Mr. McCallum is rather pleased than otherwise at the teacher's unpopularity. Mr. Inspector ^{born} in a previous report on this school states that Miss Wilson is a capable teacher and doing efficient work and that he is pleased with the attention she is devoting to ~~an~~ physical culture and hygiene. He adds that Miss Wilson is difficult to get on with. Mr. McCallum apparently never made an effort to get on with her, in fact ever since she has been there he has ~~been~~ done what he can to make her position untenable and I am of the opinion that he is prepared to do the same with Mr. Cork.

Madam,-

In reply to your letter undated, which was received in the Department on the 15th instant, and also a former communication in which you tendered your resignation as teacher of the Walpole Island No. 1 School to take effect on the first proximo, I beg to say that if your health will permit you to resume your duties as teacher of this school the Department will be glad to have you remain on. Miss Myers may act as your substitute until you are sufficiently recovered to again take charge and Mr. Agent McCallum will be so informed.

The cheque for the salary for the current quarter will be made in your favour and you will be good enough to arrange with Miss Myers and pay her for the time she teaches. Miss Myers should commence her duties at once.

Sir,-

In reply to your letter of the 15th instant I beg to say that Miss Wilson, teacher of the No. 1 Walpole Island School, has advised the Department of her illness and has stated that Miss Myers, the daughter of the resident missionary on Walpole Island, will act as substitute for her until she is sufficiently recovered to resume her duties.

Miss Wilson has been informed that this arrangement will be satisfactory to the Department and that it has no wish to lose her services. She is being instructed to make the necessary arrangements with Miss Myers as to payment of salary for the period which she teaches. The cheque for the current quarter will be drawn in favour of Miss Wilson who will settle with Miss Myers for the amount due her.

Mr. Inspector Conn reports that Miss Wilson is an excellent teacher. It would be a difficult matter to get as good a teacher to take charge of the school, should she leave. The Department, therefore, trusts that you will render her every assistance in your power in the future and it will hold you responsible for an improved attendance at the school, which can be secured under the Regulations, if necessary.

November 27th, 1916.

Dear Sir -

My attention has been drawn to the resignation (afterwards withdrawn) of Miss Wilson as teacher of the Walpole Island No. 1 School, and to school conditions generally on the reserve. In so far as the educational work is concerned the reports show that Miss Wilson has been an efficient teacher. She has not, however, succeeded in making satisfactory progress owing in a large degree to the lack of regular attendance on the part of the pupils. I am forced to think that this condition is to some extent aggravated by your attitude towards the teacher and towards the work generally. I am sorry that I have had to reach this conclusion.

The educational work on the reserve is perhaps the most important in our administration, and where agents are not thoroughly in sympathy with their work and with the people, whose interests we are trying to promote, satisfactory results cannot be obtained. It is also found that you have been negligent in attending

to details in connection with the school buildings,
etc., thus hampering the work of the teachers.

The educational work must not be neglected and I shall expect to find a decided change in conditions on the island, and will look to you to cooperate heartily with both teachers and give them such encouragement and assistance as you may be able. If it is not possible for you to work harmoniously with the teacher some remedy, even though it be drastic, must be found.

In the matter of attendance particularly the Department must to a certain extent place the responsibility on you as well as the teachers and the truant officer.

Fuller information respecting this will be given you in another communication.

Yours very truly,

Gentlemen: -

Regret to inform you that it will be necessary for you to accept my resignation at the close of the present year.

I am so completely exhausted for want of proper nourishment, that I am unable to do my work. A year and a half in an Indian home has been too much for me or any other white girl. Don't put your teachers with the Indians if you want them to live here. I have tried to buy food for myself in order to keep up but see it is impossible.

Thanking you for favors of the past, and regretting I must leave your services. Please do not give my reason for leaving to Agent McCallum, else he will tell the Indians.

Noticing your advertisement in the Daily Mail and Empire for a teacher I am applying for your school.

I have attended the High School for four years and have written on both my third and second class, but failed to obtain either one. I failed in Physics which is a subject that is of but minor value in the public school. I have taught for one half year and liked the noble profession very much indeed. I still have a great desire to teach so hope you will grant me this opportunity by permitting me to teach at your school, as will close now, hoping to receive an immediate reply.

pupils. The last teacher, Miss Wilson, contracted consumption while teaching at this school and is now in a sanitarium.

The chief objection the contractors have to making tenders is the old school being utilized. They do not want anything to do with it as the foundation is rotted away.

In building a school here all the lumber, studs, joice, etc. should be secured on the island. An Indian has a sawmill and the band has lots of timber. This would reduce the cost considerably.

The teacher needs a set of Ont. Manuals.

Hazel Thomas, 13 yrs. old, should be sent to the Shinwack Home or to Muncey Institute as she will not go to school. She is a bad girl and at either of these places she could be made to obey and there might be some hope for her.

The children are backward owing to their inability to master the English language.

The main difficulty is, in the past, they did not start to school until they were 8 or 9 years of age and even older, they are out of school before they master the language. Children should be made to start not later than 6 years of age.

The teacher should insist as far as possible the use of the English language both in work in the school and at play.

The school garden is planted and looks good.

The grounds are dry and clean. The new drain has removed all water from around the closets and is a success.

The teacher should be supplied with a set of Ontario School Manuals.

The children of this school are comparatively bright, although a number do not understand English.

REPORT ON THE WALPOLE ISLAND AGENCY.

507065

By R. H. Abraham, B. S. A.

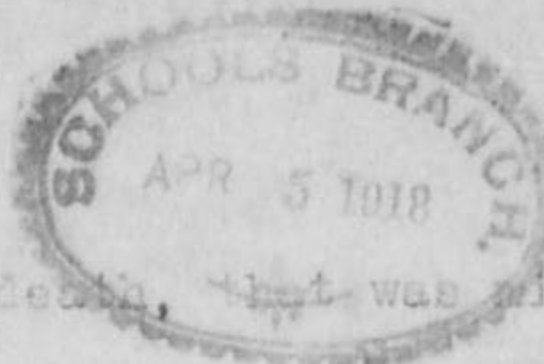

Chatham, Ont., 18th., 1918.

SCHO

Spawa, No. 1.,-

Teacher, Mrs. McDonald.

This school was closed on account of a death, that was mistaken for diphtheria. The morning I visited the school, the children were not aware that it was to be closed that day. At 9 am. there was only one pupil at the school. I then started to walk to the school section No. 2. At 9.30 am. I met three boys on their way to S.S. No. 1 one mile away, at 9.45 am. I met 5 more, one and one quarter miles away. On making inquiries from the people living in the vicinity of the school, I learned that the children arrive at the school in the morning from 9 am. to 10 am. that the teacher seldom arrives before 9.15 am., that she never arrives in time to ring the quarter to nine bell. I also learned that school seldom opens in the afternoon before 1.45, and often not until 2 pm.

The teacher should arrive at school not later than 8.45 am. Children should also be compelled to be at school at 9 am. I am not aware of the exact time of the opening of school in the afternoon on Indian reserves, but 2 pm. is later than I ever have heard of school opening anyplace.

S. S. No. 3 Pottowatamie, Teacher, Miss May Spencer.

(Note, Leaving at Easter.)

This school is in splendid condition. The attendance is good and has been all winter.

The school should be supplied with Ont. School Manuals.

There is need of earth ^{between} the closets and the school. It would require about 60 to 70 yds to build it up sufficiently. A walk should be finished, which ends now in front of the low ground. It should continue to the closets.

You will be good enough to inform the teacher that the school must be opened at nine o'clock in the morning and the truant officer should see that the children arrive in time. The school should also be opened earlier in the afternoon.

Enclosed herewith is a copy of the Indian Day School Regulations, in which the time that the school should be opened and closed for both the morning and afternoon sessions is given.

Sir,—

In reply to your letter of April 8th in regard to Mr. Shrahams report I have to say the report is not true. The School is opened on time both ^{the morning} and afternoon. Some of the children have three miles to come and if they are late it is because of bad roads or bad weather. I told Mrs. Mac Donald about Mr. Shrahams report and she would write regarding the report. If Mr. Shrahams had wished to be fair to the teacher he should of asked her about the information he had received. But I am not surprised at him doing this. He has been trying to stir all the trouble he could for me since last summer. He has slandered me to the teachers and especially to Mr. Fox Cook who was at No 2 School a year ago. At fair time he was trying to help the Indians get evidence against me over those charges I proved beyond a doubt to be false. and during his last visit here he sat around the Indian store the greater part of the three days he was here talking about chopping my head off and trying to get evidence that I had been absent from the reserve without the consent of the Department when he was here. He gave out Mr. Parker's name as two officials from Ottawa he knew they would not come out here going at meeting.

Sir

I have been informed that Mr. R. H. Abraham reported to the Dept. of Indian Affairs that "neither teachers nor pupils arrive at No. 1 School until after 9 o'clock in the forenoon and after 1.45 or 2 o'clock in the afternoon". I can only say that Mr. Abraham has made a very unfair and unjust report.

During the winter of 1917 I had so much trouble with pupils coming late - even those who lived nearest the school - that from December 1st until March 1st I kept the school clock fifteen minutes behind Eastern Standard Time. After March 1st the clock was advanced to the regular time.

The Indians as a rule do not arise until daylight and usually their clocks are slow. And as there were only six pupils living near the school, who came to school during

The winter months, the school
coming a distance from [unclear]
I found I had the majority of the
pupils present at nine o'clock, and
as the school hours were not shorten-
ed I considered the plan had its
advantages. But even then some of
the children were unavoidably late
as owing to an unusually severe winter,
with drifted roads, those living at
the three mile distance found it
at times, almost impossible to
reach the school at nine o'clock.
Since Easter I have not had any
"lates". As a rule the majority of the
pupils are both punctual and
regular in their attendance from
Easter until October 31st.
I had heard ^{that} during Mr. Abraham's
last visit he had been insisting
to the Indians that I should call
the school at 1 o'clock in the afternoon.
The 1/2 noon period has been in
force for three years, I believe, as
a means of allowing the greater part
of the pupils time in which to
go home for their dinners.

The attention of Mr. Agent McCallum was called to your remarks regarding the lack of punctuality of the teacher and children attending the No. 1 School on Walpole Island and he was instructed to inform the teacher that school must be opened at the hours set forth in the school regulations, a copy of which was sent him.

The teacher, Mrs. Macdonald, has given explanations. When accepted by the Department, as to the cause of the delay complained of and she claims that if you had dealt with her there would have been no delay in settling the matter.

Sir,—

When on my weekly visit to Walpole Island on Mon. the 16th. inst. I found both schools closed by order of Dr. Cathcart. The reason for closing schools was fearing an outbreak of Influenza. Quite a number on the Island have severe colds and the Doctor thought it advisable to close the schools in order to prevent an Epidemic of Flu. He also ordered both churches closed and issued an order against holding any public entertainments. I approve of the Doctor's action in this case and trust that it will meet with the favorable approval of the Department of Indian Affairs.

As I have entered upon my fourth year in No. 1 School of this Reserve, I hope you will favourably consider my request for an increase of salary.

The large enrollment of sixty pupils makes the work very heavy, but I am glad to say the pupils are shewing marked improvement, especially in reading and in their understanding of the English language. The cost of living in this part, has advanced fully fifty per cent. since a year ago.

I trust you will allow me, for this year, an increase of One Hundred Dollars.

DEPARTMENT OF INDIAN AFFAIRS

Ottawa, May 27, 1921

Schools in action at present a gm
Memorandum.

Mr. Scott:

At the present time we have a Mrs. McDonald teaching in the No. 1 School, Walpole Island. For the last couple of years Mrs. McDonald has been coming late to school, sometimes a half hour and sometimes an hour late in the morning. She very seldom opens school after dinner until a quarter to two, sometimes later. The Indians have complained to me on a number of occasions and I have made a report of this to the Department before. I have been informed recently that she is still arriving late at school. Another point about Mrs. McDonald is that she never loses an opportunity to say something detrimental to the present Agent, to the Indians, which is very embarrassing at times to the Agent. On two occasions the former Indian agent, Mr. Thomas McCallum, now deceased, came to the Island and stayed over Sunday with her, alone in the Agency house. He was seen by the Indians, coming and leaving.

This sort of conduct leaves a very bad impression with the Indians. No doubt, Mrs. McDonald would deny these charges, and I have no doubt that it would be difficult for us to prove the latter. So far as her opening school late is concerned, of course, that can be proved.

I beg to recommend that Mrs. McDonald's services be discontinued this mid-summer and that the Agent be notified to give her one month's notice.

At the present time there is a Mrs. Corman teaching at the Western School at the Deseronto reserve, who, I believe, would make a splendid teacher for this school. She

has expressed the wish to be stationed on some reserve where she could assist in missionary work. The Missionary at Walpole Island, the Rev. Mr. Fortiner, has expressed the wish to have a teacher in the school who would be able to assist him in the Sunday school work. Mrs. Corman has resigned at the Deseronto school. I beg to recommend that she be engaged for the Walpole Island school.

OTTAWA, Nov. 25th, 1921.

Sir, -

It has been brought to the attention of the Department that Mrs. Florence Macdonald, teacher of the No. 1 school on the Walpole Island Reserve, has not been opening and closing the school at the regular hours.

I am enclosing herewith a copy of the Indian Day School Regulations, showing the teaching days in the year and the hours of opening and closing. You will be good enough to hand this copy to Mrs. Macdonald, and inform her that it is expected she will open the school each day promptly at 9 A.M. and that the hour for closing is 4 P.M. All the pupils should remain the full time the school is in session.

The Department understands that certain of the pupils are home each day about 3 P.M. You should inform Mrs. Macdonald that the dismissal of certain of her pupils at this hour should cease, and that it is hoped there will be no further cause for complaint regarding this matter.

It is expected that the new school building will be ready for occupation about the first of the new year. Living quarters for the teachers are provided in this building, and it is expected that they will occupy the same. You should inform Mrs. Macdonald accordingly, in order that she can arrange to move in when the building is ready for occupation.

It will also be necessary to secure the services of a second teacher to begin duties after the new year, and I will be pleased if you will make enquiries through Mr. Henry Conn, the public school inspector, or others, with a view to securing the services of a qualified teacher for the junior room in the new school. The salary allowed the second teacher will depend upon the qualifications which she possesses. You should submit the name, qualifications and experience of any applicant received by you.

Sir, —

In reply to your letter of the 9th. inst. and previous correspondence, with reference to securing an assistant Teacher, for the No. 1, Indian Day School, Walpole Island, beg to advise that I have called on Miss Fortner, and that she is willing to assume the position, of an assistant teacher for this school. She has attended High School, for three years or over, she is teacher of an Indian Sunday School Class, on the Island, and seems to be quite interested, in Indian Welfare. She is nineteen years of age, quite bright and clever. I feel that I could quite conscientiously recommend Miss Fortner, as an assistant teacher for this school.

I have just had a talk, with Inspector Conn, and he tells me that he has nothing in sight, at the present time for this position.

In reply I beg to say it is noted that, while Miss Fortner has no professional qualifications, her services might be satisfactory and that she is recommended by you for the position. The Department will approve of the temporary appointment of Miss Fortner as assistant teacher, to begin duties after the new year. Her retention in the position will depend upon the success with which she meets in her work. The salary allowed her will be at the rate of \$500 per annum, with any bonus provided by law.

It is hoped that the new school building will be fully completed and ready for occupation when the schools re-open after the Christmas Holidays, and you should see that all arrangements to this end are carried out.

You may inform Miss Fortner of her appointment, and you should inform the Department as to the date upon which she begins duties, and also her full christian name.

Sir,—

On my visit to Walpole Island yesterday, and in conversation with Mrs. Florence MacDonald, Teacher of the No. 1, Indian Day School, on the Island, she informed me that she was going to resign as Teacher of this school, unless her salary was increased to \$1000.00 per Annum. and no Bonus. She also stated that she would be willing to remain as Teacher of this school, for a few months, if we were not able to procure a suitable teacher. She said that she would expect to be paid at the rate of \$1000.00 per year, for the time she remains, as Teacher of this school. Madam:

I have to acknowledge yours of the 12th instant, referring to your religious denomination and your wish to obtain a position in an Indian school in Ontario.

In reply I beg to state that there will be a vacancy in an Indian school near Wallaceburg, Ont. in the near future. The position in question is that of Senior Teacher in a 2-roomed school where both teachers reside in a residence above the classrooms. The building is new and we are desirous of getting a lady teacher to supervise the education of the Indian children at this point. It is desirable, in connection with this position, that we find an incumbent who will take over the work more or less permanently.

The salary we are offering at this point is \$650 per annum, free residence and whatever bonus is allowed by law. At present the bonus is being paid at a rate of \$15 per month. The school year is ten teaching months, and the course of studies is that of the Ontario Department of Education.

If you wish to apply for this school, and the Department of Indian Affairs will await your reply before filling the position, will you support your application with letters of recommendation from the Reverend Canon Elliot of Carleton Place, and intimate to me the name and address of a public school inspector who has supervised your teaching in the past. This information is desired as soon as possible. It might be possible for you to pay a visit to Ottawa in this connection, and I will be pleased to have a personal interview with you. Sir, -

I have to acknowledge the receipt of letter of the 18th instant, enclosing the resignation of Mrs. Florence Macdonald, teacher of the Walpole Island, No. 1, Indian Day School, to take effect at the end of February, next.

In reply I beg to say that the resignation of Mrs. Macdonald is accepted from that date. Before leaving, she should prepare a return showing the attendance and days taught during the months of January and February and hand this return to you for transmission to the Department, in order that the balance of salary and bonus due can be paid.

Regarding the appointment of a teacher to succeed Mrs. Macdonald, I beg to say that, as you have already been advised, the Department has a qualified teacher in view and you will be informed in due time as to the name, salary, etc., of the teacher appointed, who will be ready to take up duties on the 1st of March, next.

OTTAWA, January 24th, 1922.

Madam, -

With reference to previous correspondence regarding your application for a position as teacher in an Indian day school, and also referring to the conversation held with you in the Department on the 20th instant, I now beg to inform you that the Department will be pleased to accept your services as teacher of the senior room in the Walpole Island No. 1 Indian day school from the 1st of March, next. The present teacher, who is resigning, desires to remain until that date in order that she can receive full bonus for the month of February. The Department has acceded to her wishes in this regard, and there will, therefore, not be a vacancy until the 1st of March, next, when, if satisfactory to you, your services will be required.

As you have already been informed, the salary allowed will be at the rate of \$650 per annum, free residence and whatever bonus is allowed by law. For the present fiscal year the bonus is paid to teachers in Indian day schools at the rate of \$15.00 per month.

The school will be conducted in a new building, with living quarters provided over the classroom for the teachers. We will have the teachers' quarters furnished, with the exception of bedding and linen.

An early reply, stating definitely as to whether you will accept the position offered and be ready to take up duties on the 1st of March, next, will be appreciated.

Any further information you desire will be furnished.

Madam, -

I have to acknowledge the receipt of your letter of the 10th instant, resigning your position as teacher of the Kettle Point Indian Day School, and applying for the position of primary teacher in the Walpole Island No. 1 Indian Day School, and enclosing a testimonial from the Public School Inspector regarding your past service.

In reply I beg to say that your resignation as teacher of the Kettle Point school is accepted from the 1st of June, next.

Regarding your request for the position of primary teacher at Walpole Island, I beg to say that we have another teacher in view for this position, and cannot, therefore, approve of your appointment to that school. We understand, however, that you have requested Mr. Agent Campbell, Deseronto, for a transfer to a school on the Tyendinaga Reserve. Mr. Campbell informs us that there will be a vacancy at the Mission school on the Reserve and if you desire a transfer to that school the Department will approve of the same, and will allow salary at the same rate as you now receive, viz: \$650 per annum, plus any bonus provided by law.

I will be pleased to hear from you at an early date as to whether you will accept the position of teacher of the Mission school on the Tyendinaga Reserve or not. As stated, we are unable to comply with your request to be appointed primary teacher at Walpole Island.

Madam,-

In reply to your letter of the 19th instant, I beg to say that the return forwarded by you for the September quarter, showed that you had taught 19 days during the month. There are 200 teaching days in the school year and in the case of a new teacher the Department pays for the September quarter for the number of days actually taught during that quarter, consequently, you were paid 19/200 of \$550.00 which equals \$52.25. From this we deduct an advance of \$35.00, leaving \$17.25 still due you, a cheque for which amount you have received.

For the December quarter you will be paid one-quarter of your yearly salary and a like amount for the March quarter. At the end of the June quarter, provided you have taught the full 200 days, you will be paid the balance of your yearly salary.

The September quarter bonus will be paid to teachers of Indian day schools when the December quarter bonus is being paid.

There has been a great deal of illness

Dear Mrs. Orme:

I have your letter of the 22nd instant, in which you intimate that your daughter, Margaret, is desirous of securing a position as teacher in an Indian school.

As you have heard, the two-roomed day school at Walpole Island is vacant, and, as yet, the Department has not secured incumbents. I am sure that your daughter would be quite suitable for the junior room, but I am extremely desirous of securing teachers for this school who are known to each other. If you are able to put me in touch with a second class Normal trained teacher, with experience, who would accept a salary of \$800 for the ten teaching months, supplemented by the bonus allowed by law, I should be pleased to offer the junior room to your daughter. The salary allowed the junior teacher is at the rate of \$700 for the ten teaching months, plus the bonus, which, at present, is at the rate of \$15 per month.

If you are able to secure the services of a properly qualified and satisfactory teacher, I shall be pleased if you will telegraph me without delay.

Yours truly,

J. D. McLEAN

This is to certify that I have known Mr Stewart E. Burns for a number of years. I can conscientiously and with pleasure testify as to his ability as a student and to his good moral condition.

I believe him to possess the necessary qualifications to make a successful teacher. Mr Burns is of a good family, much respected in the community. Three of the boys have obtained teachers certificates.

Dear Sir,

I was informed last evening by Mr. Edgin & G. Turnbull of Sarnia, that you require two teachers for the ensuing year in Walpole Island school.

After four years of successful High School Training I entered Stratford Normal School from which I graduated this year with a Limited Third Class Certificate. Although only 19 years of age I am physically developed beyond that age, a fact which should be an asset in any school. I am possessed with good habits and have tried to develop the moral side of my nature as well as physical and intellectual.

It will be my desire to further the interests of the community in which I teach. In religion I am a Presbyterian.

Dear Sir, — Mr R. St. Abraham has
very kindly offered to supply each child
in No 1 School Walpole with a tooth brush
for which we are most grateful.

Mr Connely, informed us, that
they could be obtained at ten cents
apiece through the Department, a
Hutax brush, I believe. Accordingly
there is enclosed a money order
for \$6.60 for sixty six brushes.

Mr Connely also suggested, on
my enquiry, that a dentist come out,
and fix the children's teeth. I have
arranged for Dr Weese to come out, but
the roads are bad and he has not yet
come. However when he does, I shall

report to the Department.

It has been suggested by the thinking people on the Island that, the Agency house, which is not occupied by Mr Paul, be used as a hospital, and that one room be fixed up for a dentist, and that he should come twice a month and the people as well as the school children could go for dental treatment. He could be paid partly from the Department & partly from the Indian people themselves (as the Doctor is paid). The Methodist & Anglican Missionary Societies would likely assist in the equipment of the Hospital. These people need teaching & help along hygienic & medical lines.

Madam,-

In reply to your letter of the 8th instant, with reference to procuring tooth-brushes for the children of Walpole Island No. 1 School, I regret to have to inform you that the supply of brushes which it was thought could be procured from the Naval Service is exhausted and it is impossible to secure any. Under the circumstances it will be impossible for the Department to forward the brushes.

With reference to that portion of your letter about having a dentist come to the reserve to attend to the children's teeth, the understanding was that you were to enquire what a local dentist would charge to come to the reserve to do this work and report this to the Department when the matter would be considered, and you would be advised if the arrangement was satisfactory. If you have definitely engaged a dentist to come to the reserve you should cancel the arrangement until you have reported fully to the Department as to the fees charged and the method by which the children's teeth would be treated.

The matter of fixing up the Agency house as a place where a dentist could practice cannot be considered by the Department.

Sir,—

I beg to acknowledge the receipt of your letter, of the 10th. inst. with reference to resignation, of one or both Teachers, at the Walpole Island, No. 1, School, at the end of the present school year. In reply beg to advise, that Mrs. Savage, the Principal of this school, has no intention, of tendering her resignation, and would like very much, to continue, as Teacher, of the No. 1, School, holding her present position. I might say, on behalf of Mrs. Savage, that she is getting good satisfaction, interested in her work, and producing good results. Harold Wells, her Brother, Teacher, of the Junior Room, does not intend to remain, any longer, than the present school year. Mrs. Wells, his Mother, who is also, the Mother, of Mrs. Savage, would like to take his place, as Teacher, of the Junior Room. And, I believe, is quite qualified to assume the duties, as Teacher, in the Junior Room. If she were engaged, then Mrs. Savage, and her Mother would be able to occupy the Teacher's Residence, in this school, in harmony.

Trusting that this arrangement may be successfully carried out, with the approval, of the Department, I remain,

In reply I beg to say that, in view of the services which Mrs. Savage is performing, the Department will approve of her re-appointment for the next school year. We have noted that her brother is resigning at the end of June, next.

Regarding the request that Mrs. Wells, the mother of the above named teachers, be appointed as teacher of the junior room to succeed Harold Wells, I have the request that you will state her age and the qualifications and experience which she possesses. 40-1-1.

Ottawa, April 1, 1924.

Sir:

I have to inform you that Mrs. Harriette Masperson, formerly senior teacher of the Walpole Island No. 1 Indian Day School, is desirous of returning to Indian work. She intimates that there was some understanding that she was to have the Walpole Island No. 1 School again. I should be pleased if you would comment on any promises that you may have made to her in this connection.

Mrs. Masperson's mother, Mrs. E. MacDougall, has applied for the junior room at Walpole Island No. 1, on condition that her daughter secures the senior room. Please let me know without delay whether you consider Mrs. Masperson and her mother would be more satisfactory for this school than Mrs. Savage and Mrs. Wells, the two teachers who are at present in mind for the academic year 1924-25.

Your obedient servant,

J. D. McLEAN

LETTER NO. 17-2-1

DEPARTMENT OF INDIAN AFFAIRS
CANADA

CHATHAM, ONT. April 7, 1924.

Dear Sir:

I wish to acknowledge receipt of your letter of 40-1-1 of April 1, in respect to the Indian Day School at Walpole Island. So far as I was concerned there was no promise to Mrs. McPherson in any way that she would have the Walpole Island school when she wished it.

The question as to whether Mrs. McPherson and her mother would be better suited to Walpole Island than Mrs. Savage and her mother Mrs. Wells, I would not be in a position to say, as I do not know what kind of a teacher Mrs. McDougall would make. So far as Mrs. Savage and Mrs. McPherson are concerned both are very good teachers, and both have good qualifications. Of course Mrs. Savage has a professional second class certificate, and has had many years of experience in some of the best schools in this vicinity, including a large school in the city where she taught for some years.

I understand that Mrs. Wells taught school a number of years ago. The objectionable feature in connection with Mrs. McPherson coming back, was the fact that her younger sister, was too much inclined to run around with some of the Indian boys. Of course that objection would be removed if Mrs. McDougall takes her place.

I think the school would be well served in either case, from the standpoint of efficiency. I do not think it would make very much difference.

Personally I would not be in favor of dismissing Mrs. Savage, as the Indians seem very well satisfied with the present conditions. The missionary just the other day

No. 40-1-1

TO DATE OF THIS LETTER
21st. 1924.

Sir,—

I beg to acknowledge the receipt of your letter, of March, 21st. and also April, 2nd. with reference to the teacher, of No. 1, Indian Day School, Walpole Island. With reference to Mrs. Wells, as a successor, to her son, Harold Wells, who is the teacher, of the Junior Room, and in answer to your letter, of March, 21st. I beg to inform you, that her age, is 57, and looks much younger. She has a good public school education, and has attended the Emerson College, of Oratory, at Boston, Mass., for two years. I might say that Harold Wells, only intends to remain, on the Island, till the end of the present month, and that Mrs. Wells, will teach the Junior Room, for the months, of May and June. I might further state that Mrs. Wells, only intends to remain, on the Island, as teacher, till the end of the present school year, June, 30th.

Mrs. Savage has a friend, Hilda Lamb, a High School Graduate, now attending the Normal School, at Winnipeg, Man. who when, her normal term is completed will be a fully qualified teacher. Miss Lamb, has agreed if necessary, to be an assistant to Mrs. Savage, at the No. 1, Walpole Island School. I might further state that I made no promises, whatever, to Mrs. R. McPherson, in fact, I expected her and her sister, to return to the Island, and open the school, after the summer holidays. The first intimation that I had that she was not coming was on the 13th. day of August, less than three weeks, before school, was to re-open again, when I received an official notice, from the Department.

With reference to Mrs. Savage, I believe that she has done good work, since coming to Walpole Island, and any of the Indians, whom I have talked to, are well satisfied, and believe her Mother, is quite capable of looking after the Jr. Room, to the end of the present year, or longer, if she could be secured.

J. D. McLean, Esq.,

Madam:

I have your letter of the 29th ultimo, addressed to the Superintendent of Indian Education, in which you apply for your former position as Senior Teacher of the Walpole Island No. 1 Indian Day School. I have to inform you that the present incumbent of the senior room wishes to continue her services at this school. There is a vacancy at this school for one teacher, and, if you are interested, I shall be pleased to hear from you without delay, as there is another fully qualified applicant.

The Superintendent of Indian Education reports that he has given careful consideration to the advisability and possibility of transferring Mrs. Savage, the present teacher, to some other school in the vicinity. There are two schools where the services of the present teachers are not wholly satisfactory, but no residences are provided, and further, the salaries are at the rate of \$600 and \$650 for the ten teaching months. The activity at the two schools mentioned is such that the Department cannot allow an increased item for teacher's services, and therefore, overtures to Mrs. Savage concerning her transfer cannot in fairness be made.

As intimated in the first paragraph of this letter, there is one vacancy at Walpole Island No. 1 School. If you are interested, I shall be pleased to have your application without delay.

DEPARTMENT OF INDIAN AFFAIRS

CHATHAM, ONT. April 7, 1924.

Dear Sir:

I am enclosing, herewith, a list of the school children at Walpole Island who should be attending the No. 1 day school. You will note that there are fifteen or sixteen children who have never been to school. Some of these children are 12, 13, and 14 years of age. Of course there are some of them at a considerable distance from the school, the public school. I think it would be advisable to send them to one of our residential schools.

See file 100-40
I might say that there has been nothing done in regard to the Greenbird Williams children or the White children. I think it would be advisable to appoint a new Truant Officer. There is no excuse now at Walpole Island. There is adequate school room for all the children, and it is evident to me that the present Truant Officer is not doing his duty. I would recommend that Allen Isaac be appointed as Truant Officer for the No. 1 school, also the No. 2. I do not know the exact amount of money the Truant Officer receives at the present time, but I believe it would be good policy to pay at least \$100.00 per year.

I might point out that Walpole Island is in exceptionally bad condition in respect to school attendance and something should be done to relieve the situation.

Sir:

I have your No. 17-2-1 of the 7th instant, with reference to the non-attendance at the Walpole Island No. 1 Indian Day School of a large number of Indian children in the vicinity. The case of the children of Joshua White has engaged the Department's attention, following your letter of the first ultimo; but I regret to inform you that the Whitebread School District cannot consider allowing them to attend the public school, because of lack of accommodation. Mr. Indian Agent Paul has been instructed to apply for the admission of the White children to the Mt. Elgin Indian Residential School.

Unfortunately, vacancies in Indian residential schools in Eastern Canada are so few, that a genuine effort to relieve the situation at Walpole Island cannot be undertaken at the present time. The question of the appointment of Allen Isaac to the position of truant officer for both the No. 1 and No. 2 schools, at a salary of \$100 per annum, is being referred to Mr. Indian Agent Paul for recommendation. The Department views your suggestion favourably.

The conversation referred to in the letter hereunder ended when Mrs. Macpherson informed me that she was not interested in one room at Walpole Island; and she further stated that, although she wanted to do Indian work, she would not consider any school unless her mother could be given the junior room. I asked her to write to this effect and she promised she would. Much to my surprise, I received her letter of the 24th instant saying that she would like one room at Walpole Island.

I have noted that she accepts her former position as senior teacher "as offered me." No offer of this kind was made. I promised consideration would be given to the question of who was to be senior teacher if she accepted a vacancy at Walpole Island. In official letter of the 14th ultimo Mrs. Macpherson was offered "a vacancy" at this school.

Sir:

I have to inform you that Mrs. Harriette Macpherson, formerly Senior Teacher at the Walpole Island No. 1 Indian Day School, wishes to secure a position in one of the Indian schools at Walpole Island for the coming academic year. As you are aware, there will be one vacancy in the Walpole Island schools, as Mrs. Wells is giving up duty at the end of June.

The Department wishes to give Mrs. Macpherson's application favourable consideration. She is willing to take either room in No. 1 School or the No. 2 School. If she takes the junior room at Walpole Island No. 1, she will be content to have one of the up stairs rooms only as her share of the residence, as she would arrange to rent a cottage in the vicinity.

The Department will agree to any arrangement which is considered in the best interests of the Indian children of the Island. If Mrs. George wishes to transfer to the junior room at Walpole Island No. 1 at the same salary she is now receiving, this action can be taken. If Mrs. Savage wishes to transfer to the No. 2 School because of the better residence facilities, such action would be approved.

Please give this question your careful and earliest consideration and discuss the matter with Mr. Indian Agent Paul as well as with both Mrs. Savage and Mrs. George. A copy of this letter is being directed to Mr. Indian Agent Paul, so that he will be prepared to make an intelligent recommendation when you get in touch with him.

LETTER NO.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

CHATHAM, ONT. June 14, 1924.

Dear Sir:

In reply to your letter of May 30, No. 40-1-1, I beg to say that I have interviewed Mrs. George and Mrs. Savage, teachers at No. 2, and 1, respectively. Mrs. George feels that she should not be asked to move from this school at the present time. She has just got there, and got acquainted with the people, and the school. I do not think it would be fair to her or to the people, who are very much pleased with Mrs. George, to ask her to move. I

On the other hands, Mrs. Savage is very agreeable to make any arrangements that would be satisfactory to the Department. She states that she would be willing to accept your terms as offered in your letter of the 30th, to let Mrs. McPherson take the junior room at the No. 1 school, and that she would be perfectly willing to allow her to have the room under the conditions specified in the letter.

I presume that Mr. Paul is also making a report, as he was with me when I discussed it with Mrs. Savage.

Trusting that this will be satisfactory,
I remain

J. D. McLean, Esq.,
OTTAWA.

Yours truly,

R. RH. ABRAHAM,

Madam:

I have to refer further to your application for a position as teacher at an Indian school on Walpole Island. After fully considering the arrangements that will exist for teachers during the next school year, the Department will be pleased to accept your services as teacher of the Junior Room at the Walpole Island No. 1 Indian Day School. The salary allowed will be at the rate of \$700 per annum, which will be supplemented by any bonus that may be provided by law. Payment of salary and bonus will be based on ten teaching months in the year. If you accept this offer, you should be ready to begin duties when the school re-opens after the coming summer holidays, on or about September 2nd, next.

In the event of your acceptance of the above position, you will have the use of one of the upstairs rooms only as your share of the quarters provided for a teacher's residence. Mrs. Savage, the senior teacher, is to have full responsibility for the general management of the school and you should join with her in every effort to make a success of the work at this school.

I shall be pleased to have your acceptance of the above offer at your early convenience, stating at the same time whether you will be ready to begin duties on the date mentioned, in order that we can inform Mr. Agent Paul accordingly.

Madam:

Your telegram and that of Mrs. Savage of the 1st instant has been received. The resignation of Mrs. Savage as senior teacher of the No. 1 School on the Walpole Island Reserve is accepted from the 1st instant. In this connection I beg to confirm the following day letter of today's date which has been sent Mrs. Savage, Wallaceburg, Ont. -

"Your resignation accepted. October salary will be allowed. Inform Mrs. Macpherson she should take over temporary responsibility for school as from today's date and Mrs. McDougall is temporarily appointed assistant at salary of \$600 plus bonus."

You are to assume responsibility for the management of the school, and the temporary appointment of your mother, Mrs. McDougall, is approved. You may take charge of the senior or the junior room - whichever you consider the most advantageous arrangement for carrying on the classroom work. It may be that you can devote considerable attention to the work in both rooms, and assist and advise your mother in the classroom activities. The salary allowed you as Principal will be at the rate of \$750 per annum, and Mrs. McDougall will be paid at the rate of \$600 per annum. Both salaries to be supplemented by the bonus provided by law, and payment of same to be based on ten teaching months in the year. As Mrs. McDougall has no professional qualifications, the above salary is all that can be allowed.

When preparing your return for the current quarter, please include the number of days taught by Mrs. Savage, and make a note on the return of the date on which she gave up duties and when Mrs. McDougall assumed charge. We are forwarding one month's salary to Mrs. Savage upon receipt of a brief report as to the number of days taught.

We are informing Mr. Agent Paul in accordance with the contents of this letter.

We hope that you and Mrs. McDougall will meet with every success in the work at this school. I may add that Mrs. McDougall's retention will depend upon the success which is met with by her in the work. I shall be pleased to hear later as to the arrangement you have made for the conducting of the classroom activities and whether you or your mother have taken charge of the senior room.

Mr. Russell T. Ferrier,

Dept. of Indian Affairs,

Dear Mr. Ferrier,-

Replying to your request re teaching arrangements at No. 1 Indian Day School, beg to state that my mother is teaching in the Junior Room while I have taken charge of the Senior Room.

Should it be necessary to help or advise her, will certainly do so, but the present arrangement is very satisfactory. I have taken the remainder of the First Class into my room and this divides the number of pupils attending in each room, more evenly. At present there are 33 pupils enrolled in the Junior Room and 32 pupils in the Senior Room.

As the principal work in the Junior Room consists in instructing the children in the English language and in the rudiments of education, I feel confident that my mother who has had much experience with children and who has a natural ability for teaching, will make a success of her work there.

Dear Mr. Larrier:-

Would you kindly tell me what action should be taken in the case of an Indian who absolutely refuses to send his boy to school. The child in question is about 13 years of age. He has only attended school 3 days in the past 5 months and all efforts of the Truant Officer to compel him to attend regularly, are fruitless.

The boy's sister attends but the father has become stubborn in the case of the boy. The man is just ignorant enough to maintain his stand, encourage other Indians to follow his bad example and to openly criticize the whole school system.

the boy is his son

I would advise, very strongly
that this boy be sent to

as Mr. Sande, acted in the
same manner with an
older son when my predecessor

The same action should
be taken in the case of the

age, do not attend the

These are the only two
cases of non-attendance

Madam:

I have your letter of the 8th instant, regarding the case of the three children mentioned by you whose parents refuse to send them to the Walpole Island No. 1 Indian Day School. We note that all the efforts of the truant officer to induce their attendance are fruitless.

Mr. Agent Paul is being communicated with, and requested to state whether he would advise that action be taken under Section 10 of the Indian Act to compel their attendance, or whether he would advise that they be committed to an Indian residential school. We hope that the Agent will give this matter his serious consideration and inform the Department as to what he would advise be done.

Sir:

The Department has received a communication from the teacher of the No. 1 school on the Walpole Island Reserve, drawing attention to the case of 3 children who do not attend school in spite of the efforts of the truant officer. She especially refers to the case of the son of Silas Sands, who is 13 years of age and has only attended school 3 days during the past 5 months. She states that this boy's father absolutely refuses to allow him to attend, and is encouraging the other Indians to follow his example. Another case is that of the 2 Chaubway boys - Chester and Floyd - who, although of school age, do not attend the junior room. She states that the parents in both cases have become quite insolent and openly criticize the school system, and suggests that these boys be placed in a residential school.

I have to request that on the occasion of your next visit you will enquire into these cases and report whether you would advise that action be taken under Sub Section 3 of Section 10 of the Indian Act. It may be that if a fine was imposed on the parents it might prove of salutary effect and induce them to send their children to school, or you should state whether you would advise that these children be committed to a residential school. The Department will expect a reply at an early date, stating your opinion as to what action you would advise be taken in the case of the son of Silas Sands and the two Chaubway boys. We are informing the teacher that you have been requested to report as to the action you recommend be taken in the case of the above mentioned children.

Sir:-

I beg to acknowledge the receipt of your letter, of the 13th inst. with reference to a communication, which the Department received from the Teacher, of the No. 1, School, on the Walpole Island Reserve, drawing attention, to three children, who do not attend school, regularly.

In reply, beg to advise, that I took up this matter, with the parents, of those children. The Shobway children, are now attending school, every day, and have promised regular attendance. Silas Sands has also promised that he will send his boy, as regularly as conditions will permit. He also stated, that he was going to try, and have his children placed in a Residential School. Those children have a long way to go to school, I would say three miles or more, and I believe that it would be in the best interest of those children, to have them placed, in a Residential School.

Sir:

I have your letter of the 28th ultimo, regarding the three children on the Walpole Island Reserve, who, the teacher of the No. 1 School stated, did not attend regularly. It is noted that the Shobway children are now attending school each day and that the Sands boy will attend as regularly as conditions permit.

It would, no doubt, be in the best interests of these children to have them placed in a residential school, and you might communicate with the Principal of the Mt. Elgin Institute, with a view to having them sent to that school after the coming summer holidays. If this school will have no vacancies, arrangements might be made to have them placed in the Mohawk Institute, Brantford. Dear Sir:-

Would you kindly advise re the following -

① This year there are 85 pupils attending No. 1. School, with prospects of more coming. There is only seating accommodation for 75 pupils. In the Sr. Room, 45 pupils are attending daily, necessitating, using chairs, tables and extra seats, all of which is very detrimental to proper class recitation and discipline. The cloakroom is only 12 feet square with 36 hooks for children's wraps. Naturally it is almost impossible to call school and dismiss in this congested space. Would it be possible to use the upstairs of the teacher's residence as another classroom for the 7th and 8th grades and

use the kitchen as a separate entrance for the boys. Thus using ~~the~~ whole building for a school. Several influential Indians suggested that the Dept. might consider erecting a dormitory at the rear of the school and using this as a resident school.

(2) Failing the dormitory plan, would the Dept. kindly make arrangements to have the children conveyed to and from school, especially during the cold weather. At present there are children walking a distance of 6 miles daily (3 miles to and 3 miles from school), while those on Squirrel and St. Anne's Islands cannot walk the distance at all and consequently are receiving no education at all.

(3) The former teacher, Mrs. Grace Savage who is staying on the Island took the clothesline (a wire one) from the school on Sept. 8th claiming it was hers. Through I had left a clothesline here.

Madam:

I have your letter of the 10th instant and I note, with satisfaction, that the enrolment at the Walpole Island No. 1 Indian Day School is very satisfactory. The Department cannot give favourable consideration to erecting dormitories for the children nor to the suggestion that the teacher's residence be used as another classroom. If the attendance warrants it, the Department might favourably consider erecting a third classroom. In the meantime, to avoid overcrowding, it might be advisable to re-arrange the classes and to refuse admission of those children who are under 7 years of age.

I regret to state that it is not the practice of the Department to convey children to and from Indian day schools. With reference to the clothes line, you should make application to the Indian agent.

I also regret that the Department cannot give favourable consideration at the present time to an increase in salary for the two teachers. Our funds are extremely limited this year. When the bonus was discontinued, the salaries of all day school teachers were increased \$15 a month and applications for further increases cannot be given favourable consideration.

Primer and ²⁻³ Senior Primer.

In the Senior Room the attendance averages 40. Here there 6 classes or grades, as follows. - Senior 10th. (Grade 8.) Gen. 11th. (Grade 5). Senior 11th. (Grade 6.) Junior 11th. (Grade 11.) Senior 1st. (Grade 11 A. and Junior 1st. (Grade 11-B.) This necessitates, teaching each of the higher subjects, six times a day (once to each class.) In this Senior Room we are so overcrowded that we are using 3 tables at the rear of the class-room and 6 of the big double seats from the little old school at the front of the class-room.

The grading in this room which is according to age and ability, meets with the approval of Mr. Conn, the Public School Inspector and Indian Agent Paul. All children in the Senior Room are over 10 years of age.

Mr. Abraham's suggestion that the First Class (Grades 4 A. and B) be sent back to the Junior Room is not practical. There are 15 pupils in these classes so

consequently there is not seating capacity for them. Added to this, the seats which were installed for a kindergarten grade are much too small for 1st. class pupils. Their average age is 12 years and already they have been kept back in the Junior Room because of irregular attendance, until now it is only fair that they should be left as senior graders.

Also have any steps been planned to remedy the smoke conditions in the Junior Room. It is so filled with smoke each morning that the children cannot even go in. After the opening exercises, they must play outside for an hour or so until the class room is fit for occupation. Added to this the pipes are dropping creosote all over the floor. There is one large puddle 3' square on the floor, which is eating into the boards. The odour from this

liquid is ^{4.}most of noxious

On the Indian Regent's last visit
to the school, two weeks ago he
admitted that the matter

belief is that even a new chimney

I might also add, that the
winter supply of school wood

Madam:

I have your letter of the 12th instant and I note that you consider the attendance at the Walpole Island No. 1 Indian Day School warrants the establishment of a third class. I regret that there are no funds available for the providing of either the building or the equipment necessary for this purpose, and further, the Department cannot contemplate extending its educational system at Walpole Island at the present time. With reference to the use of tables at the rear of the senior classroom, I have to suggest that more desks be installed, if you feel that some of the less advanced pupils should not be placed in the other classroom. Would it not be possible to put the Grade 2 A in the junior room so as to make a more even distribution of the children and the work. The plans for this building indicate that each classroom will hold 40 pupils.

Dear Sir:-

I beg to advise that on account of an outbreak, of Scarlet Fever, at No. 1, School, Walpole Island, I have deemed it expedient to quarantine, and close this school. The patient being the Teacher's Son.

There is one Indian Family, in quarantine, for Scarlet Fever, but today I saw a family, which had Scarlet Fever, two weeks ago, but did not report to me. Since the opening of school, term, the children of this family, have been attending No. 1, School, and this is no doubt, the source, of the last case. In order therefore, to stamp out this Epidemic, I would appreciate a little more co-operation, from the Indians, who seem to endeavour to escape quarantine.

Fortunately, the disease, is of a mild type, and no fatal case has occurred yet.

The general health, of the Reserve I am pleased to state is excellent.

Yours very truly,

Inclosed find copy of letter just received, from Dr. R. D. This makes the fourth case, of Scarlet Fever, of the families and children, attending No. 1, School.

I think, that Dr. Cowan acted wisely, in quarantining, the No. 1, School, and Teachers. As Mrs. McDougall, who is teacher, of the Junior Room, and her daughter, Mrs. McPherson, and family, live together.

In reply I have to say that the action taken is approved. It is noted that, besides the case of scarlet fever in the teacher's family, there is an Indian family in quarantine. You should cooperate with the doctor, with a view to enforcing any regulations which he recommends towards the eradication of this disease. Sir,-

In reply to your letter of the 14th instant, with inclosure, I beg to say the Department approves of Dr. Cowan's action in having placed under quarantine certain families on the Walpole Island Reserve where cases of scarlet fever have developed. The Department notes the doctor's statement that he would appreciate "a little more co-operation from the Indians who seem to endeavour to escape quarantine". If you and the doctor are of the opinion that a guard is necessary to enforce quarantine, a man may be engaged for the purpose, but the Department desires to impress upon you that no unnecessary expense should be incurred yet every effort must be put forth to stamp out the disease on the reserve as quickly as possible.

It is assumed that Dr. Cowan has notified the Provincial Health Officer with regard to the scarlet fever cases. If not, he should do so without delay.

Kindly keep the Department informed with regard to the fever cases.

Your obedient servant,

J. D. McLean
Asst. Deputy and Secretary.

Sir:

I have your letter of the 14th instant, enclosing copy of a communication which you received from Dr. Cowan reporting an outbreak of scarlet fever at the No. 1 School, Walpole Island, and stating that, as the teacher's son has developed this disease, he deemed it expedient to quarantine and close the school.

In reply I have to say that the action taken is approved. It is noted that, besides the case of scarlet fever in the teacher's family, there is an Indian family in quarantine. You should cooperate with the doctor, with a view to enforcing any regulations which he recommends towards the eradication of this disease. It is hoped that no further cases will develop and that the school will be re-opened at the earliest possible date. I shall be pleased to hear from you, later, as to the probable date of the re-opening of this school.

LETTER NO.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

OFFICE OF THE
AGRICULTURAL REPRESENTATIVE

CHATHAM, ONT. Oct. 2, 1926.

Dear Sir:

I am enclosing, herewith, a letter which was handed to me by Walter Sands, one of the store keepers at Walpole Island.

In explanation, I might say, that Walter Sands came over to my office and told me a long story about his boy being expelled from school for misbehaviour. He stated at that time that he was ready to back the teachers in every way in trying to control the boy; he said the boy was willing to promise to be good if allowed to go back to school. I advised Mr. Sands to get in touch with the Indian Agent, Mr. Paul.. You will note that his letter states that he had been in touch with Mr. Paul, but that the teachers would not allow the boy to go back to school, unless he promised not to talk about them any more. This, he claims, he refused to do on the grounds that he did not think that this had anything to do with his son's conduct.

While at Walpole Island on Monday last, I went with Mr. Paul and saw the teachers. We discussed the matter of allowing the boy to come back. Finally after a great deal of persuasion the teachers agreed to allow him to come back if he promised to behave himself, and if the father would promise to assist them in every way possible. We, therefore, brought the father and boy over to the school. The boy agreed to behave himself in the future, and the father agreed to assist the teachers as much as possible.

I might say that we asked both parties not to bring up any of their grievances at this conference, as it would only lead to further trouble. Notwithstanding this, when Walter Sands and his son were leaving, the teachers subjected him to considerable abuse, calling him a jail bird and a number of other terms to which he objected. The father then said he did not think it would be any use sending the boy back, if the teachers maintained that kind of attitude.

However, we talked it over with him and he has started the boy back to school, but I do not think the settlement between the teacher and Sands is permanent. I feel confident that the boy will be an angel if he escapes being expelled again, and the teachers will be severely condemned by Sands if his boy is punished for misdemeanour.

I believe that Mr. Paul intends writing you in regard to this as well.

You will also note in the letter that I am enclosing, that several other Indians are making complaints against the teachers. I also understand that the whole matter is to be aired in the Indian Council on Monday.

I remain

Yours truly,

Oct. 20th. 1926.

Mr. Russell T. Ferris,
Dept. of Indian Affairs,
Ottawa.

Dear Sir:-

As you are no doubt now aware, there has been considerable trouble caused in this school by an Indian - Walter Sands - owing to the fact that I was compelled to expel his son, Emerson, for continued smoking, disobedience and insolence during school hours.

Mr. Paul, the Indian Agent after a consultation with the boy and his parents, upheld my decision but Mr. Abraham, the Agricultural Agent, came to the school and insisted that I allow the boy to return, on the terms he laid down, even humiliating me to the extent of making me promise to do as the boy's father wished with regard to his son etc.

(2)

Since returning to school, the boy is still causing trouble and consequently the discipline which has been excellent, is hard to maintain. He bullies the younger children, destroyed a water colour map on a senior girl and resents any authority.

Mr. Copn, the Public School Inspector, on observing the boy's attitude in school, says he should never have been allowed in again and that upon his next offense, he should be expelled permanently and sent away to boarding school as the home conditions are so immoral and unfit for the upbringing of children.

The boy's father, Walter Sands conducts, a low dance hall which has always been a source of trouble on the Reserve. Further information re this side of the matter, may be obtained from Rev. G. Clayton, United Church minister who resides next to these Sands or Inspector Nelson of the Canadian Mounted Police of Windsor.

(3)

Mr. Abraham instructed me not to whip the boy as this would annoy the father, but rather to overlook all his offenses which are most flagrant.

Kindly advise re this case as the boy who is 14 years old, feels that he can do just as he wishes in school, while Mr. Abraham has practically tied my hands by saying I must not punish him.

I might add that I have prepared this pupil twice for his Entrance examinations and he has failed both times, so little further can be done for him here along educational lines.

With ~~the~~ regard to the petition which Mr. Abraham obtained from this Walter Sands to forward to you, might I, as a great favour, be allowed to see a copy or have Mr. Paul show me a copy of same as I have been informed by Indians that their names were written on without their knowledge or

permission, as in the case of Allan Isaac, the truant officer.

I also understand, that few if any of those who signed have children attending this school although the originators of the petition combed the Island for signatures.

Thus as an act of justice I feel that I should be entitled to see a copy of this petition.

Awaiting the Department's advice in this matter,

TO DATE OF THIS LETTER

Sir,—

I beg to acknowledge the receipt of your letter, of the 26th. inst with reference to difficulty, at the Walpole Island, No. 1, School, caused by Walter Sands, and his son, Emerson.

About four weeks, ago, the teacher, Mrs. McPherson, suspended Emerson Sands. One, of the faults, were, that Emerson, was smoking around the school, during recess, and I am told, asked to go out, and when out, indulge, in smoking a cigarette, and generally very mischievous. Emerson is about 14 years, old. I investigated the matter, without success, on Sept. 22nd. I again, investigated the matter, in company with Mr. Abraham, on Wednesday, Sept. 29th. when we were able to have suspension raised, and the boy allowed to return to school, and I believe that he has been going regularly, ever since and I have heard no complaints, since the 29th. of Sept. I might add, that this matter, was not aired in any form, at the last Council Meeting.

I have always considered, Mrs. McPherson, very earnest in her work, as a teacher. I would not advise any further action, at the present time.

Madam:

With further reference to your letter of the 20th ultimo, concerning difficulty caused by Walter Sands and his son at the Walpole Island Indian Day School, I wish to state that all pupils at the school are subject to regular classroom discipline. If it is necessary to punish Emerson Sands, do not hesitate to do so; but, in view of the correspondence that the Department has had in this connection, I have to request that you will use considerable tact in dealing with this boy and that you will take no drastic action, such as expulsion, without reporting the matter to the Indian Agent and securing his approval.

The Department does not wish to condone the action of this boy or his father; but I am convinced that some of the difficulty has been caused by your own attitude to Walter Sands. I believe you would be well advised to pay less attention to matters which are not definitely connected with your work among the children of the reserve.

"This pupil, Earle Thomas, 14 years of age, is a chronic nuisance to any school. He has only attended 11 days out of the 55, yet during that time he broke one of the large school windows and wrote filthy notes accompanied by filthy pictures. Unless placed in an institution he will develop into a moral degenerate. His father is dead. His mother lives with another man to whom she is not married. Earle receives a pension from the Soldiers' Civil Re-Establishment at London, Ont., as his father died of war injuries. He will also own considerable property when he comes of age. 19.

EXD

Ottawa, January 25, 1927.

Sir:

The teacher of the Walpole Island No. 1 Indian Day School has drawn attention to the case of two pupils, viz. Earle Thomas, age 14, and Violet Pinnance, age 10, whom she recommends be placed in some school where they will receive proper training.

She states that Earle Thomas has only attended 11 days during the December quarter, and that, during that time, he broke one of the large school windows. She states that Earle receives a pension from the Soldiers' Civil Re-Establishment at London, Ont., as his father died of war injuries. I shall be pleased if you will state to whom this pension is paid. If you have the information, you should give the name of this boy's father, his regimental number and the unit with which he enlisted. If this boy should be placed in a residential school, it is considered that his pension should be forwarded to the department and administered from here.

Relative to Violet Pinnance, I beg to say that this girl's grandmother, Mrs. Esther McCoonse, was appointed her guardian, as her father was killed overseas and her mother is also dead. In this connection I would refer you to official letter of April 1, 1919. If this girl's grandmother does not provide a proper home for her, and she is not attending the day school regularly, the question of placing her in a residential school should be considered, and also the having of her pension money sent to the Department to be administered for her.

I shall be pleased to have a full report from you regarding the case of these two pupils, stating whether you would recommend that they be placed in residential schools, and if a request should be made to have their pension money transferred to this Department to be administered for their use. You might also state with whom Earl Thomas is living, and to whom his late father's pension is paid. Your early attention to this matter will oblige,

Sir:-

In reply, to your letter, of the 25th. ult. with reference to the report, of the Teacher, of the No. 1, Indian Day School, Walpole Island, with reference to the case of two pupils, viz:- Earle Thomas, age, 14 and Violet Pinnance, age, 10, whom she recommends, be placed in some school, where they will receive proper training.

Morgan Thomas, was the father, of Earl Thomas, enlisted in the 149th Battalion, regimental No. 845376, I believe that the pension, is paid to his grandfather, and guardian, Wm. E. Wahdee, Sr. I believe that this boy's attendance, at the Indian Day School, is very irregular.

Relative to Violet Pinnance, this girl is living with her grandmother and guardian, Mrs. Esther McCoonse, and the teacher reports, that she attends school, very regular, in fact, every day. Judson Pinnance, who was the father of Violet Pinnance, was killed overseas. He enlisted in the 149th. Battalion, regimental No. 845113.

The Department, of Soldier's Re-Establishment, is working on those two cases, and apparently making arrangements, to have them placed, in the Protestant Orphan's Home, in the City of London, with arrangements almost completed. I believe that it would be in the best interests, of those two children, if they were placed in a home of this kind, and will advise the Department if anything definite takes place.

Your obedient servant,

J. D. McLean, Esq.,

Sir,-

I have your letter of the 10th instant, furnishing information regarding the case of two pupils, namely, Earle Thomas and Violet Pinnance, who have been regularly attending the Walpole Island No. 1 Indian Day School.

We have noted, in each case, the person to whom the pension which is being allowed is paid, also, particulars regarding the regimental number, etc., of the father of each of these pupils. We have, also, noted that the Department of Soldiers' Civil Re-Establishment is endeavouring to make arrangements to have these two children placed in an institution in the city of London. I should be pleased to hear from you later as to whether they were successful in carrying out this arrangement and, also, if the amount of the pension received in each case would be sufficient to provide for their maintenance and tuition.

Mr. T. Paul,
Indian Agent,
Sarnia, Ontario,

Dear Sir:-

would you kindly request the
Indian Dept. to consider our
application for an increase in
salary to begin with the new
school term in Sept.

This application is based on the
fact that both Mrs. Macdougall, the
Junior Room teacher and myself
have carried on the school work
here, most successfully for
approximately three years. We
have a large school of nearly
75 pupils to handle. Last year
by hard and careful preparation
we had two successful candidates
at the Ontario Entrance Examination
held in Wallaceburg. They were the
first in the history of this Reserve
to pass direct from the Day School.

2.

This year 4 pupils wrote their High School Entrance Examination. The two who wrote for admission to the High School at Algonac Mich. were successful. To date the results have not been published for those who tried at Wallaceburg but I feel confident that one, if not both will be successful.

Everything points to the fact that the school year of 1927-1928 will be the most successful of any in the past and so we feel that Dept will look favourably upon our request for an increase in salary. Especially so, because there are so many outside demands upon the teacher's salaries to keep our school foremost in the ranks of schools in this district. At present we helping the school children prepare a "Portfolio" to be exhibited at the Toronto Exhibition under the auspices of the Junior Red Cross Society of Canada. Our own expense

to date, in ³this matter has been
nearly \$20. It is these and similar
expenses which leave us a very
small margin for living expenses.
I might state in closing that this school
was selected by Inspector Smith B.A.
of Chatham, Ontario as the highest
type of Indian school in this part of the
country. He brought the British Overseas
Teachers who were teaching in Canada
for the year, out to see our
school, although he is not our
Inspector.

I trust this application will
meet with your approval,
I remain,

Dear Sir-

I feel quite pleased to be able to inform you that three of the four pupils who tried their Entrance Examinations from No. 1. Indian School, Walpole Island, were successful. Phelma Whyte plans to go to Wallaceburg High School, while Charles Jacobs and Evangeline Christie wish to attend the High School at Algonac, Mich. - just across the River from the Reservation.

Our only failure this year, as last, was Emerson Sands. Kindly advise what would be the best action to take with this boy. He has tried his Entrance for three successive years and failed each time. He refuses to submit to discipline, is a constant smoker during the school day. He causes untold bother in school and is either 15 or 16 years old. Mr. Conn, the Inspector on observing his attitude, strongly recommends that he should be expelled but I would like the Dept's advice in the matter as I do not feel that after three chances the boy should be allowed to

take up time the other pupils are

again prepare for Entrance work
which he will never pass.

might add that he is naturally
a clever, likeable boy but has no
home training and his parents have
always encouraged him to oppose the
Teachers and all in authority.
Last year, his father, Walter
Sands, came to the school and
abused my mother and myself
in front of all the pupils, saying
things and making statements
which really left himself open for
court action. The boy takes his
attitude from his father who tells
him he may do as he likes at
school, and as Mr. Abraham
sided with the father, it made
matters very unpleasant. This year
it would be best, if your Dept sees
fit, to have the boy continue his
education elsewhere - best for the
boy and best of the discipline of the
school.

Please advise in this matter
at any early date. Could you not
include our school, if you make a
tour of inspection this year. Both
teachers and pupils would feel
highly honoured. There are matters
which could be discussed more
satisfactorily than by correspondence.

Dear Mr. Perkins,

Recently a very unpleasant incident occurred on this Reserve, which may or may not, have been brought to your attention.

Walter Sando, the Indian who forwarded the petition to have us taken from this school, two years ago and has caused so much trouble about his boy Emerson - struck the United Church Missionary Rev. G. M. Clayton several times with his fists in the face and tried to hit him with his stick. Mr. John Bachus, the Customs official intervened and pulled the Indian off. A charge of assault has been laid and the trial is to be held in a week. As Walter Sando has always been a menace to all the white people, no small amount of interest is attached to the trial. The missionary lawyer is anxious that we should be called for.

No. 1. Indian Day School

R. R. No. 3. Wallaceburg, Ontario.
June 10th. 1929.

Dear Mr. Perrier,

In view of the fact that this year there is an Entrance Class of three Indian boys from this school, would it be possible to close school for the other grades on June 25th rather than June 28th.

The boys write on their Entrance Examination at Wallaceburg, on June 26-27-28. We usually drive them in and out each day, - a distance of 9 miles; coach them in Wallaceburg between Exams. and give them special lessons each evening on the Exams. for the next day. It makes it much easier, if the Promotion Exams. for the other grades in the Day School here, are over ^{on} the pupils dismissed for summer vacation, while the Entrance Class are writing.

also.

There is an epidemic of Measles among the children of both schools. So far, there are 10 homes quarantined, including the United Church Missionary's house and the Agency House.

where Mr. Bachus the Customs Officer lives, with whom the Indian Agent, Mr. Highfield boards. Last week there were 32 pupils absent from this school. Friday, June 7th. the Junior Room was dismissed for the day as there were only 5 pupils present out of 30 enrolled. This was done, pending a report from the Truant Officer as to how many were really ill. What would the Dept advise in this case?

also.

One of the officials on the Island, Rev. Clayton, whose children attend this school, has drawn our attention to the fact that the water in the school well appears to be impure. Several of the school children run nasty little fevers (temperature of 103 and 104) which one doctor says might point to Typhoid. Could I have permission to have the well water analysed. Last fall we drew Agent Highfield's attention to the fact that all the refuse water, when the children drink, wash their hands or have bleeding noses, runs back into the well because the jacket around the pump. - i.e. the lid over the well which allows for cleaning, does not fit tightly. Incidentally the well has not been cleaned for a couple of years.

You will, no doubt, note from Inspector Conn's report that the school floors are most unclean. The class room floors have not been scrubbed since Christmas Vacation. When the Janitor's salary for this school was increased to \$90.⁰⁰ a year, it was definitely stated by the Dept that the class rooms were to be scrubbed and the windows cleaned, once a month. I have drawn the Agent's attention to this several times and feel we should not receive a black marking from the Inspector for something we cannot rectify.

Otherwise school work seems to be progressing most favourably. We should all feel highly honoured, if at some time in the near future, you would pay our school a visit as we are very proud of our little Indian charges.

Under the above circumstances, I feel that we might get better results, and a fuller cooperation from all concerned, with a change of teachers at No. 1 School, and quite probably ~~that~~ both Mrs. MacPherson and Mrs. MacDougall would secure better results at a new school where they would have the goodwill of all parents at least to begin with.

of both Mrs. MacPherson and Mrs. MacDougall, they have become very much disliked by the majority of residents on the Reserve, and it is just under threats of taking action under Section 10 of Indian Act that we have been able to keep a number of the children at school at all. As it is claimed by Band members, that ~~were~~ the teachers have quarrelled with the parents, they do not give the children a fair chance--for the above reason it makes it that much harder to keep the children attending school regularly. I would consider that the above two teachers are either directly or indirectly the cause of more petty disturbance on the Reserve than any other element that I know of. They have the Church divided against itself, and keep individuals and families continually at enmity with each other.

Although the Department asked Mrs. MacPherson to dispose of her goat sometime ago, it is still in the schoolyard. They did send it away for a few weeks, but it was not long until it was back in the schoolyard again. While they keep it tied on a long rope most of the time, the parents still have the same complaints that they previously had in respect to the goat.

the whole term. One is liable to see children in the yard playing at any time of the day, as they seem to have no regular hour for calling school or taking recess, and will dismiss school for an hour or a half a day when ever they feel so inclined, both teachers at this school have been known to close school from a day to three days at a time to go to a fair or pionic, and I have a number of dates down when school has been dismissed from an hour to a half day for no apperant cause the Teachers insist on takeing one and a half hours at noon claiming the department gives them this special privilege. If the Department has granted them this privelege it is certainly all right, but Mrs. George, teacher at No. 2 School feels that she is being discriminated against when asked to just take an hour.

Mrs. MacDougall, teacher of the junior room at No. 1 School, does not seem to have very much success advancing pupils, and seems to lack tact and in my opinion is too temperamental to be successful as a teacher.

Neither the class-rooms, the residence or the yard or outbuildings are kept very neat or attractive.

And those parents who are not anxious to send their children to school, take every advantage they can of these epidemics, and since the Spring thaw the water has been so high in the creeks and marshes that a number of families are almost isolated from the schools.

*Extract
40-2-1*

In reference to each school and teacher, I might say, in respect to No. 2 School and the teacher Mrs. Ethel E. George, her qualifications are not high I believe her to be conscientiously doing her best at all times. She keeps school regular hours, full time and never loses a day if she can possibly avoid it. She keeps both the school and living quarters very neat and clean and takes splendid care of all the furniture, also keeps the yard and grounds outside very nice.

In reference to No. 1 school and teachers, Mrs. MacPherson and Mrs. MacDougall.

I believe Mrs. MacPherson quite well qualified to teach any school if she would attend strictly to her duties in the school, but I have been unable to get her to keep school at anything like full time. I do not believe that the children average three hours a day in school for

a number of children had the measles. And those parents who are not anxious to send their children to school, take every advantage they can of these epidemics, and since the Spring thaw the water has been so high in the creeks and marshes that a number of families are almost isolated from the schools.

*Extract
40-2-1*

In reference to each school and teacher, I might say, in respect to No. 2 School and the teacher Mrs. Ethel E. George, her qualifications are not high I believe her to be conscientiously doing her best at all times. She keeps school regular hours, full time and never loses a day if she can possibly avoid it. She keeps both the school and living quarters very neat and clean and takes splendid care of all the furniture, also keeps the yard and grounds outside very nice.

In reference to No. 1 school and teachers, Mrs. MacPherson and Mrs. MacDougall.

I believe Mrs. MacPherson quite well qualified to teach any school if she would attend strictly to her duties in the school, but I have been unable to get her to keep school at anything like full time. I do not believe that the children average three hours a day in school for

the whole term. One is liable to see children in the yard playing at any time of the day, as they seem to have no regular hour for calling school or taking recess, and will dismiss school for an hour or a half a day when ever they feel so inclined, both teachers at this school have been known to close school from a day to three days at a time to go to a fair or pionic, and I have a number of dates down when school has been dismissed from an hour to a half day for no apperant cause the Teachers insist on takeing one and a half hours at noon claiming the department gives them this special privilege. If the Department has granted them this privelege it is certainly all right, but Mrs. George, teacher at No. 2 School feels that she is being discriminated against when asked to just take an hour.

Mrs. MacDougall, teacher of the junior room at No. 1 School, does not seem to have very much success advancing pupils, and seems to lack tact and in my opinion is too temperamental to be successful as a teacher.

Neither the class-rooms, the residence or the yard or outbuildings are kept very neat or attractive.

Owing to the peculiar temperament and disposition

of both Mrs. MacPherson and Mrs. MacDougall, they have become very much disliked by the majority of residents on the Reserve, and it is just under threats of taking action under Section 10 of Indian Act that we have been able to keep a number of the children at school at all. As it is claimed by Band members, that were the teachers have quarrelled with the parents, they do not give the children a fair chance--for the above reason it makes it that much harder to keep the children attending school regularly. I would consider that the above two teachers are either directly or indirectly the cause of more petty disturbance on the Reserve than any other element that I know of. They have the Church divided against itself, and keep individuals and families continually at enmity with each other.

Although the Department asked Mrs. MacPherson to dispose of her goat sometime ago, it is still in the schoolyard. They did send it away for a few weeks, but it was not long until it was back in the schoolyard again. While they keep it tied on a long rope most of the time, the parents still have the same complaints that they previously had in respect to the goat.

Under the above circumstances, I feel that we might get better results, and a fuller cooperation from all concerned, with a change of teachers at No. 1 School, and quite probably ~~that~~ both Mrs. MacPherson and Mrs. MacDougall would secure better results at a new school where they would have the goodwill of all parents at least to begin with.

Sir:

I wish to acknowledge, with thanks, your general report of the 10th instant on the schools of the Walpole Island Indian Reserve. Your comments concerning the teachers of the No. 1 School have been seriously considered, and the Department proposes to write to Mrs. Macpherson at the commencement of the coming academic year, indicating that a change must be made in their work and other activity generally. The teachers will be given to understand that they are on trial for the year and that a change for the better will be expected of them. You will please make a report on their work in December, next.

Madam, -

I write to inform you that there will have to be a change in the conduct of the Walpole Island No. 1 Indian Day School if you and Mrs. McDougall are to be retained in the Department's service. I understand that the Department's regulations regarding the school hours have not been followed heretofore and that the school has been opened and closed at unusual hours and that holidays are taken without authority.

The Department is informed that you do not meet with general support from the parents on the reserve. I understand that this unfortunate situation is not caused by any failure in the classroom activity but is due to out of school activities. Please give this your most serious consideration and bend every energy towards making the school a success during the present academic year. If there is not a marked improvement in the situation, a change will have to be made.

R. R. no. 3. Wallaceburg. Ont.
Sept. 14th 1929.

Mr. J. J. [Signature]
Mr. A. F. Mackenzie,
Dept. of Indian Affairs,
Ottawa.

Dear Sir:-

With reference to your letter of Sept. 12th beg to state that I feel it is a direct insult to the teaching ability and daily life of the teachers in No. 1. Indian Day School.

To the best of our knowledge and ability, all the statements therein contained are direct falsehoods. The statement "that school is opened and closed at unusual hours; and holidays taken without authority" cannot be substantiated. This school is always opened at 9 a.m. and closed at 4 p.m. except when we teach till 5 p.m. during the Spring term to help prepare the Entrance candidates.

True there used to be some discussion re school being called at 1.30 p. m. rather than 1. p. m. But when I came here to teach in March 1922 Mr. Roy Abraham told me to call school at 1.30 p. m. partly because the teachers, who must live in residence, have their own lunch to prepare and partly because the majority of the children attending this school, including the white children of the officials, go home at noon hour for lunch and cannot return till 1.30 p. m. To date this order has never been rescinded.

There have never been any holidays taken without authority. On the very rare occasions, when school has been closed, the Agent's permission has always first been obtained. This can be verified from the "School Registers," always inspected by the Public School Inspector, Mr. Conn of Sarnia and more recently, under the new regime, twice a month by your

Indian Agent Mr. A. Highfield. He has
always told us he has found the
registers perfectly satisfactory.
②. You have been misinformed re our
not having the general support of the
parents on this Reservation. The attendance
at this, No. 1. Indian Day School has never
been better than during the past few years.
Just this past year, at least five
Indian heads of households, have either
bought or leased property in the
vicinity of the school that their children
might attend classes here, viz.
Albert Kewayosh, Julianne Smith
Raymond Nahdee, Frank Day and Job
Sands. Further, for the past 4 years
the Indians of Walpole Island have
always had both Mrs. Macdougall and
myself take full charge of their
receipts \$3000 or more from their Annual
Indian Fair held the latter part of
August. Which facts scarcely show
a lack of confidence. On the contrary
we have both been asked to join
the Chippewa Band - which fact, of

course, your ^{informer} does not know.
True we or any other teacher has
never had the support of a small
band of agitators known as the Treaty
Indians. But we could not, in
justice to the Indian Dept. work
with them as they approve of nobody,
not even the Dept. of Indian Affairs
itself and are constantly holding
secret meetings denouncing authority.

③ That part of the letter which states
that the unfortunate situation is
caused by activities outside the
school room, is very ambiguous. Your
letter is the first intimation that
there was any unpleasantness re
No. 1. School. We do know that
there has been great dissatisfaction
re. No. 1. School. for some years past.

Full that the word "activities"
needs explanation. You say there
must be a marked improvement.
Would you kindly enlarge on this
statement as one can hardly
be expected to improve something of
which they have no knowledge.

The only activities we indulge in outside of school hours are skating, swimming, golf, tennis and motoring - always with ourselves. As far as possible we go away from the Reserve every weekend to Detroit where my brother has charge of an Anglican Mission and we like to help him as much as possible. Practically all summer my mother, Mrs. Macdonnell was in New York where my sister is taking a Post Graduate course in nursing. While I was at the Meadowbrooke Country Club Northville, Mich where my husband is located. My two children were in private summer camps.

During the week, after school hours, we live very much to ourselves as we do not feel there is anybody on the Reserve, fit to associate with. Except on rare occasions when we take our own two children to a picture show at Wallaceburg, we always retire at 9 p.m. As far as possible all work has been for the best interests of the Indian Dept.

In justice, both to the Indian Dept. and ourselves feel that this matter should be investigated. Statements that do not give date, day and explicit data, leave a most unpleasant feeling where there should be perfect harmony.

It is only necessary, to consult our files and refer to Inspector Conn's reports or to get in touch with such people as Inspector Smith of Chatham, Canon Collins of Sarnia, Inspector Dickenson of Wallaceburg, Mr. Lorette O'Connor, Toronto, who is Ontario Director of Junior Red Cross, Capt. Ridderford, Western Ontario Organizer of the Orangemen, Rev. A. B. Bannan of Toronto, Supervisor of Indian Missions for the United Church in order to learn that to the utmost of our ability, all our work here has been to make a success of No. 1. School both in our own interests and those of your Dept. by whom we are employed.

Somehow, I feel that had there been
a different type of Indian agent
appointed, these silly childish
stories of a few disgruntled Indians
aided and abetted by one or two
white people, would be considered
too trivial to be conveyed to
the Indian Dept. when there
are much more important matters
for the welfare of the Indian people
needing attention.

Trusting you will look into this
matter, much more fully and
explain, in detail, just what
changes you desire inaugurated

are always most anxious to
comply with every wish of the

P.S.

Has the new agent, Mr. Highfield authority to authorize school holidays as in the past? Twice on the instigation of the Anglican rector Mr. Smith, the agent has told us to take a half-holiday to attend some special service at the Anglican church. On both occasions our better judgement led us to keep school open but send the Anglican pupils to church. They try to force us to make this an Anglican school and the rector calls for the attendance periodically to forward to his Bishop. Mr. Highfield asked us to take a partial holiday Monday, Sept. 16th. to attend Sombra School Fair at Wilkesport in order to glean new ideas for our own School Fair. In view of

Dear Sir:-

Would you kindly advise
re the following matter.
The minor unpleasantness between
the white people on the Reserve
and the school, which was
temporarily smoothed out as a
result of your visit, seems to
have started again.

We have been informed on very
good authority that another complaint
is being forwarded by the white
people, through Mr. Ross Gray
of Sarnia, Federal M. P. for West
Lambton. So far as we know
it is because we attended
the two political meetings

Conservative at 4 p. m. and
Liberal at 8 p. m. - held
on Walpole Island. No active
part was taken in these
meetings but we attended
them only upon a written
request from the C. W. U. A.
who evidently thought we
would be interested in the
speeches of the candidates

To-day Mr. Bachas came
down to the school and gave
us quite a nasty bawling out
because school was late
in being called at noon-hour.
Owing to a fire at the gas station
on the Reserve, we needed
gasoline and on the return trip
our car stalled and we had to
walk $\frac{1}{2}$ a mile home. However,
taught through the recess hour
to make up for any time
lost.

Feel we are only responsible to
the Indian Dept. and as long as
we deal fairly and squarely
with their time that the
Customs Officers should not
interfer with our teaching duties

Really hate³ to draw your
attention to these petty annoyances
but for some unknown reason the
white officials have decided to
do everything in their power to
make things miserable for us.

Shall we just continue ahead
doing our duty and ignore them
or what would you advise.

In view of the fact that the
school is running most satisfactorily
in the opinion of the majority of
the Indian population we would
like to continue with our work here
in which we are most interested.
Do you think the situation here,
could be straightened out if we made
a trip to Ottawa at our Thanksgiving
vacation. If we could leave here
Friday a.m. we could have an
interview Saturday a.m.

We are most willing to do everything
possible to keep peace and quietness
here but really know the whole
trouble is trying to get us out of the
school so Mrs. Cunningham may teach here.

Any advice you could offer in this
matter would be most graciously received

AN OVERFLOW OF LETTERS.

There are stacks of letters in The Globe Office bearing on the election campaign for which it has been impossible to find space. During the past month each day's mail brought from 25 to 50 of these communications. Most of them were excellent letters, analyzing in an intelligent manner the issues before the elector, and it is regrettable that all could not have been published.

WALPOLE ISLAND AFFAIRS.

To the Editor of The Globe: In the issue of The Globe of Friday, Oct. 25, there is a reference to conditions on Walpole Island given to the semi-annual meeting of the I.O.D.E. What the conditions described are is not given in the report. The whole tenor of the article is to give a bad impression of the island. The very worst condition we have on this island is the purveyors of information such as you publish. If such persons would work for harmony on the island it would be very much better. They appear to want to attain an object and that is to create a feeling that the gifts sent to the island are not distributed as they would wish. Last year on Dec. 25 the English Church made over 500 gifts to the Indians here from bales sent by the deaneries, churches, Sunday schools, A.Y.P.A.'s and others. These gifts were carefully made by a committee of ladies selected by the rector.

In a population of nearly 1,000 there are always some cases of poverty, but as soon as they are known they are looked after. Referring said news item in Oct. 25 issue to Mr. Highfield, Indian Agent, Chief Isaac, T. W. Bacchus, Customs Officer, and Mrs. Brigham, widow of the former rector, they know nothing of deplorable conditions spoken of. Nor do I.

Dear Mrs. Macpherson,-

I have your letter of the 30th ultimo in reference to matters at Walpole Island. I had seen something in the press regarding certain differences of opinion regarding conditions among the Indians.

I regret that there should have been any friction and the only advice that I can offer is that you should confine your activities to the school and correlated work, observe the regulations closely and give your best efforts as I think you have in the past, to the class-room work.

I can see no purpose in your coming to Ottawa. It would mean closing the school for a day which might be further cause for criticism, and I fail to see what advantage could possibly accrue.

Dear Sir-;

It is with regret that I write concerning no 1 School Walpole Island Reserve.

I have a daughter Betty Bachus attending said School and am greatly disappointed in the progress she is making, she is past 8 years of age has been attending school regularly since Easter of 1927, she is now unable to spell words having more than three or four *letters*, this inefficiency I believe to be due to marked discrimination, this discrimination is due to personal feelings against myself, why I cannot tell I have never in my capacity as Customs Officer (knowingly) been either disrespectful or lacking in due attention to either of the Teachers as, users of this Port.

I am sure you will agree with me that it is of the utmost importance as a parent that greater results should follow from strict attendance at school and industry at home.

I am forced regretfully to say with other parents that a change in Teachers is very Desirable.

Many other reasons could be given for a change if inquiry were made by the Agent or other persons deputized for the purpose.

Sir I earnestly press the serious consideration of the contents of this letter for immediate action.

Very respectfully yours

It would appear that the Ottawa Indian Indians residing at the back of the Reservation are signing, but none or very few of the front Indians. I mention this fact because of the similarity of names among the Indian people. Only two parents from this school have signed. Whether this petition will materialize enough to reach Ottawa, remains to be seen. Mr. Highfield, the Indian agent, tells us it is "just spite" and for us not to worry, but still these petty annoyances are most unpleasant.

However, in justice to ourselves, I felt we should tell you that the complaints are the same old, untrue ones viz -
too many holidays & irregular school hours.

Our holidays are only those allowed by the Dept. as shown in our registers and quarterly reports. While as we have already stated, we adhere most closely to Dept ruling re school hours. We would not like your Dept to think, as the petition seems to indicate, that we are acting in open defiance to your regulations.

Ottawa, December 7th, 1929.

Sir:

noted
I beg to submit the following report on my recent visit of inspection to the Walpole Island Agency.

x

x

x

There are two day schools on this reserve. I had numerous complaints made to me regarding the teachers at No. 1. school. These were chiefly in regard to irregular school hours, absence from school during noon hour and discrimination against some of the pupils. I understand these complaints have already reached the Department through other sources. It will, therefore, be unnecessary for me to go into detail. I may say, however, that the general attitude of the Indians towards Mrs. McPherson and Mrs. McDougall is entirely antagonistic and there is no possibility, in so far as I was able to judge, of this being overcome. In my opinion these teachers have lost the respect and confidence of the Indian people which to say the least is unfortunate.

I arrived at the school at 3.30 and found the pupils having recess. They were called into the classroom and gave an exhibition of a drill they are preparing for the Christmas season. What I saw of the classroom work was very good. The pupils were tidy and appeared to be well cared for, and in excellent health. This applies to both classrooms of No. 1. school. There is a Junior Red Cross Society in connection with this school.

R.R. #3 Wallaceburg, Ontario

Jan. 11th 1930. ✓

Dear Mr. Perrier:

The enclosed letters speak for themselves. The answer which I wrote was not forwarded to the Council as we felt the Indian Dept. would rather we confined our interest to school work only, as we have done in the past.

I however felt, you might be interested to know that the Indians are not pleased with the petty persecutions, one or two white people are encouraging some of the inferior Indians to carry on against the school. The writer of the Indian letter was himself a former teacher and has now 4 sons and a granddaughter attending No. 1. School.

Very Sincerely,
Harriette Macpherson.

No. 12.

[Handwritten signature]

In connection with this motion there was a petition handed to me headed to whom it may concern, it is not mentioned in the motion and no instructions with it as it where it was to be sent. No doubt it was intended for the Department, I will enclose it.

I am of the opinion that it originated and was typed at the school and was handed to me in an envelope during the council meeting. When I received it there was no signatures attached, the names were added after the motion was passed. Three spoke in favor of the motion and five voted for it, the remainder did not vote at all. Judging by the hesitation and conversation the most of them signed it very reluctantly and one did not sign at all. I see Chief Wm. Peters signed the petition. I heard him lodge a complaint with Inspector McGookin, when Mr. McGookin was visiting the reserve late last year. Councillor E. Pinnance spoke in favor of the motion but stated that a year ago he was much opposed to the teacher owing to the many holidays and lost time but he thought that had improved considerably during the past year and on that ground they were worth another trial. I might say that there is not the lost time there formerly was but there is far too much yet.

I want to ask the advice of

the Department about my boys who are now
going to No. 1 School. On Thursday the 15th of May
they were chased home from school during
noon hour by big boys ^{with sticks}. They first ran to a
house near the school to get away but the
big boys still chased them. We live three
miles and a half from school and they
can't come home at noon. When I called
the school teachers, Mrs. McPherson
up the receiver and would not talk to
me. I think when children have to stay
at school the teachers should be there
to look after them.

To Whom it may concern. —

We the Chiefs and Councillors of both bands of Hulpole

Island Indians do hereby certify that we wish to retain the services of both our teachers at NO. 1. School, namely Mrs. Macdougall and Mrs. McPherson for the following reasons.

1. They are a great benefit to our Indian children taking a personal interest in each of them and having unusual success in putting them through their Entrance Examinations.
2. They are bringing up our children to lead a Christian life by the Religious instruction they give.
3. They are giving our children a musical education. It is wonderful to hear our children sing.
4. They are a great benefit to our destitute children by providing them with clothing etc.

So for these and many other reasons we do not wish to lose our teachers. If our resolution is not accepted by the Department of Indian Affairs we feel we should demand an investigation to see what reason the minor opposition party has to dispose of our wonderful teachers.

Agriculture for June

A. B. C. THROOP, B.S.A.
Renfrew Collegiate and Vocational School

IT has been pointed out in these articles in THE SCHOOL, that agriculture is a utilitarian subject, and we think should always be taught with this in view, and we believe that no subject on the curriculum lends itself so well to home projects of a practical nature, which really give significance to the work.

Successful farming depends on the following factors:

Location of farm; accessibility to market.

Suitability of buildings for kind of agriculture carried on.

Kind and fertility of soil.

Tillage, including tillage operations to produce suitable tilth and drainage.

Improved live stock by selection and breeding.

Selection of seed grain.

Judicious use of fertilizers.

Control of plant diseases and insect pests.

Control of weeds.

Suitability of type of farming undertaken.

Rotation of crops.

Size of farm, machinery, and horsepower.

Judicious marketing.

Most of the foregoing topics have been dealt with in previous issues of THE SCHOOL. Except for one or two of them they give a wide scope for home projects to supplement the work done in the class.

IDENTIFICATION OF TREES.—The summer months offer the best opportunities to study plants of all kinds in their natural habitation. The following key will enable us to become more familiar with our common Canadian trees, and trees are perhaps a more important factor in agriculture than we sometimes think.

The key to the common conifers includes both native conifers and those planted for ornamental purposes.

THE COMMON CONIFERS

- I. Leaves opposite or whorled, mostly short and often scale-like.

There is never a bell rung that Sammie does not answer. He comes running across the fields to march in with the pupils and usually sleeps at the back of the classroom until dismissal bell. Sometimes he follows a class to the floor, waits till they return to their seats and then marches back to his own place. He has learned many tricks due to the patient teaching of his little playmates and is a most useful model in all drawing classes. He will hold any pose until told he may relax and likes nothing better than to sit on a chair in the front of the classroom while the children "draw" him. He goes hunting with the boys on Saturday; serves as a patient for bandaging and first aid work, while with the other dog—a police pup "Peter"—he has been trained to pull the sleighs for the children. What merry races have been run off this winter, each dog having a cheering crowd of little "rooters" to urge him on to victory!

Billie, the goat, was given to the school as a mascot when a mere kid. The children raised him on a bottle. As regularly as intermissions came he would come to the door calling "mah! mah!" The children took turns feeding him. He afforded no end of fun when taught to pull sleighs and what jolly times all had while he learned. He has "butted" many a snow fort to pieces and eaten many things of value to small owners. Finally he had to be kept tethered to the fence but that did not prevent ambitious little gentlemen from "riding the goat." In the summer he rests. All vacation, he is locked in the school yard where he keeps the grass cut as short as if it had been cut by a lawn-mower. He is most effectual in scaring away would-be picnickers and other trespassers.

The white mice were special friends with the girls who trained them to lie under their middy collars or run into their pockets. In this school, many of the children cannot speak English. I have seen little beginners quite forget their shyness and strangeness when given the school kitty or a baby rabbit to cuddle. Every small person becomes quite friendly when talking of a pet animal.

All our pets are accustomed to being brought into the classroom for nature study lessons, for art models or for geography and they add real interest to these lessons.

Through these pets our pupils learn kindness to animals, responsibility as to their feeding and housing requirements and above all a love for dumb animals, a love that will stay with them all their lives.

A Pet Park

June 1930.

HARRIETTE MACPHERSON

No. 1 Indian Day School, Walpole Island Reserve

FOR several years, the outdoor activities at our school have centered around a collection of pets who live at the school. I thought perhaps others would like to hear of our experiment.

First and foremost, ours is an ungraded school—two teachers—of about 60 or 65 pupils. Our pets consist of a Billy goat, a family of rabbits, a white rat, two dogs, a cat and a family of guinea pigs. There was also a rooster, Tommy, who recently died of old age. Yes, they all belong to the school, live in the shed in boxes constructed by the pupils who take turns looking after them.

During the summer, they run at large around the play ground. They are fed from scraps left after the children's lunches or from collections brought from home and the pride all the pupils take in them is wonderful. Wouldn't you like to hear more of them and their uses?

Sammie, a shepherd-collie comes first by virtue of his age. He is seven years old and came to the school as a puppy—a gift to a little girl.

stem and notice the strain necessary to break it. As man cultivates the field the rootstocks are torn in pieces and carried to different parts of the field where they grow. If very tough, they could not be separated and spread so easily. If very brittle they would break into small pieces and not be carried so far by animals or machinery. Notice the size of the rootstock. Within it there is stored considerable food which nourishes the cutting until it is established as a new plant. The leaves are rather prominently ribbed and quite hairy below, and, like the stems, they are coarse and not relished by live stock. Of course this is an advantage to the plant because it is not disturbed very much. At the top of the stem appear the flowers. How are they arranged on the stem? These are very unattractive in colour and structure and do not produce perfume. Like many other flowers they are cross-pollinated by wind and do not need to attract insects, but they produce abundance of pollen on their long stamens because the wind wastes so much. If we examine the heads or spikes late in the summer, we shall see the numerous seeds which are rather long and slender. This seed is distributed chiefly as an impurity in coarse grass seed but also by farm machinery, by water and to some extent by wind. Couch grass is propagated much more slowly by seed than by rootstock division, but the seeds as a rule are carried much farther and, therefore, have an important place in spreading the plant.

MUNDAY, JUNE 16

Capacity Assembly At O. S. B. Concert

**Miss Elsie Charlton Presented
Memorial Scholarship —
Varied Program Heartily
Applauded**

The June concert of the Ontario School for the Blind attracted an audience that taxed the auditorium to its utmost. The great variety of work, musical, dramatic and physical, was much enjoyed and each and every number won well merited applause. Mr. W. B. Race, principal of the school, occupied the chair and extended a cordial greeting to all assembled. A notable feature of the program was the presentation of the Ethel Charlton scholarship by Miss Elsie Charlton, Toronto, daughter of the Hon. W. A. Charlton, representative of Norfolk and former speaker of the Ontario House, and Mrs. Charlton, on whose behalf the presentation was made. Miss Ethel Charlton was a former pupil of the school. A brave array of silver trophies was presented to their respective winners by Mr. W. B. Race, who pointed out that the

school curriculum was not concentrated upon any one phase of work particularly but was after all but physical. Miss Charlton expressed her pleasure at being present and listening to the concert so well given. She then presented the scholarship on behalf of her mother.

VARIED PROGRAM

The program was a revelation to those who attended an O.S.B. concert for the first time. The variety and scope of the work accomplished by these talented pupils under skilled instruction appeared exhaustless, and reflected great credit upon the members of the school staff. The physical work under Major S. C. Cegg which has won such praise abroad, was outstanding and pupils in the living pyramids building, general mat work, tumbling, handsprings, headstands and somersaults held the close attention of the large audience throughout and won the heartiest applause.

The program opened with a one-act play beautifully staged and costumed, "The Clown of Doodle Doo" in which Miss Draper's juniors earned the plaudits of the audience from the outset. The parts were taken with remarkable freedom and ease and the enunciation was excellent. The costumes were cleverly

designed by Miss Vera Kellett. The part songs displayed fine expression and modulation and were most creditably sung: "My Bonnie Lass," German; "In Twilight Hour," Horne, and "I Know a Grove," Stafford, by the girls of the class. Piano solos, "Liebestraum" Liszt, by Ella Koch and "Un Sospiro," Liszt and "The Butterfly," Lavalee, by Grace Leaper, were exceptionally well interpreted. Surety of touch and technique were noteworthy. Mr. George Patrick in his Bach's "Prelude and Fugue" scored great applause. Howard Shaw sang "Captain Mac," Sanderson, in fine spirit and responded to a vociferous encore with "The Road to Mandalay" which was equally well applauded. A talented trio of youthful pupils vied in friendly rivalry in their recitations which were inimitably given, as follows: "Grandma's prayer," Helen Self; "A Mortifying Mistake," Leola McWhirter. "Little Orphant Annie," Mildred Philpott. The senior dramatic endeavored to achieve an all-round education. Many of the honors were won by pupils of the Canadian west and will be proudly taken back to their respective cities as a token of their prowess. Winners of honors were: senior boy champion, Peter Rymar; senior girl champion, Grace Leaper; intermediate boy champion, Burton Jacobs; intermediate girl champion, Edna Earle; junior boy champion, Joseph Bembridge; junior girl champion, Gwendolyn Aekert; boy's efficiency trophy (for physical education, hygiene and conduct), David Inglis; girl's general proficiency, Mary Edwards.

Miss Elsie Charlton in a very charming way presented Miss Mary Edwards with the Ethel Charlton Memorial prize, saying that it was given in memory of one, who, although physically handicapped, nevertheless had constant thought for others and felt that there was always a law of compensation somewhere at work and that there were others who needed their inspiration and courage. Blindness work was exemplified by Miss Mary Edwards in her reading; "Wreck of the Plante" was given with a musical accompaniment and in unusually good French Canadian patois. Miss Betty Gold gave a most musically rendering of "Polonaise" and "Dance of the Nymphs," two charming violin solos, which were well played. The concert will be repeated this evening.

Dear Mr. Ferrier

In view of the kindly interest you have always taken in this school, felt that the enclosed collection would meet with your approval as an explanation of the excellent work done in this Day School.

① The picture was taken at our Annual Empire Day Celebration - May 23rd. 1930. When all the parents, and many guests from outside points gather to hear and see the Patriotic Program delivered by the children. As Indians are the first Canadians this point is strongly stressed. Fourteen children were absent from the picture owing to the death of an infant relative.

② The clipping from the Brantford Paper refers to Burton Jacobs - the Chief's grandson who was last year sent to the Provincial Blind School at Brantford where he distinguished himself in athletics and won a silver cup. He has been a pupil at No. 1. Indian Day School for 6 years previous.

③ The Annual Excursion to Belle Isle inaugurated 6 years ago was never a more outstanding success than this year. \$19.50 was paid for the boat - a slight fee given the Band and the balance provided a treat for the school children. Belle Isle Zoo is a never failing source of wonder and the trip down the River and Lake is full of interest. Approximately 200 people attended this year.

④ The article re our "Pet Park" was written upon the request of Inspector Conn who has always been interested in this unusual branch of our school work here.

⑤ Edward Prinnance one of our Entrance Class boys won the prize donated by the Selkirk of Baldom Chap. J. O. D. E. Wallaceburg for the best essay on "Pauline Johnson".

⑥ Mavis Solomon one of our juniors is receiving recognition for rescue from drowning from the Humane Society.

But all are now - children of which the country should be justly proud.

Planning and helping all these activities together with the regular school work, having the school children's eyes tested, compiling lists for Fossil Removal - organizing a Hot Lunch Program and preparing lists of children annually to be sent to the Residential schools, provide for rather

a full life, with ^③ little or no time for
outstanding outside interests — reports to
the contrary, notwithstanding. Nevertheless
such work as outlined above — make the
school one that our successors can easily
handle, and derive pleasure from.
We are awaiting with pleasure, the results of your
Entrance Class, of which we expect two to be
successful. The others had only spent one
year instead of two in the Fourth Class and
consequently not fully covered all the work.
Trusting this will all prove of interest and
thanking you for all kindness in the past.

I remain,

Dear Sir:-

Reg to acknowledge the receipt of your letter of recent date notifying my mother (Mrs. Macdonnell) and myself of our dismissal as teachers in the No. 1. Indian Day School, Walpole Island.

As this dismissal is for alleged political partisanship, I emphatically deny that I ever drove voters to the polls in any political campaign or made any political speeches for or against Mr. Ross Gray, M.P. or his provincial liberal candidate.

Acting on our month's notice, we shall vacate the residence on or about Aug. 1st. pending a more satisfactory adjustment. This is without prejudice.

Sir.

I beg to acknowledge receipt of your letter of the 25th ultimo in reference to the services of Mrs. MacPherson and Mrs. MacDougall being discontinued at the end of June in reply I might say that the above named person state that 30 days would be a reasonable time for them to leave which would be July 27. If the Department has no objection to them remaining 30 days I think it might be considered a reasonable time, and seem to feel that things might be arranged by that time that they might remain on at the school.

In the event of them leaveing the school Mrs. MacPherson states that they are not leaveing the reserve but are renting a house here and remaining on the Island would there be any objection to them remaining. I notice in your letter that you speak of them leaveing the reserve.

I have no list of what furniture or other contents of the school residence belongs to the Department if the Department has a list of there property I would be glad to receive a copy I, am of the impresion that the residence is furnished by the Department,

I have no application for teachers I have in mind a married coupled both qualified teachers both have taught about five years they have been married about 18 month and I under stand she is quite anxious to teach but it is hard for a married woman to get a school in Ontario but I thought it might be quite satisfactory here with the residence in the school, I have not saw this couple and do not know if they would consider an Indian school do not even know there address both Mr and Mrs. Dalys parents live in or around Wallaceburg I could secure there address from there parents Mr. Daly ~~taught~~ taught some where in the Chatham district last year formerly they both taught in the Wallaceburg district and

Sir:

I have your letter of the 5th instant, with reference to Mrs. Macpherson and Mrs. MacDougall, formerly teachers at the Walpole Island No. 1 Indian Day School. There is no objection to their remaining in the teacher's residence until as late a date as August 15th, and you may so inform them. They should be given to understand, however, that at that time the Department will expect them to leave the reserve.

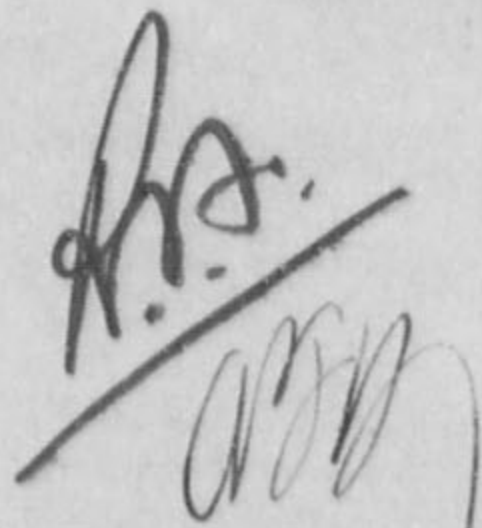

You may apply to Mr. Indian Agent Paul for the list of furnishings at this school, concerning which you have been written already.

If Mr. and Mrs. Daly care to make application for the vacancies, you should forward them to the Department, for our consideration. A young married couple is hardly suitable, however.

I beg to acknowledge receipt of your letter of the 10th instant file NO.40-1-1 re-teachers and furnishing at No.1 school. I might say that Mr. Mrs. Baley came to see me re-school Friday last later forwarding me an application. If these application are excepted Mr. Baley would like to know by August 1st as he has again engaged with his present school and would need to give the school trustee 30 days notice.

Possible a married couple would not be suitable I was of the opinion that they would be preferable on a reserve with a residence in connection with the school. As far as personal knowledge goes I can not speak with authority but Both Mr and Mrs Daly have lived ~~xxxx~~ in the Wallaceburg district and I understand they both have a good reputation and Mrs Daly taught the Duthill school near my former home for three years and I allways heard her spoken of as a successful teacher.

I have received a letter from the former agent Mr Paul stating that he has no list of furnishing and etc at NO.1 school but gave me dates and file NO, of Department letters of authorization for the purchase of mattresses, pillows, curtain sheets and pillow covers, some of the linen will probaly be wore out I, am of the opinion that the heavier furniture such as chairs, tables, sideboards beds and etc, all belong to the Department, I do not see that there need be any trouble in checking up this furnishing but I thought if I had a list as a guide one could check with a little confidence ,

Dear Mr. Gray:

I have your letter of the 6th instant, concerning the teachers of the Walpole Island No. 1 Indian Day School. My Deputy for Indian Affairs informs me that these ladies get into petty squabbles from time to time and that, recently, they were warned to confine their activity to the classrooms, where they have been really quite successful. However, political partisanship is another matter, and they will be dismissed from our service. The Walpole Island Indian School is an important one and care in the selection of new teachers should be taken. The term of engagement is the academic year and I am directing that, on May 15th, Mrs. Macpherson and Mrs. McDougall be informed that their services will not be required after June 30th.

With reference to the attached letter from Mr. Merriam to the Minister, I would report that Mr. Gray did recommend the dismissal of the teachers of Walpole Island, No. 1, Indian day school, and they were dismissed, but the Department was glad to get rid of them on altogether different grounds, as they may be called trouble-makers, and for sometime we have thought it was not in the interests of the educational work to continue their services; they applied a few days ago to be reinstated and we told them we had made arrangements to fill the vacancies. The positions were filled on the recommendation of the Agent by Mr. and Mrs. James W. Daley, who appear to be well qualified. I would certainly recommend that they be given a chance; I would anticipate that improvement would follow.

Memorandum:

HONOURABLE THOMAS G. MURPHY.

Pursuant to telephone conversation with Mr. Baskard, concerning Mrs. H. Macpherson, former teacher of the Walpole Island Indian Day School, I wish to report that she has been employed for a total of 7 years. Complaints and difficulties, which have arisen during her incumbency, indicate that she is hardly suitable for a post on an Indian reserve, particularly when there are missionaries and other white people interested in the same Indians.

Mrs. Macpherson has shown a penchant for interfering in all reserve matters and will not confine her attention to the classroom activities, where she has been quite successful. She has been accustomed to close school at unusual hours, without authority, to attend fairs, picnics, court trials, inquests, etc. She would evince a lively interest in any matters affecting the Indians, even when entirely unconnected with school activity. As a result, the parents were divided in their allegiance.

*I have
also
MD*

In 1924, while Mrs. Macpherson was junior teacher, the senior teacher resigned, largely because they could not get along together. In 1926, the Department's Agricultural Representative tried to settle a dispute between Mrs. Macpherson and one of the Indians. Our officer's report reads in part as follows: "We (the agricultural representative and Indian agent) therefore brought the father and boy over to the school. The boy agreed to behave himself in the future and the father agreed to assist the teachers as much as possible. . . . When Walter Sands and his son were leaving, the teachers (Mrs. Macpherson and her mother) subjected him to considerable abuse, calling him a gaol bird and a number of other terms, to which he objected. The father then said he did not think it would be any use sending the boy back if the teacher maintained that attitude." At that time, the Department wrote to Mrs. Macpherson in part as follows: "I believe you would be well advised to pay less attention to matters which are not definitely connected with your work among the children of the reserve."

In 1928, it was necessary to write Mrs. Macpherson as follows: "I have your letter of the 11th

Indian Affairs. School Files.

instant, regarding the advisability of testifying at a police court case, which follows an incident on the Walpele Island Indian reserve. The Department is satisfied that teachers of Indian day schools should keep out of local difficulties as far as possible."

In January of 1929, the Indian Agent reported in part as follows: "Several times I have noticed the school closed when it should be open . . . school hours being very irregular."

In July, 1929, the Indian Agent reported in part as follows: "I believe Mrs. Macpherson quite well qualified to teach any school if she would attend strictly to her duties, but I have been unable to get her to keep school at anything like full time. One is liable to see children in the yard, playing, at any time of the day. . . . Both teachers at this school have been known to close school from a day to three days at a time to go to a fair or picnic. . . . Neither the classrooms, the residence or the yard or outbuildings are kept very neat or attractive. Owing to the peculiar temperament and disposition of both Mrs. Macpherson and Mrs. MacDougall, they have become very much disliked by the majority of residents on the Reserve, and it is just under threats of taking action under Section 10 of the Indian Act that we have been able to keep a number of the children at school at all. As it is claimed by Band members that where the teachers have quarrelled with the parents they do not give the children a fair chance -- for the above reason it makes it that much harder to keep the children attending school regularly. I would consider that the above two teachers are either directly or indirectly the cause of more petty disturbance on the Reserve than any other element that I know of. They have the Church divided against itself and keep individuals and families continually at enmity with each other. Although the Department asked Mrs. Macpherson to dispose of her goat some time ago, it is still in the schoolyard." . . . "Under the above circumstances, I feel that we might get better results and a fuller cooperation for all concerned, with a change of teachers at No. 1 School, and quite probably both Mrs. Macpherson and Mrs. MacDougall would secure better results at a new school where they would have the goodwill of all parents at least to begin with."

Following this report from the Indian Agent and reports from other Department officers who visited the Reserve, it was decided that there must be a marked improvement if their services were to be retained. The teachers were written to this effect in September, last. I may say that petitions for and against Mrs. Macpherson and her mother have since been received, from Indians, by the Department. The Inspector of Indian Agencies, who visited the reserve in December, reported in part as follows: "I had numerous complaints made to me regarding the teachers. These were chiefly in regard to irregular school hours, absence from school during noon hour and discrimination against some of the pupils. . . . I may say that the general attitude of the Indians towards them

Dear Sir,

When Mr. Mackenzie was here this summer he told me if I ever got into any difficulties in regard to the school to consult you about it. Well I am in difficulties and of a nature that a teacher cannot cope with.

It seems that the former teachers are instigating a propaganda among the Indians which is bearing fruit among the parents. I have had two complaints about my methods of punishment and in trying to reason with these people find they don't want the children punished in any way. And to make matters more provoking I get it reminded that the other teachers didn't do that.

These teachers are on the Island nearly every day and the truant officer Mr. Wright, tells me, he has heard, they are telling the parents not to send their children.

Of course, Mr. Ferrer, this is all being done without any actual proof but it

is certainly very annoying.

I have found the school advanced two and three classes further than they should be and I am told by the inspector, Mr. Conn, that this is usual in all Indian schools. Would you advise me to keep on feeding the children and parents this delusion?

I gave the children in all the senior classes from the Sr. IV to Jr II the letters capital and small, written and printed, and only one pupil got them right. The pupils are up well in reading and talk as fluently as white people but surely they are to be taught more than this.

The agent, Mr. Highfield has been very helpful but I feel he cannot understand the situation having had no experience in educational matters.

I hope, sir, you will pardon me for unloading my burdens on you but I surely feel I need help if I am to retain my temper and my school.

Sincerely yours,
James W. Daley, Wallaceburg R.R. 3.

Sir:

I have your letter of the 25th instant, with reference to difficulties at the Walpole Island No. 1 Indian Day School. It is not unusual to have Indian parents complaining about school affairs, and, while I would always be courteous and pleasant to fathers and mothers, I would not take the matter too seriously. I regret that some of the trouble is caused by the attitude of the former teachers at this school. It may be necessary to advise them to stay off the reserve if their interference does not cease. I am inclined to the opinion that, if you are patient and deal with your problems thoughtfully and quietly, the main opposition to your efforts will cease. If the trouble continues, it may be necessary to look for evidence to the effect that Mrs. Macpherson and Mrs. MacDougall are telling the parents not to send their children to school. This, of course, would be better placed in the hands of the Indian Agent.

With reference to the classification of the pupils, I believe it would be well to act on the advice of Mr. School Inspector Conn. Generally speaking, the Department wishes the children to be classified strictly on their merits and in conformity with the practice in public schools.

Do not hesitate to take your difficulties to Mr. Highfield, as I am sure you will find him very sympathetic and he will be the one who would have to take action in the matter in connection with anything outside of the classroom and playground activity.

With best wishes for a successful year,

Your obedient servant,

PORT LAMBTON, WALPOLE ISLAND AGENCY H'QUARTERS,
dated September, 1930.

Original on 40-1-7.

There is a marked improvement in cleanliness and general condition of the interior of the school room. The teachers have put a number of the pupils back a grade, whether it was necessary or not, it does not suit some of parents very well. The former teachers are on the reserve almost every day and it is reported that they are advocating to the Indians that they do not send their children to school, making much trouble for the truant officer and present teachers.

Dear Sir:

Mrs. Daley and I are having considerable difficulty here due, according to certain of the Indians, to severe punishment which we have given to their children. The objection however has not been to the harshness of the punishment but rather to the punishment in any amount shape or form.

The family most active in this complaint has a habit of complaining about any and everything and has taken their children from this school before and sent them to a school on the mainland, where they were put out because of unclean heads.

When I first came here, I felt we stepped into a school far ~~behind~~ behind standard in the knowledge they should have known. Since then Mrs. Daley and myself have worked hard, to bring them to the efficiency necessary for the classes they were then in. In order to do

this ~~is~~ as quick a time as possible we have had to detain after four certain lazy, careless or slow learning children and quite frequently "at first, to administer Corporal punishment." The chief objection was raised last winter when I kept two boys in till around half past four in order to get them up with their classes, at half past six the parents called me asking why their children were not home. I have witnesses to prove those boys were skating on the river till nearly half past five but still their parents blamed me. Then on the ~~third~~ ^{second} of March I had trouble again with one of the same boys and from the third until the thirtieth he stayed at home, the parents refusing to send him until they took it before the Indian Council here on Walpole Island. But before this time came the agent got us together and the boy started to school on the thirtieth of March.

Last week I received a complaint that this same boy had vermin and in the checking over I gave personally I found four in the school with vermin, two of them being his brothers. Following Dr. Rowland's advice (the Island Doctor) and getting permission from the Agent, Mr. Highfield, I sent all four home to get cleaned up. Since then a

person's friend of ^{theirs} ~~them~~ has lodged a complaint with Mrs. Daley about keeping his boy of whom ^{he} is guardian in after four and using very insulting language to her over the telephone. The telephone has been used frequently also by the other family to find fault with our methods of running this school.

The family most to blame is Joe Sands' and, Mr. Ferrier, what I want to know is ^{this} Are we doing wrong in keeping these children in after four and in punishing with a strap for continued tardiness or are we in the right? If we are right then I wish to goodness that your department would stop this bother and annoyance which we are subject to.

Hoping to hear from you soon on this matter.

Dear Sir:

I have your letter of the 5th instant, with reference to trouble Mrs. Daley and yourself have encountered at the Walpole Island No. 1 Indian Day School. It is difficult for one who is not in close touch with the situation to prescribe a course of action in connection with the discipline at a school. After all, discipline is a matter of personal equation. I believe you would be well advised to enlist the cooperation of Mr. Indian Agent Highfield.

At Indian schools generally, teachers will find a peculiar situation in connection with discipline. Indian parents are not in the habit of administering corporal punishment and, on the whole, they dislike it when used in schools. On the other hand, if teachers are fair and just, there is not often trouble from fathers and mothers. When you do receive complaints or are disturbed by parents, I believe it advisable to inform the Indian agent. He knows the particular father or mother and the home conditions. He can then advise you as to what action to pursue.

Generally speaking, I would not administer corporal punishment for continued tardiness. I would reserve it for real extremities. Be patient and deal with your problems thoughtfully and quietly.

The Department understands that you may have special difficulty with certain parents. Do not argue with them. Refer them to the Indian agent and do the best you can at your school.

Dear Sir:

On Saturday the twenty fourth of October I received a complaint from a white family ~~here~~ that their children had got vermin there at school. The following week I examined the children's heads in both rooms and found from twenty to thirty children infested with these vermin. As it was impossible to send so large a number home and then we could not be certain that they would be cleaned I suggested to the Agent and medical attendant that we procure the necessary things and clean them here at school. With the Agent's permission I hired a nurse who came ^{for} nearly two days and we rubbed the heads of all pupils with a solution of kerosene and sweet oil, then the following day washed the heads at school.

I told the Agent if the department would not pay the nurse the children would pay it out of their Junior Red Cross funds but I think the Department should pay it. The charge being four dollars for the nurse, two dollars for sweet oil, soap and kerosene twenty-five cents.

Mr. Mackenzie, I want to know if some means cannot be taken to clean up some of these homes in order to give these children

a chance to keep healthy and clean.

We insist every week on a note from the parents stating their child has had a bath but I am sure some haven't seen water below the collar-bone for months.

I would suggest a nurse visit the homes as often as possible and make a report on the conditions and suggest a means whereby these homes (of school-children) could be made reasonably clean. Also that the nurse be given authority to examine any child in ~~any~~ either school to see that their body and clothes are kept clean.

It has come to such a state that Mrs. Daley and myself fear to visit any of our friends for fear of carrying these different things into their homes.

Hoping our efforts meet with the approval of the department and that they will support us in cleaning up the children.

Yours sincerely;

Sir:

I have your letter of the 2nd instant, informing the Department of the action taken in cleaning the heads of a number of the pupils at the Walpole Island No. 1 Indian Day School. It is noted that, with the Agent's permission, the services of a nurse were engaged for two days and some cleaning supplies furnished.

In this connection I have to say that the Department will pay the expenses incurred for the purpose, and you should have the Agent prepare a voucher, in duplicate, for the amount due the nurse for her services and also for the supplies used. He should make out the voucher in favour of the person to whom payment should be made, certify and send to the Department. In future, however, I would request that before any action is taken involving an expenditure which the Department will be called upon to provide, permission be first obtained by the Agent. It is hoped that, as a result of the action taken, there will be a decided improvement in the cleanliness of the pupils.

For your information, I am enclosing copy of a circular giving the necessary instructions and treatment to be used in a similar case to that referred to by you.

OFFICE OF
INDIAN AGENT

Sir.

I beg to enclose the agents monthly report and the truant officers monthly report for Walpole Island No.1 and NO.2 school for the month of February 1933.

We have had a very poor average attendance during the month of January and February. Mrs. Ethel E. George, s. Teacher at No. school, father died on the 21 a and was buried on the 24th, Owing to sickness Mrs. Daly Teacher in the Junior room No.1 school was not able to teach for seven days, During the month of January there was quite a lot of influenza some of the pupils losing the whole month, there was some little influenza during February and a lot of persistent coughs in three cases there was some indication of whooping cough but as it did not spread it apparently was not whooping cough at the time Dr. Rowland was not positive but though it was a bad flu cough.

At the first part of ~~January~~ February I went over the truant officer report with Dr. Rowland for the Month of January, Dr. Rowland had saw all the children but three that had been absent from school and the Dr. stated that they were not able to come to school several of them he had told not to come to school, The attendance for February has been a little better but were a lot of absentee reported as flu and coughs and those who send there children because they have to use any excuse of that kind to the limit.

There are a few other cases such as Roy Kewayoshk of NO.1 school and Daisy Aquahh Myron Sword of NO.2 and other who are out several day every month to help saw wood or keeping baby at home, These boys are

about 15 year old and no doubt can help some at home and there are cases where girls stay home to mind the baby or younger children, In some case it may be nesecary while the mother go out to work or to sell baskets to get a little money to live on. and there are probaly other cases where this privelages is abused. and it is rather discouraging to the teachers and officers when they are doing the best they can to have a regular attendance, Would the Department think it advisable to have some of the parents of the last mention cases up under section 10 of the Indian act if they persist in remaining away from school several days a week month.

Ottawa, March 9, 1933.

Sir:

I have your letter of the 3rd instant, regarding the truant officer's monthly reports on the attendance at the No. 1 and No. 2 Indian Day Schools on the Walpole Island Reserve. It is noted that, owing to illness of the teachers and a number of the pupils, the attendance during the months of January and February was considerably decreased. When weather conditions improve, it is hoped that the children will have regained their health and that a good average attendance will be maintained. The Department does not consider it advisable at the present time to enforce the compulsory attendance clause of the Indian Act. The teachers and yourself should endeavour as far as possible to have the Indian parents send their children to school regularly.

I have your telegram of today's date, regarding the illness of Mrs. Daley, teacher of the junior room in the No. 1 School, and requesting to be advised as to whether you will secure a substitute. In this connection I have to inform you by telegram to you, as follows:

"May arrange for substitute during illness Mrs. Daley."

Sir:-

I beg to acknowledge receipt of your letter of March 9, 1933, file No. 40-1-1, also telegram of the same date re securing a substitute teacher for Mrs. James Daley.

In reply I might say that I secured one, Mrs. Morgan Dalgetty, of Rural Route No. 5, Wallaceburg, who started teaching Friday, March 10th. I might say that Mrs. Dalgetty is a qualified teacher who taught school up to the summer holidays in 1932. Since that date she was married and has not been teaching.

I might say that Mrs. Daley unable to teach school from the 22nd of February until the 3rd of March, but Mrs. Daley did teach from the 6th unto the 9th. But her strength was not equal to the task and the Doctor stated that she should have at least ten days rest. We had the children attending quite regularly and there were only two absent in the Junior Room and one in the Senior Room on Wednesday, March 8th. By keeping school open it is far easier to keep the attendance up to normal.

I have taken a survey of what new pupils might be starting after ~~Christmas~~ the Easter holidays at NO.1 school there appear to be prospect of 20 either 6 or 7 years old, There are 58 Indian children on the roll and 4 whites and there are 80 seats, The teachers have suggest that children between 6 and 7 be not allowed to come, We do not ask those under 7 to come to school, but for myself I think where the parents want to send children over 6 years they should be allowed to come if there is room What would the Department suggest in the above case .

Sir:

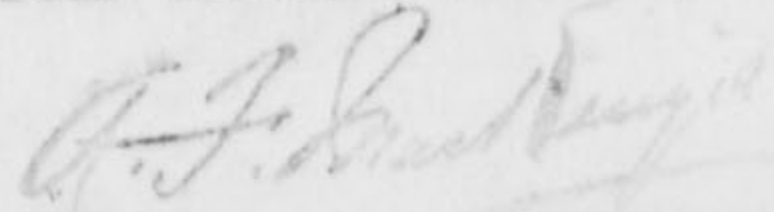

I have your letter of the 10th instant, enclosing your March monthly report and the report of the truant officer for the same period on the Walpole Island No. 1 and No. 2 Indian Day Schools.

In this connection it is noted that, upon a recent survey of the pupils that may be entering school after the Easter holidays, there is a prospect of 20 children 6 to 7 years of age entering the No. 1 School. It is further noted that there are 58 Indian children on the roll and 4 whites and that there is seating accommodation for 80 pupils. In view of the fact that ample seating accommodation can be provided, it is considered that any Indian children between 6 and 7 years of age should be allowed to attend. The two teachers should be able to manage up to 40 pupils in each of the classes. Therefore, if any of the parents wish to send their children between the above ages to school, they should be permitted to do so. All children over the age of 7 and up to 16 years of age should attend regularly.

It is noted that there are four white children in attendance. Please state who the parents of these children are and why it is necessary that they attend the No. 1 School.

The Truant Officer and yourself should put forth every effort to see that all Indian children over 7 years of age, who are in good health and who have no good excuse, attend regularly and also that children between 6 and 7 years of age are permitted to attend if they desire to do so. Please advise the teachers.

SENIOR INDIAN PUPILS EXTINGUISH FIRE

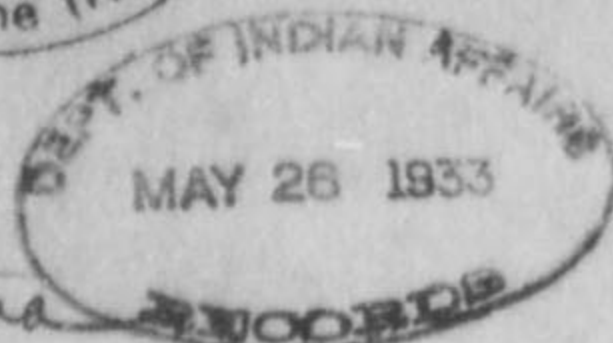

WALLACEBURG, April 11.—Senior Indian pupils of the public school on Walpole Island Indian reserve formed a bucket brigade recently and put out a chimney fire on the roof of St. John's Anglican rectory.

The school teacher saw the flames shooting out of the chimney and, owing to a prevailing wind at the time, sounded an alarm. The big boys of the school, under his direction, were successful in quenching the flames and preventing spread to the structure.

There is no fire brigade, not even a voluntary one, on the island reserve.

Sir

I beg to enclose requisition from Ethel E George teacher at No.1 school., And the school quarterly reports from No.1 and No.2 school.,

I think probaly that the attendance for this quarterly is the poorest average attendance we have on Walpole Island for some time., We has some very severe weather here this winter. and in a number of cases the children were not dresses warm enough to stand long walks in real severe weather., We had no severe sickness, some minor colds and a few mald cases of chicken pox. but enought to keep the children from school., One family with three children attending school., Lost their home and all their clothes by fire in February and they did not get to school for some time their after., And then there is the usual chonic offender. six or eight families who never send their children regular and never lose any excuse such as bad weather. sichness, lach of clothes, or any other excuse that they may think of to keep their children at home and the only reason they send them at all is that the law compels them to do so.

The truant officer is doing all he can with these people with out bring them before a magistrate under section ten of the act., They have been warned so often that they don,t pay much attention any more., I often feel that it might be well to make an example of some of the worst offenders.,

MEMORANDUM:

The Honourable the Superintendent General,-

Mr. Agent Highfield, Walpole Island, Ont., forwards a communication from Mrs. J. W. Daley, junior teacher and wife of the senior teacher, requesting six months' leave of absence, as from January first, 1935, on account of pregnancy. Mr. and Mrs. Daley have been teaching at this school since September 1, 1930.

Mrs. Daley and the local Indian Agent nominate the services of Mrs. Morgan Dalgety as substitute teacher. Mrs. Dalgety has previously acted as supply at this school. She is a qualified teacher. As the substitute teacher engaged will have to board at the residence provided for the teacher, it would be necessary to have a congenial person for this position.

I would recommend, for your approval, that the leave of absence requested by Mrs. Daley be granted and that Mrs. Morgan Dalgety be appointed as substitute teacher during Mrs. Daley's absence.

MEMORANDUM:

Ottawa, April 17th, 1939.

Doctor McGill

MR-1A5-136

With reference to your memorandum of the 7th February, last, it has been decided to appoint Mr. James Daly, School Teacher at Walpole Island Indian Agency, as Acting Indian Agent, Grade 3, during the illness of Mr. A.C.W. Highfield.

Mr. Daly should continue to occupy his present quarters in the schoolhouse, as it is understood his wife is the other School Teacher. He will, of course, not receive any allowances for house, fuel or light while acting as Agent and occupying his present residence. Mr. Daly, who is not a returned soldier is to be definitely advised that, should Mr. Highfield be retired owing to ill health, no assurance can be given that he will receive the appointment of Agent. He should be fully informed regarding the returned soldier preference given in accordance with the Civil Service Act and Regulations.

Mrs. Morgan Dalgetty, of Port Lampton, is to be appointed as Teacher to replace Mr. Daly. Her employment is to be continued only until the end of the present school term. She will not live in the schoolhouse. Before her marriage she was a Teacher in the same school.

The above change should be made effective on the 24th instant, or, if this is not practical, on the 1st May, 1939, as it is essential that someone be in charge of the Reserve when the Spring opens up and seeding commences.

A requisition should be prepared for the temporary appointment of an Indian Agent, Grade 3, for a period of three months, during the absence of Mr. Highfield on account of illness. A reference to Treasury Board should also be prepared recommending the establishment of the temporary position during the illness of Mr. Highfield.

It has been brought to my attention by Mr's. Dalgety, teacher of the senior room of Walpole Island No. 1 School, that it is the decision of Levi Sturgeon that his son Billie leave school as soon as he reaches the age of sixteen, which will be sometime in March.

This boy shows unusual ability and Mrs. Dalgety believes him quite capable of passing entrance into High School in June.

I would like to insist on him staying in school until he tries the entrance in June. Have I that authority?

I have your memorandum of the 17th instant, file No. 40-1-1, in reference to the teaching staff at the Walpole Island No. 1 Indian Day School. Mr. MacKenzie, M.P., also spoke to me about the matter. It would seem quite clear that two new teachers will be required. He did not have any persons particularly in mind and thought the best thing to do would be to advertise in one of the local papers and in this way the best teachers available in the district would be secured. There is a weekly newspaper published at Wallaceburg called "The Wallaceburg News" and Mr. MacKenzie suggested that one or two advertisements in this paper would bring forward a good number of applications.

When this has been done and the applications are received, will you please furnish a report for the attention of the Minister's Office with your recommendation as to which of the applicants you think should be selected.

Dear Sir:

Rev. Wm. Hall, our Church Missionary on Walpole Island, has drawn my attention to an advertisement in the Wallaceburg newspaper of July the 26th asking for applications for two female teachers possessing Ontario qualifications for the Walpole Island Day School.

Mr. Hall Draws attention to section 100 Indian Act, Sub-sec.--2., Regulations made by chiefs:

If the majority of the band belongs to any one religious denomination, the teacher of the school established on the reserve shall belong to the same denomination.

The Missionary claims that the majority of both bands on Walpole Island claim affiliation with the Anglican Church, and he requests that I draw your attention to the above section of Indian Act.

He states that parents of the children attending the school complain that the children do not get religious instruction "from the retired teachers", and that they desire to see an Anglican appointed. He states also that in the past, teachers did not attend Church on the Reserve and that the influence of this is not good. He writes this not by way of complaint or criticism, since Churchgoing is an entirely

voluntary thing, but in the belief that if Anglicans were appointed, he would have an influence over them in this respect. His sole desire is, of course, to benefit the Indians.

Right Reverend Sir:

I have your letter of August 3 with reference to the teachers at the Walpole Island No. 1 Indian Day School. When appointing teachers for this school your representations will receive very careful consideration.

If you are aware of teachers holding Ontario professional qualifications who desire to secure a school for the academic year 1940-41 it would be appreciated if you would arrange to have them forward their applications to me at once. This school will be operated during the academic year 1940-41 for a nine-month term. Salary is at the rate of \$85.00 a teaching month and teachers' living quarters are provided. These are furnished and heated.

The Department is in receipt of an application from Miss Dorothy E. Isaac for appointment as teacher in one of the Indian schools on the Walpole Island Reserve. She states in her letter that she attended the London Normal School for a year and a half.

Our records show that we assisted this girl to attend normal school at London during the academic year 1936-37. We have no record of having given any assistance for the extra half year.

I should appreciate it if you would advise me as soon as possible if she secured her certificate and also let me have any other information available regarding this girl in order to assist us in deciding if we can appoint her to the school for which she has applied.

The bearer, Miss A. C. Eileen Field, was in charge of the Primary Room in the Elkhorn Residential School for approximately a year and a half. During that period I inspected her room twice and am pleased to state that I found her work very satisfactory. She has a pleasing manner in the classroom, makes good contacts with her pupils and obtained free responses from them. Her material was carefully prepared and teaching methods employed sound and effective.

I am pleased to recommend her to any board or institution requiring the services of a competent and dependable teacher.

Dear Sir,

In reply to your letter re Miss Dorothy E Isaac
I may say that we found Miss Isaac a young lady
with considerable refinement of manner and fair
ability as an academic student. We could not
recommend her for a certificate however even after
the second half year. If discipline were not too
difficult, she might meet with success in an

Her standing in teaching was 602 when 660 was
a passing mark.

Memorandum:

DEPUTY MINISTER

Re: Employment of teachers -- Walpole
Island No. 1 Indian Day School.

I desire to refer to my memorandum to you dated July 17, 1940, and Mr. Jackson's reply thereto dated July 18.

In response to the suggestion made in Mr. Jackson's memorandum an advertisement was inserted in the Wallaceburg News and two applications for the vacant positions at the above-noted school have now been received. We are also in receipt of a letter from Rt. Rev. C.A. Seager, D.D., LL.D., Bishop of Huron, expressing the hope that the Department will find it possible to appoint Anglican teachers to the vacant positions. It would appear that practically all the children in attendance at this school are members of the Anglican Church. Two applications for these positions have been received -- one from Miss A.C. Eileen Field, who is an Anglican and who has a first-class permanent teacher's certificate for Manitoba and 9½ years' teaching experience. Miss Field has taught one year in a white school and 8½ years in Indian schools in Saskatchewan and Manitoba. During the last 3 years she has taught in the junior room of the Indian day school on the Fairford Reserve and her services were eminently satisfactory.

The other application is from Dorothy E. Isaacs, an Indian of the Walpole Island Reserve. This girl completed a high school course about 3 years ago, having received a tuition grant from the Department for that purpose. She has also taken 18 months' training at the London Normal School. The Principal of the London Normal School, in response to a Departmental inquiry, states:

"Miss Isaacs is a young lady of considerable refinement of manner and fair ability as an academic student. We could not, however, recommend her for a certificate even after the second half year. If duties were not too difficult in the school she might meet with fair success. Her standing in teaching was 802 and 660 the minimum pass mark."

In view of the fact that we have but two applications for the vacant positions I recommend that Miss Field be employed to take charge of the senior room and that Miss Isaacs be employed to take charge of the junior room, on the understanding that her employment is temporary and that her continuance in the school will depend wholly upon the reports received by the Department from the Public School Inspector.

Dear Sir;

For some time I have been going to write you regarding the teacher in the Junior Room of No 1 school, Dorothy Isaac.

As far as I can see Miss Isaac is useless as a teacher, due directly to the fact that she does not manage the room at all. I believe that the girl is working very, very diligently but she is too mild and kindly in the Indian sense of kindness. I had hoped that as the year wore on she might have improved in this matter but as far as I can see she is no better.

During Bishop Seagers visit to this Reserve the teachers and pupils were over to the church, during the service Miss Field, the Senior room teacher became ill and had to leave, up until this time the children were under control, but after Miss Field left Miss Isaac made no attempt to curb the Children. Finally it became so bad that I had to check them myself.

I rather hesitate to write this as I have a selfish reason, perhaps as our own son is ready to start to school and we cannot under the conditions send him to No 1 school. If it isn't the best for our son then it isn't the best for the Indian children either.

Can a change be made at the summer holidays?

MEMORANDUM

Minister's Office 40-1-1

28th June, 1941.

The Deputy Minister.

We have consulted the Member of Parliament for Lambton-Kent in an effort to secure the services of a teacher for the junior room at the Walpole Island Day School. He says he does not know of any teachers without schools and suggests that the department do whatever it can to secure one right away because teachers are going to be scarce next Fall in that part of Ontario. You might ascertain from the Director of Indian Affairs if he knows of any teachers that are available and would be interested in this position. If so this office will be quite satisfied to have any qualified person appointed.

Dear Mr. MacKenzie:

With reference to your recent telephone enquiry regarding the teachers selected for the Walpole Island No. 1 Indian Day School for the academic year 1941-42, I desire to advise you that the following have been appointed:-

Principal - Mrs. Mary Belle Ross. She is a widow and has had considerable experience in Indian work as her husband was at one time principal of an Indian residential school in western Canada. She holds Ontario qualifications and for the past two years has taught at the Moraviantown Indian Day School.

Dear Sir:

I am in receipt of your letter of August 22 with information regarding the classroom at Walpole Island in which you state that Mrs. Ross will decide whether she will teach the senior or the junior room there. I feel it would not be fair for me to expect her to teach the junior room, and I don't feel like teaching all primary grades when I haven't taught them for so long.

Dear Doctor Christie:

I have for acknowledgment your letter of September 8, written by you on behalf of Mrs. R. J. Ross, who has recently been appointed by the Department to the principalship of the Walpole Island Indian Day School. The Minister is at present absent from Ottawa and is not likely to return for several days.

I have discussed the subject matter of your communication with the officials of the Indian Affairs Branch. These officials feel that some misunderstanding appears to exist in respect to the appointment of Mrs. Ross to the Walpole Island School. The records in the Department indicate that the Reverend R. J. Ross retired from the principalship of the Round Lake Indian Residential School early in the year 1939. Immediately following his resignation he was re-appointed by the Home Mission Board of the United Church to a mission station at Moraviantown, Ontario. Mrs. Ross at that time was nominated for the position of day school teacher at the Moraviantown Indian Day School. It was pointed out, however, to the United Church authorities at that time that married women were not eligible for such appointments under the then existing regulations. In view of the fact, however, that Mrs. Ross was particularly well qualified to undertake instruction at the school, and in response to the representations made to us by the United Church, we appointed her to the position, in violation of our own regulations.

The Department was notified by the Reverend Dr. Dorey, on behalf of the Home Mission Board of the

United Church, on June 14, 1941, that the Reverend R. J. Ross had died in May, and in the same letter the church authorities nominated F. J. Dodson to take charge of the Indian school and to act as missionary on the Moraviantown reserve. This decision on the part of the church authorities meant that Mrs. Ross was compelled to retire from the position of teacher at the Moraviantown school at the end of the academic year 1941. The Department, in a letter to the Reverend Dr. Dorey dated June 16, 1941, intimated to the United Church that inasmuch as Mrs. Ross' services had been satisfactory, we were prepared to nominate her for the principalship of the Indian school at Walpole Island, provided that it was not the intention of the United Church authorities to nominate her for a school operated by the Department in co-operation with them. Dr. Dorey, in his reply dated June 17, 1941, stated:

"I note what you say about Mrs. Ross. I may say that Mrs. Loveys, of the Woman's Missionary Society, has asked Mrs. Ross if she would accept nomination by us, but so far she has not seen her way clear to do so. Consequently, if you desire to communicate with her regarding the vacancy at Walpole Island, I think you should be free to do so. She can then make up her mind as to which position she will accept, as I know she has received a suggestion from the Woman's Missionary Society".

Immediately following the receipt of this information, Mrs. Ross was appointed to the Walpole Island School. This is a two-room school. Mrs. Ross will receive \$90.00 per month and, in addition, free furnished quarters, fuel, light, etc. The officials of the Indian Affairs Branch are not aware of any other school in the Dominion where conditions would be more congenial for Mrs. Ross than at Walpole Island. In addition to the accessibility of the island, she will

have the constant companionship of an associate teacher. In making this appointment the officials of the Department were prompted almost solely by personal considerations for Mrs. Ross. This school was in their judgment the best school available this year.

You can readily appreciate that it is somewhat difficult to give the full history of this particular appointment in a letter at this time. The officials of the Indian Affairs Branch would feel deeply indebted to you if you could find it convenient to call at the office of the Superintendent of Welfare and Training at any time and peruse the correspondence in respect to the employment of Mrs. Ross by the Department - first at Moraviantown and then at Walpole Island.

Indian day school teachers are classified as temporary Civil Servants. They do not contribute to the Superannuation Fund and are not eligible for superannuation allowances. The superannuation to which you refer is no doubt superannuation allowance for which provision has been made by the United Church.

Yours sincerely,

Dear Mr. Daley,

I thought tonight I should write you a little note and tell you what I have done since I left you.

I met Inspector Pierson in Chatham and had a nice chat with him. He would have liked me to go to the Indian convention this last week end but I told him I had not yet been appointed by the Government. Then he asked me to send him the number of my certificate as soon as I heard of my appointment.

I have heard nothing yet, but as I felt it was a matter of form I have gone ahead getting ready to teach in Walpole Island. Tonight I rented my apartment for Nov. 1st and hope I'm on the right road. I could not wait later

as people must give two weeks notice to their tenant on leaving an apartment to take another.

I have just been terribly busy every minute. I have reviewed some primary reading and number work and I hope to do more. Some of the city teachers are getting some seat work for me and everybody wants me to go so I hope I shall arrive. My painting pupils are pushing to get me to help them finish half done work but I'm trying to do as little as possible.

I'm leaving my home to some military people and I have quite a bit to straighten up before they come so I hope I'll not overdo.

As soon as I hear from Ottawa I shall feel more settled and certain of what I'm doing.

Remember me to Mrs. Ross, and
my kindest regards to Mrs. Daley

sincerely yours

Dear Sir:

While on a trip to London recently I interviewed a Miss Phillips in regard to coming to Walpole Island as Junior Room teacher. She came to this Reserve and inspected the school and wished to be considered as a teacher. On her way home she called on Inspector Pearson who inspects Walpole Island School. He informed me at Teacher's Convention that he did not believe this lady was very practical.

Since that time I have received a letter from her in which she states that she has made certain arrangements in order to come to Walpole Island. I am enclosing this letter.

In view of what Inspector Pearson said and my own opinion I do not believe it wise to hire this woman. If your department agrees with me in this connection I would appreciate you writing her a letter direct informing her of your decision.

Dear Sir:

I am in receipt of your letter of the 16th instant with reference to Miss Phillips.

As you have conducted all negotiations with Miss Phillips the Department feels that it is your duty to notify her that her services will not be required at the Walpole Island No. 1 School.

I trust you will continue your efforts to secure a teacher for this school.

In regard to your letter of the 15th instant salary will be allowed Mrs. Dalgety at the rate of \$85.00 a teaching month.

Dear Sir:

I went to Wallaceburg on Oct. 16, and interviewed Mrs. John Taylor as a prospective teacher for the Jr. room at No. 1 School. Mrs. Taylor informed me that she would let me know if she would consider taking the position. She has finally called and told me that if we could not get another teacher that she would take the school until Christmas. It is my belief that if Mrs. Taylor comes as teacher at No. 1 School that she will reconsider and possibly stay until the summer holidays.

Many outsiders seem to be of the opinion that Walpole Island is a very desolate place during the winter but after they get here they find it not nearly as unpleasant as they thought. Mrs. Taylor comes highly recommended by Inspector Pearson who inspects the Walpole Island Schools and in fact, it was on Mrs. Pearson's recommendation that I called on Mrs. Taylor. I would respectfully suggest that we look no further and if your department has not already hired another teacher that we notify Mrs. Taylor of her appointment to the school. Her address is Mrs. John Taylor, Wallaceburg, Ontario.

Your obedient servant,

Dear Sir: Re Resolution 12 Council Meeting Nov. 21 1942

One of the councillors objected to school starting at 9 o'clock as he stated that some of the children live so far away it is necessary for them to leave home before daylight in the morning.

I discussed this matter with Mrs. Ross, Principal of No. 1 school and she was in favor of it.

I would recommend approval of this resolution.

Dear Mr. Hoey;

I am writing you about the situation at No 1 school for the coming year. I had written Mr. Arneil reagrds the same but inderstand that he is away at present.

Frankly we do not want Mrs. Ross back as teacher if it can be avoided. This is possibly a great deal of selfishness on our part but we feel that we do not care to have our own boy soured on school life and this feeling is also true of Mr. & Mrs. Bachus the Customs officer on the Reserve. In all fairness to Mrs. Ross I believe her to be a good teacher but feel that she came here at the wrong time. Her husband had died shortly before she came, she had her heart set on a school I believe on Muncey or some other Reserve and as a result there wasn't anything right about Walpole Island or the school. Our Indians are much more stupid than other Indians (in her opinion) and as a result this attitude has been carried into the school room. It got to such a state that one of my most sensible Councillors stated in council that if things didn't improve that he would not send his children to school even if we put him in jail. Mrs. Ross was well liked and highly respected on Moraiviantown Reserve as a teacher and it seems a pity that an exchange with some other teacher could not be made.

The Bachuses and we do not feel that we can afford to send our children to a school on the mainland but we will have to do so if things happen which we foresee will happen. Mrs. Bachus mentioned about her little boy being of a nervous disposition and Mrs. Ross answered her that when she got to teaching him she would take the nervousness out of him.

Mrs. Taylor teacher in the Junior room last year is very efficient and on top of that has natural ability to understand children. Her husband has but recently been operated on for cancer of the bowel. She could come back when school starts if she were in charge of the residence and could bring him with her.

If you can do anything about this situation it would
be greatly appreciated.

Mr. Jas. W. Daley, Indian Agent, Walpole Island, Ont.

I am in receipt of a letter today from Mrs. Charlotte Walton requesting her salary for the month of September. If you refer to official telegram of August 31 you will note that you were requested to state the approximate date on which Mrs. Taylor would resume duties. If you had replied to that telegram we would have known how long Mrs. Walton would be in charge of the school and would have placed her name on the pay list. As you did not reply, we did not pay her and, therefore, any delay in the matter is due to your neglect to answer our telegram.

Mrs. Walton also requests information regarding the deduction of \$15.36 from her June salary cheque. This was computed as follows:

Payment from June 7 to June 30 inclusive (24/30 of \$85.00)	\$ 68.00
Bonus (17% of \$68.00)	<u>11.56</u>
Total	\$ 79.56

In computing the amount of income tax the basic salary is considered. This was \$85.00, plus 17%, or a total of \$99.45. The income tax on a person drawing salary at this rate per month is \$19.20; 24/30 of \$19.20 is \$15.36, which amount was deducted from the gross cheque, leaving a balance of \$64.20 which was sent to her.

Re No. 1 School

As you are aware the teachers at No. 1 School are Marybell^e Ross and Mrs. Walton. Mrs. Ross is the principal. Mrs. Walton is hired temporarily until another teacher could be secured for the junior room. As you will recall Mrs. Taylor was the junior room teacher and because of the illness of her husband, had to give up the school. She has since been made assistant principal for one of the town schools in Wallaceburg, and naturally is not interested in coming back here.

Mrs. Ross and Mrs. Walton do not get along well together, I do not care to take sides in the matter but believe that one or other should be let go, preferably Mrs. Walton.

I make this suggestion because of Mrs. Walton's age, and also because she is only on temporarily. May I suggest that before anything definite is done that your department write Mrs. Ross regarding this matter, possibly a copy of this letter could be forwarded to her, but would appreciate it very much if she would keep it confidential.

Re my telephone call re teachers for No 1 school.

Mrs. Dalsetty's board would not release her for at least one month. I did not know this until the last minute as the school board did try to get some one to take her place. I believe that she wants to come here if the position is still open at that time.

After talking with Mr. Hoey by phone I wired Mr. & Mrs. J.E. Anderson Kitchener C/o General Delivery and asked them to either phone or wire where I was to meet them in Kitchener but I have still received no word from them. Therefore I did not go from Brantford over to Kitchener yesterday but came back home. I phoned home from the school there on the chance that they might have wired after I left but of course they hadn't. I am proceeding to write them again giving them a copy of Mr. Phelan's letter to me and will direct them to write direct to you.

Dear Sirs:-

We are in correspondence with Mr James Daley, Indian Agent, Walpole Island re the positions as teachers at that point.

We desire information as to maximum salary going with the above position. Salaries quoted to us were \$80 and \$55 per annum.

Is this the maximum salary being paid this term and can any adjustment be made so Mrs Anderson's salary would fall below the limit allowed to married women?

Please advise as soon as possible as time grows short and we are interested in the positions

Re teachers for No 1 school.

After our telephone conversation I wired Mr. & Mrs. J.E. Anderson of Kitchener and asked them to either phone or wire me where I could meet them in Kitchener. I regret that I have had no word from them yet. I went to Brantford but did not go to Kitchener as I had no street address.

As stated on the phone I had every hope of getting Mrs. Dalgetty but at the last minute her school board were unable to get another teacher and Mrs. Dalgetty felt that she had to go there. There is, however, a chance that she might be able to come yet at the end of September.

I am writing again to the Anderson's in the hope that we might still get them if they would be satisfactory but in view of the circumstances I feel that they should be interviewed. I ask them when they wrote to you to state qualifications, ages etc. and I note that they gave you no information as to themselves. I shall report again later if anything comes from them.

Re your letter dated Sept. 13/45 NO 40-1-1.

I believe that Mr. Marshall is making a real sacrifice in taking on the teaching of the Senior Room at No. 1 school. I believe that he is doing it in a truly missionary spirit and is not thinking of the salary involved at all. Nevertheless he is going to do the teaching and I have every reason to believe will do it well and for that reason should be paid as much as your Dept. feel can be paid. Certainly he should get the same salary as Mrs. Dalegetty as he will not be getting the advantage of a free house etc.

May I suggest that if another teacher is found that she be slated for the Junior room as Mrs. Dalegetty would prefer the Senior Room to the Junior and is only taking the junior room because Mr. Marshall has had no experience as teacher with the junior grades.

I am enclosing an application from Myrtle Williams of this Reserve Amalgamated No. 106 applying for the position of Junior Room teacher at No 1 school. As you are aware Rev. Marshall only took the Room in the school until such time as we were able to engage an other teacher. Since that time I have tried several teachers but have been unsuccessful in hiring any. Myrtle Williams has been working in Detroit for sometime and certainly has the ability to handle the room under the supervision of Mrs. Dalgetty as Principal. In fact Mrs. Dalgetty was the first to draw my attention to Myrtle as a possible teacher in the junior room. I certainly would recommend her having known her for many years; in fact she is a former pupil of mine. If this application meets with your approval I would appreciate hearing from you at your earliest convenience.

OK when sober - will do as advised meaning her for a while

The Director of Training

Dear Sir:

As hussimory ministering to the bulk of the Indians on Walpole Reservation I hope it will not be felt presumptuous of me to ask the Department plans re securing teachers for next term for our two day schools.

No 1 School has Mrs Dalgety as Principal - and I understand she is leaving at the term end. In any case the feeling is that the teacherage should not be occupied by a family of this people - eliminating the chance of securing a second teacher for lack of accommodation. At the moment too an Indian young woman living on the Island is taking No Junior Room but as she has no training and only one years higher education - this cannot be considered satisfactory.

Last year the school was unable to open in September because no teachers were available

and this year the agent informs me that he is
doing nothing to secure teachers.

The situation at No 2 School is not too satisfactory
when Grade Six seems the furthest advancement
made ..

Perhaps it would obviate the necessity of my
bothering you if I knew when your Inspectors
were due at the Island. I am keenly
concerned that adequate training be made
available to our people.

Thanking you for any information

Attention Mr. Phelan

Dept. Mines & Resources Indian Affairs Branch Ottawa

Morley McCracken from Sarnia called this morning by phone and informed me that you were trying to get me by phone yesterday. I was not in the office a great deal of the time yesterday but Mrs. Daley was at home and should have heard any calls here.

About the school situation on the Reserve No 2 school is in charge of Mrs. Ethel George and it is her desire to stay. You are aware of her qualifications and I believe that her report from the Inspector is fair.

At No 1 we have Mrs. Maude Dalgetty in charge, part of the past academic year she taught the Junior room, and part of the year the Senior room, after Mr. Marshal was relieved by Myrtle Williams, Indian, of this Reserve.

There would appear to have been misunderstanding about Mr. Marshal giving up the school. I understood that he said that he would take the senior room until another teacher could be procured; he now insists that he said that he would keep the room until another qualified teacher could be procured. Myrtle Williams was talking to Mrs. Dalgetty and told her what she would like to take the junior room and it was agreed that if she would come to the room and work under Mrs. Dalgetty for a week or so and if she was then able to carry on, Mrs. Dalgetty would recommend her to this office. Mrs. Dalgetty was satisfied that Myrtle could do the work and under that recommendation, I recommended her to you. Her subsequent good work has justified that recommendation. The new school inspector has stated that she is doing the work all right but that she is using the older methods.

Mr. Marshal was here sometime ago and stated that he thought that the teachers of the school should be mission workers and that they would be a great help to him in his work; I appreciate his reasoning and if all things were equal I would

favour his plan but we have a qualified teacher in charge of the school, and we have an Indian girl doing a reasonably good job teaching the Junior room; the teachers get along well together, there is no question about the living quarters, I certainly am not in favour of a change.

Frankly, I am not in favour of the church interfering with the day schools anyway, if ministers wish to enter the schools to teach their particular faith that is fine but as the Department does the paying, the churches should stay out of the management. I have every respect for Mr. Marshall and did appreciate him stepping in, when he was sorely needed, but now other teachers are there and I feel that he should run his church and the teachers, agent and Dept. run the school.

I hope that you do not think I am being too blunt in this matter.

No. 1 School, Walpole Island

The Indian Agent informs me that he does not intend advertising for teachers! This is a two roomed school with a small teacherage for the two teachers. Last summer the agent did nothing to secure teachers and in September the school was unable to open.

The agent is interested financially in the Algouac-Walpole Ferry service, operated by his life long friend Mr. N. Dalgety. Mrs. Dalgety is a school teacher. Last year the Dalgetys were in a sad plight because they had to vacate the house they rented on Walpole Island and nothing else suitable offered. The agent then arranged for Mrs. Dalgety to take the No. 1 School, and the family (5) occupied the teacherage.

I was asked to teach, and agreed to take the senior room until a teacher could be secured. Later the agent arranged for an Indian girl with only one year's high school (gained whilst an inmate of an American Home of Correction) to take charge of the Junior room, as Mrs. Dalgety asked for the senior grades and I was unwilling to take them.

Now the position is that the teacherage is occupied by the Dalgety family so that a second teacher could not possibly be accommodated, and the Indian people feel that the arrangement was merely one to suit the Dalgetys and the agent whom they claim is a sleeping partner in the ferry business.

It should be noted that this year under my tuition the first pupil to qualify for High School passed, the first pupil in a number of years. This is not a church controlled school - it used to be, and in those days we graduated Grade VIII pupils regularly and sent one or two to University. I do not feel that the criticism of church operated schools is justified - and it is encouraged by the Indian Department officials because they want full control themselves. When we have Christian teachers, or missionaries serving a principal, we have people interested in the Indians, not teaching for a job.

On Walpole Island, as an example of a Departmentally run school, we have had only one real certificated teacher since the Department took over from the church. We need teachers who are interested in the moral and physical training, and these are best assured by securing missionary hearted people.

No. 2 School, Walpole Island

This is a one roomed school with a native teacher whom the Indians do not regard very highly. She is a married woman who was living apart from her husband, but I believe the husband has now died. I am concerned at the fact that the pupils never get beyond Grade VI, and the conditions around this school are notoriously immoral.

Memorandum

DIRECTOR.

Teachers at Walpole Island No. 1 and No. 2
Indian Day Schools.

With reference to the letter received by you from Mr. W. Bryce, Member of Parliament for Selkirk, I am referring only to those sections of his letter which deal with the teachers and schools.

1. Mrs. Maude Dalgety - Senior Room Walpole Island No. 1 Day School.

The Inspector's report on this school is dated June 25, 1946 and is signed by Mr. F.L. Barrett, Inspector of Schools for the Province of Ontario. Mrs. Dalgety has a Permanent First Class Certificate and has had eleven and a half years teaching experience with two and a half years in Indian schools. She taught last term at S.S. No. 16 in Chatham Township.

The Inspector rates this teacher as follows:
A (excellent) for Appearance, Health, Personality, Initiative, Discipline, Relations, and Management. B (good) for Teaching skill, Preparations, Language, Community Service and Pupils' progress.

Under General Comments Mr. Barrett says:
"Mrs. Dalgety is a competent teacher and the work in general is good. A splendid craft programme is being carried on".

Conclusion:

In view of the above report I notified the Indian Agent on July 12th, that the services of Mrs. Dalgety should be retained in her present position.

2. Miss Myrtle Williams - Junior Room Walpole Island No. 1 Day School.

The Inspector's report on this school is dated June 25, 1946 and is signed by Mr. F.L. Barrett, Inspector of Schools for the Province of Ontario. Miss Williams has no professional certificate and no previous teaching experience.

The Inspector rates this teacher as follows:
B(good) for Appearance, Health, Initiative, Relations and Community Service and C (Fair) for Personality, Discipline, Management, Teaching Skill, Preparations, Language and Pupils' Progress.

Indian Affairs. School Files.
(RG 10, Volume 6175, File 442-1, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Under General Comments, Mr. Barrett writes:

"Miss Williams is doing fair work for an inexperienced and unqualified teacher. She has profited by the help Mrs. Dalgety has given but she definitely needs professional training. It is only natural that she should teach as she was taught and, in consequence her methods are somewhat outdated. However, she is drilling on the fundamentals to such an extent that the children are leaving her room knowing a fair amount of factual material. The size of the class would present a real challenge to an experienced teacher and it is to Miss Williams' credit that she is doing as well as she is".

Conclusion:

After reading the above report, I wrote as follows to the Indian Agent on July 12th:

"I note your report regarding Miss Myrtle Williams. While you state she has done reasonably good work, at the same time it must be realized that she is not a qualified teacher.

Do you consider that it would be possible to secure a qualified teacher to replace her? Please give this matter your immediate attention and let me have an early reply".

As yet I have received no reply to this letter.

3. Mrs. Ethel George - Walpole Island No. 2 Day School.

The Inspector's report on this school is dated June 24, 1946 and is signed by Mr. F.L. Barrett, Inspector of Schools for the Province of Ontario. Mrs. George has no professional teaching certificate but she has been teaching for some forty-four years with twenty-two years in Indian schools.

Notes:

(She was first appointed as teacher of the Kettle Point School in the Sarnia Agency on January 1, 1907. She was transferred from that school to the Walpole Island School on January 1, 1924).

The Inspector rates this teacher as follows:
B (Good) on practically the entire scale.

Under General Comments Mr. Barrett writes:

"On the whole the pupils are making fair progress. Many, however do not begin school soon enough and, hence, are over-age for their grade. More Manual Training would seem advisable in order to create an interest in school and help those not academically inclined. Additional copies of the "Dick and Jane" readers are needed. The teacher is to be complimented upon the neat and attractive appearance of the grounds".

Conclusion:

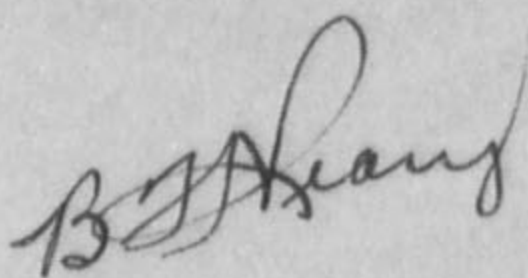

In view of the great shortage of certificated teachers and Mrs. George's long and satisfactory experience I wrote to the Indian Agent on July 12th and told him that the services of Mrs. George should be retained for the academic year 1946-47.

General Comments:

I have this day wired Mr. Phelan in care of the Indian Agent at Sarnia to proceed to Walpole Island and there to interview both Indian Agent Daley and Reverend Mr. Marshall. I feel that there can be no complaint about the services of either Mrs. Dalgety or Mrs. George. We have already indicated to the Agent that he should replace Miss Williams with a certificated teacher. Insofar as the teacherage being used by the Dalgety family, I would prefer withholding comment on this until hearing from Mr. Phelan.

Dear Sir:

Herewith is a copy of a preliminary memorandum which I prepared for the Director in answer to certain statements made by the Reverend A.R. Marshall of Walpole Island.

You will note that the only unsatisfactory teacher insofar as the Inspector's reports would indicate is Miss Williams. I have already written to the Indian Agent requesting that she be replaced.

As soon as a report is received from Mr. Phelan who is going to Walpole Island to interview both Reverend Marshall and the Indian Agent, a further report will be sent you.

Sincerely yours,

Memorandum:

Colonel Neary,
Superintendent of Welfare and Training.

On receipt of your telephone message to me in Sarnia on July 25th regarding the letter received by Mr. W. Bryce from Reverend A.R. Marshall, Indian Missionary, Walpole Island, Ontario, I immediately phoned the latter and arranged to see him at ten thirty A.M. Friday, July 26th.

I met him at the time mentioned above and had an interview with him lasting one hour.

WALPOLE ISLAND NO. 1 School.

During the academic year 1945-46 this school was in charge of Mrs. Dalgetty as Principal and Miss Myrtle Williams as Assistant. The former is a fully qualified teacher but the latter who is an Indian girl has no professional qualifications.

When Mrs. Dalgetty was appointed in September, 1945, the Indian Agent did not advise this Branch that the teacher, her husband and three children would occupy the teacher's living quarters at the No. 1 School. As a result, when the second teacher was secured it was necessary to obtain someone who would not live in the teacher's quarters as there would be no accommodation for another person in view of the fact that the quarters were being occupied by a family of five.

Reverend Mr. Marshall admitted that Mrs. Dalgetty was a good teacher but took exception to the situation that has existed with regard to the living quarters and also to the employment of an unqualified teacher as assistant.

Mr. Marshall who is an Anglican Missionary of the Walpole Island Reserve has held that position for the past year and appears to be extremely interested not only in the education of the Indian children but in their general social welfare. He expressed the opinion that if we could secure a man and his wife to take charge of this school, it would be the ideal situation. I agreed with him but pointed out that it was difficult to secure such teachers. He admitted that he did not know of such a couple at the present time but that it might be possible to secure such a couple in the future.

For the academic year 1946-47, he felt that it would be desirable to appoint two female teachers who would not only carry on the school in a capable manner but would give him some assistance in organizing boy scouts, girl guides, etc., and thus improve the general situation on the Reserve. In view of the difficulty we have experienced in obtaining teachers these past few years, I told Mr. Marshall that we were not aware of any two qualified female teachers. He expressed the opinion that he could secure them. I told him that if he could do so, he should let us know early in August and that I felt certain that the Department would approve of such appointments. Reverend Mr. Marshall intends to be present at an Anglican conference at Bayfield, Ontario, during the current week and I promised him that a letter would be written to him authorizing him to secure if possible two qualified female teachers for the coming academic year.

(RG 10, Volume 6175, File 442-1, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

The Indian Agent appears to regard the services of Mrs. Dalgetty very highly and did not see any reason against allowing herself and family to occupy the living quarters at the No. 1 School. He also expressed the opinion that the Indian girl who served as assistant had done fairly well.

I believe that Reverend Mr. Marshall can secure two qualified female teachers and that they would work in conjunction with him and that such co-operation would be beneficial to all the Indian children in the vicinity of the No. 1 School.

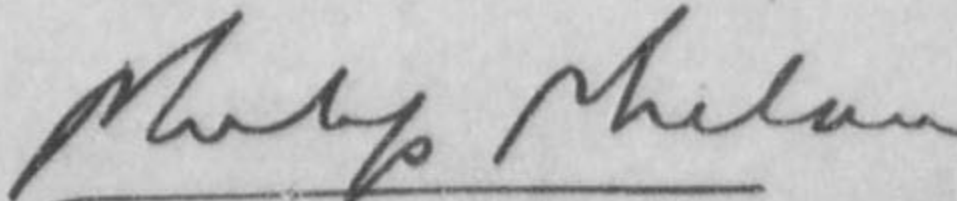

WALPOLE ISLAND NO. 2 School.

Reverend Mr. Marshall's letter to Mr. Bryce regarding this school reads as follows:

" This is a one roomed school with a native teacher whom the Indians do not regard very highly. She is a married woman who was living apart from her husband, but I believe the husband has now died. I am concerned at the fact that the pupils never got beyond Grade VI and the conditions around this school are notoriously immoral".

In discussing this paragraph with Mr. Marshall he agreed that the immoral conditions which he mentioned are not due to the employment of Mrs. George. I pointed out to him that she has been in our employ for many years and that the reports received from the Provincial School Inspector were always reasonably satisfactory. The fact that few of the pupils went beyond grade six was likely due in part at least to the apathy on the part of the parents. He agreed that such was a fair presentation of the situation. As Mr. Marshall stated that Mrs. George was still extremely active he withdrew any opposition he might have had towards her continued employment for the academic year 1946-47. I informed Mr. Marshall that we would write to Mrs. George and direct her to co-operate to the fullest possible extent with Mr. Marshall in organizing Boy Scouts, Girl Guides, etc. so as to improve conditions among the younger Indians living in the immediate vicinity of the No. 2 School.

Reverend Mr. Marshall appears to be a very reasonable man and is anxious to do everything possible for the Indians on the Walpole Island Reserve. He appreciated the fact that Mr. Hoey and yourself had asked me to interview him.

No. 1 School, Walpole Island.

The Indian Agent informs me that he does not intend advertising for teachers. This is a two roomed school with a small teacherage for the two teachers. Last summer the Agent did nothing to secure teachers and in September the school was unable to open.

The Agent is interested financially in the Algouac-Walpole Ferry service, operated by his life long friend Mr. N. Dalgety. Mrs. Dalgety is a school teacher. Last year the Dalgetys were in a sad plight because they had to vacate the house they rented on Walpole Island and nothing else suitable offered. The Agent then arranged for Mrs. Dalgety to take the No. 1 School, and the family (5) occupied the teacherage.

I was asked to teach and agreed to take the senior room until a teacher could be secured. Later the Agent arranged for an Indian girl with only one year's high school (gained whilst an inmate of an American Home of Correction) to take charge of the Junior room, as Mrs. Dalgety asked for the senior grades and I was unwilling to take them.

Now the position is that the teacherage is occupied by the Dalgety family so that a second teacher could not possibly be accommodated, and the Indian people feel that the arrangement was merely one to suit the Dalgetys and the agent whom they claim is a sleeping partner in the ferry business.

It should be noted that this year under my tuition the first pupil to qualify for High School passed, the first pupil in a number of years. This is not a church controlled school - it used to be, and in those days we graduated Grade VIII pupils regularly and sent one or two to University. Dear Sir.

Thank you for the information re the teaching
staff at the school here.

I hope you can secure this - no means but regret
having failed in securing a second teacher who
has the necessary qualifications. Had I been
authorised to seek teachers sooner I am quite
sure I could have had the cream of those
attending our summer schools where I am
lecturing during the summer - but those
I met were all signed up.

As I explained to Mr. Phelan, we need more
than merely qualified teachers on Walpole as
the situation calls for whole hearted co-operation
to meet a sad moral condition. For this reason
I felt very strongly that the young native woman
engaged last year for the Junior was a mistake.
Miss Williams is a capable girl but disliked by
her own people, and without that school training.
If we take Indian girls with public school standing
alone and make them teachers it becomes difficult
to promote interest in higher education.

I suspect that Miss Williams could make a capable teacher if she were prepared to take up her education where she left off.

I am very anxious that both rooms be opened in September. Last year no one knew what was going to happen - and in fact nothing did happen until October when, with my taking the senior Room, we secured Mrs Dalgety. I spoke to Archbishop Seager at that time about the possibility of continuing as teacher missionary as in our northern schools, and if we find great difficulty this could be effected, with, I believe the good will of our Indian people, but I could not manage the Junior room except as an emergency 'fill in'.

There is a young white woman on the staff of the Blue Water Christian Conference - near Walpole - whom I propose nominating for a Supervisory position on our Residential ^{Schools} staff. She has her High School Grades but is not a teacher although remarkably capable. If nothing better offers I could have her meet the Agent here and he could decide.

I am sorry I have been unable to do better in such a short time but I do appreciate your efforts. We did feel last year that nobody cared about the situation.

Sincerely

A. R. Marshall

Re your letter dated September 23/46 No. 40-1-1 (W.T.1)

This is to inform you that school reopened on Sept. 30/46.
In making enquiries re teachers after the new year it would
appear that the salary will be the chief difficulty. I have been
in touch with the secretary of the consolidated schools of this
district and he had a Miss Fancher who might have been interested
but the salary would have had to be at least \$1400.00 per year.

If the question is not out of order what would be the
maximum salary the Dept. would pay for a qualified teacher
with a bona fide recommendation?

Re: Walpole Island Indian Reserve,
Summer Cottagers paying Taxes.

Dear Mr. Clark:

We have approximately 110 white cottagers resident on this Reserve. They own their cottages and rent or lease the land from the Indian Locatee.

Under the Assessment Act, Sombra Township is allowed to assess the white man's interest on the Reserve. The average assessment is about \$250.00, and the average tax for last year, about \$3.80 I'm told, in addition to the cottagers, we have the St. Clair Flats Shooting Club, and St. Annes Shooting Club, and the Cooper Estate Farm Lease, whom are also paying taxes.

I would like very much, like to know the total amount of taxes paid to Sombra Township, County of Lambton, by the white lessees from this Reserve, for the last completed tax year, and also the total amount that should have been collected.

As an Indian I know I cannot get this information, but I thought being you are a M.P., you could. I desire this information for use, if I have the opportunity of addressing the Parliamentary Committee meeting to re-draft the Indian Act.

Yours truly,

Dear Mr Phelan ;

Hearing that Mr Arneil was on the island on Monday and Tuesday I phoned him regarding the teacher vacancy at No I School. I informed Mr Arneil that we (our church Board of Management) had located a teacher prospect whom we wished to nominate, and was somewhat shortly informed by Mr Arneil that he was appointing Mrs Daley wife of the Indian Agent.

In view of the fact that we do not feel Mr Arneil has the right of appointment in this case and in view of your own most fair and considerate attitude in the matter, I decided after consulting with my Board to go ahead and nominate a Mrs Sharen of Wallaceburg.

Mrs Sharen is an Anglican, and if appointed will be the first Anglican teacher appointed here in many years. Mrs Sharen is married with two children not young enough to be an impediment. She is teaching as substitute teacher in the Wallaceburg Public Schools, and was strongly commended to me by the Rector of Wallaceburg.

I wish it made clear that this is no reflection upon Mrs Daley, and if she is anxious to teach it might be possible to replace the High School Boy now teaching the Junior room, (that of course is your affair), but our Board of Management which incidentally was the best attended in years demonstrating the interest of our people in this matter did feel that the time had come to fight for a break for the Church ...doing all the work on the island, and needing help and encouragement in a stiff job rather than a vindictive 'hands off' attitude.

Thanking you and with every good wish

I am

Dear Reverend Marshall:

Mr. Phelan is away inspecting our schools in the Maritimes. I have received your letter of February 6th addressed to him.

Mr. Arneil had phoned the Department immediately he heard that Mrs. Daley was willing to teach in the senior room for the remainder of the year. In view of her qualifications and fifteen years of teaching in both white and Indian schools, the Department appointed Mrs. Daley as teacher of the senior room at Walpole Island No. 1.

It is unfortunate that we had not your nomination for Mrs. Sharen previously. The Department advertised in the Chatham Daily News for this position recently but received no applications.

It has never been the policy of this Department nor Provincial Departments of Education to replace teachers in the middle of the term unless there is good reason. You can understand the disrupting effect that such a change has on the pupils of a room and the unfairness to the teacher concerned.

We do appreciate your efforts to obtain a teacher for this school. It is understood that Mr. Stratton only intends remaining in our service for the remainder of the academic year. Would Mrs. Sharen be interested in a position at this school for the academic year 1947-48.

In the meantime, we have a vacancy for the position of principal of a two-room school at the Kettle Point

Dear Mr Neary ;

Thank you for your letter regarding the recent appointment to the vacancy at No I School here. When I phoned Mr Arneil he was then at the Agents' house or office. I informed him that we had a lady in view but he said he had appointed Mrs Daley, and I understood he said he had not yet sent the appointment to Ottawa. When I said we still wished to nominate Mrs Sharen and if necessary I would send to Ottawa, he very shortly said, "Do that". I do not feel that the appointment had then been made by Ottawa, and I am asking your re-consideration of same on grounds which I hope to make clear.

I have recently been appointed by the Archbishop to head up our Indian Workers committee, and I believe that this situation at Walpole is a good test case of the ability of church and Dept to co-operate. I am certain that with men like Mr Phelan, or at least the attitude he took when here last year...we should have no difficulty in co-operating for the good of the Indian. I am sorry to say however that the decisions he made seem to have been over ridden, and however much we desire to co-operate we are now conscious that the welfare of the Indian or the church is not very likely to be considered first.

Our denomination has been working for a Century here. We own the allegiance of by far the majority of the people. During the Anglican Advance Movement last year we took a new person to person canvas, and actually discovered that very few families did not either belong to us or look to us as their church for every purpose. There is no other denomination working here. I have an official letter from the United Church giving me their blessing in taking all the people under my wing...and stating that the only block was one or two local Indians headed by Elder Soney who for personal economic reasons wished to retain the United faith. Nor have I restricted myself to our people in my ministry...and rejoice that the few outside my flock are able to claim some Christian allegiance.

Despite the fact that we held the majority of the people and had been here so long...when I took over here two years ago I was asked to build up (or attempt to build) a broken down work. Mr Daley in conversations was not slow to inform me that the reason for the breakdown was that every Minister here no matter what denomination was either a rogue, immoral, or useless. Under the circumstances it did not take me long to appreciate that little real co-operation could have been possible between my predecessors and the Agent. I am in somewhat of a position to claim to know the Indian...can talk a bit of their language, and have given up a lot to work with them. In two years we have made remarkable recovery....but I have been very conscious again and again that where co-operation from the Dept is to be desired it is absent. When I mentioned to Mr ARNEIL that Mr Daley was non-co-operative he used much harsher terms ...which makes it still more difficult for me to understand how...having such a poor opinion of the Agent he would do anything to inflict him upon our work and people any longer than necessary.

Appreciating Mr Arneils difficulty last Fall I did all I could to co-operate, and even went to the former teacher Mrs Dalgity and to-gether with Mr Arneil persuaded her to carry on. It was then that Mr Arneil said he would not appoint Mrs Dalgity except for the full scholastic year so that her leaving in January was a surprise. I had nothing against Mrs Dalgity....but she was not in sympathy with our church...and of no help to us. The same is true of Mrs Daley whom I respect...although there will be opposition to the family going back into the teacherage. Mr Phelan thoroughly understood that apart from any rights our denomination might claim under the Act...the work facing us on Walpole demanded all the co-operation and sympathy any of us could give each other. We do not feel we are getting it in this matter, and unless a clean cut decision is made now I do not believe we shall stand much chance of successfully nominating anyone next September.

I think perhaps that one issue we need to settle is whether we have any moral or legal right under that section of the Indian Act which grants a 'majority' denomination the privilege of nominating the teacher? I think too that with a two roomed teacherage provided here the Dept may well insist that the teaching staff be accomadated there..without having to board a teacher out. In this regard of course the difficult times have to be considered as with the qualifications of the teacher.

I am aware that much of this will be outside the province of your department of Training ..except that it might make clear our reasons for heartily desiring that the teachers be missionary hearted and at the least willing to work with us. If anyone could show me one piece of work being carried out on this reservation for the good and welfare of the Indian, outside of the church, I would be suprised. The people can be led but are hard to drive anyplace.....We have just paid for an eleven hundred dollar electric organ...every cent raised by the Indian...on the island.

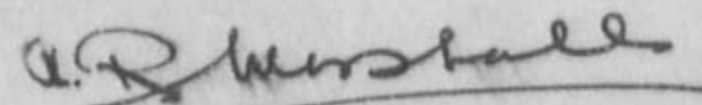

It is time that we realised that the Indian resents and hates the white man because every white man having offical or other business with the Indian has an ulterior motive..and this is just as true I fear of some of us who are Missionary workers. I do believe however that when that natural suspicion on the native part is overcome by a man with a sincere desire to promote his welfare...almost miracles can be worked.

You will forgive the lecture which I know you have no need of. I do assure you that I have no restriction upon my desire to fully co-operate ,and I might add that in former days I found Mr Hoey most delightfully co-operative.

I shall not commend Kettle Point vacancy to Mrs Sharen as I am vitally interested in Walpole Island and not Kettle Point. I shall ask Mrs Sharen to place her application with you now as I believe despite the policy of the Dept not to replace teachers in the middle of term...it has been done here twice in the past year or so...and no doubt can be done again.

Thanking you ,and with kind regards

Yours Sincerely

Reverend A.R. Marshall.

Dear Reverend Marshall:-

I have for acknowledgment your letter of February 11th.

It is felt that there should be no difficulty in co-operation in this matter between the Church and the Indian Affairs Branch.

(a) You wrote on June 24 concerning the situation and pointing out the unsatisfactory condition in the Junior Room of the No. 1 School.

(b) We answered on June 28th, and I informed you, Mr. Phelan would be visiting the Island.

(c) We

To review the situation

(a) On August 3, 1940, we received a letter from the Bishop of Huron requesting the appointment of two Anglican teachers at this school.

(b) On August 8, 1940, the Director acknowledged the Bishop's letter and requested that applications be forwarded for these positions.

(c) On September 10, 1940 we appointed two Anglican teachers -

1. Miss Field - recommended by the Rector of Christ Church in Saskatoon. She resigned, to be married, in June 1941.

2. Miss Isaac - who gave as a reference the Rev. Mr. W. Hall, your predecessor at Walpole Island. Miss Isaac proved a poor disciplinarian and we dispensed with her services in June, 1941.

(d) In September, 1941 we appointed Mrs. Ross, United Church, as principal. Teachers were becoming scarce by this time and after some difficulty we obtained the services of Mrs. Taylor, recommended by Mr. Pearson, Inspector of Schools. Mrs. Ross, though of the United Church, taught Sunday School in the Anglican Church on

the Island.

(e) In May, 1943, Mrs. Taylor's husband became seriously ill and we hired Mrs. Walton as a substitute.

(f) In October, 1944, Miss Chinnick replaced Mrs. Taylor.

(g) In June, 1945, both teachers resigned and Mr. Pearson, Inspector of Schools, informed us he was unable to suggest teachers due to the great shortage thereof.

(h) In September, 1945, the Department appointed Mrs. Dalgety as principal and you as teacher of the Senior Room on a temporary basis.

(i) In February, 1946, you were replaced by Miss Myrtle Williams.

(j) On June 24, 1946, you wrote concerning the unsatisfactory condition in the Junior Room of the No. 1 School.

(k) As a result of your letter and the Inspector's report, we dismissed Miss Williams.

(l) On July 26, 1946, you were visited by Mr. Phelan, Chief of the Training Division, and informed him that you were of the opinion you could nominate two Anglican teachers for this school.

(m) We tried to obtain the services of Miss McMeans, and Anglican teacher, for the school, but she obtained another post. You were unable to nominate another teacher as per your letter of August 24.

(n) Largely due to Mr. Arneil's efforts, Mrs. Dalgety was persuaded to stay on in the Senior Room and Mr. Stratton

as follows:

"If the majority of the band belongs to any one religious denomination, the teacher of the school established on the reserve shall belong to the same denomination."

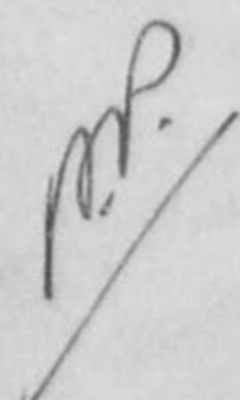

Is it to be inferred from the last paragraph of your letter that you would wish the Department to replace Mr. Stratton with Mrs. Sharen as teacher of the junior room at this school?

Yours sincerely,

Ottawa, February 24, 1947.

Dear Reverend Marshall:

I have for acknowledgment your letter of February 11.

It is not felt that there should be any difficulty in cooperation in this matter between your Church and the Indian Affairs Branch.

In 1940, at the request of the Bishop of Huron, we appointed two Anglican teachers at the Walpole Island No. 1 School. Unfortunately, they only remained for a year, and since then the teacher situation has been such that we have been forced to accept whatever teachers were available.

Last summer, as you know, Miss Williams was dismissed as a result of representations made by yourself and after receiving an unsatisfactory inspector's report. At that time you were informed that we were willing to put in two Anglican teachers at this school. However, it was not possible for you to nominate qualified teachers at that time.

When Mrs. Dalgety indicated that she was resigning, Mr. Daley advertised in the Chatham Daily News on December 10, 11, 12 and 13 for a teacher, but no applications were received. As Mrs. Sharen's application has not reached us as yet, the Department has approved the appointment of Mrs. Daley as teacher of the senior room.

It is presumed that you are referring in your letter to Section 100 (2) of the Indian Act, which states

Re: Voucher 246

The above was issued in favour of the Chatham Daily News and covered advertisement for teacher for the senior room at the Walpole Island No. 1 School. In official letter of November 29th, 1946, in which you were authorized to insert an advertisement, you were advised as follows:

"In the event of you advertising, we will require an account from the publisher and the account should show the size of the advertisement, the title, the dates on which it appeared and the rate (per inch or per line). The account should be accompanied by as many tear sheets as insertions."

Attached to your voucher #246 was only one copy of the paper. The King's Printer required tear sheets for December 10, 11, 13, 14 and 16. Please forward these so we can arrange payment of the account.

Dear Sir ;

I have not previously answered your letter of Feb 24th as I have been waiting Mrs Sharens' application. The delay was I understand caused by Mrs Sharens understandable reluctance to make application whilst Mrs Daley was engaged. I am personally supporting Mrs Sharen in applying for the Principalship of the school on the grounds that with the majority of the people members of our church, and the remainder almost wholly looking to us for ministrations, we have under Sect 100 of the Indian Act the right to expect that consideration which the Indian Affairs Branch have ever extended to the churches operating for the welfare of the Indian.

I am not seeking a drawn out discussion in the matter for no good can be served....but I am insisting with all my power and influence upon the right of the church to be interested in the people entrusted with the teaching of the Indian. I would further add that I am not even vitally concerned as to the teachers being members of my denomination providing they are here to do a job of work for the good of the Indian...and willing to give and accept our co-operation. When I arrived here two years ago the Principal was a Miss Ross...the widow of an United Church Clergyman..... She was certainly not Anglican...but she suited us admirably...was loved by the people and detested by the Agent...so she went.

In Mrs Sharens case I am glad she is an Anglican...It will save many complications...and if a qualified second teacher cannot be secured she has a lady living with her at Wallaceburg who would suit us excellently, and while not a qualified teacher has had many years experience among children in church work etc.

Yes, Sir I am referring to Section 100 (2).....with five hundred and eighty nine resident Indians on my church membership I see no reason why I should not expect your co-operation. As for the Dept policy of not changing teachers in mid term....it happened last year without necessity...and can happen again I am sure.

I must take exception to your statement that as a result of my representations last Summer..Miss Williams was dismissed. Miss Williams is or was a member of my church...and much bad capital has been made of this untruth. My representations last Summer were made in relation to the whole work of the schools on the island....Mr Daley, when he engaged Miss Williams pledged that it was only for the balance of the term...and himself stated that I could go ahead and find teachers. It was merely because his friend Mrs Dalgity wanted to stay until her house was ready for occupancy..that Mr Daley engaged Miss Williams again....knowing that no teacher would accept the Junior room when the teacherage was occupied by Mr & Mrs Dalgity and three small children...one too young to attend school. Your Mr Phelan had a co-operative and understanding attitude in the matter...and it is my hope that he interpreted rightly your departmental reaction.

Indian Affairs. School Files.
(RG 10, Volume 6175, File 442-1, part 4)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

I have stated that I want to avoid controversy . I cannot ask you to replace Mr Stratten with Mrs Sharen.....although you must do as you wish about that.....I want teachers..and especially the teacher handling our pre confirmation age children...(Seniors) to be Anglican ..or at least sympathetic towards us. The Junior room teacher is not nearly so important.....but here too we would very naturally value a church person.

I think too in view of the progress we are making on the island, and our future plans...we should have your departmental policy in regard to such a situation as Walpole provides ...in relation to Section 100(2)...because we are not always going to be satisfied with the obvious disregard of the needs of our people by those entrusted with their welfare.

It must be a bad headache for you and your field staff.....but I feel with you that there ought to be no difficulty in co-operation between your Dept and my Church.

I might say that I doubt very much that Mrs Sharen would take the Junior room under Mrs Daley..who has been out of practice for several years..and has a young family . Mrs Sharen would have a boy in the Senior room, a girl going to High School at Wallaceburg. I should most certainly suggest Mrs Sharen as Principal....if Mrs Daley is to continue this term.

Thanking you for the courtesy

I am

Yours sincerely

Dear Mr. Marshall:

I have for acknowledgment your letter of March 4th. After much serious consideration, the Department has decided to retain the services of Mrs. Daley and Mr. Stratton as teachers of the Walpole Island No. 1 School for the remainder of the present term.

We are quite prepared to accept the services of Mrs. Sharen for the 1947-48 academic year. It will be necessary also to replace Mr. Stratton as we understand that he intends to continue his education. Has Mrs. Sharen a family who will occupy the teacher's residence? We must remember that the residence is intended only for the two teachers who are actually conducting classes at the school. However, we will expect to hear from you with the nomination of a qualified teacher for the junior room at this school.

In view of your statement concerning Mrs. Ross and her resignation, you might be interested in the attached letters which were (a) received from Mrs. Ross and (b) sent to Mr. Daley at the time of her resignation. You will note that the Agent only knew of her resignation through the Department.

Dear Mr Neary;

Regarding the appointment of Mrs Sharen as Principal of our No I School. I have spoken to Mrs Sharen and she will accept the position to commence duties in September 1947.

The position of Junior Room teacher might, if you agree, be filled by Miss L. Barlow a friend of Mrs Sharen who resides with Mrs Sharen, and who might fill the post well under the supervision of the Principal. Miss Barlow is not a qualified teacher but she is an English girl of I should say near middle age, of excellent reputation, and at the moment in business at Wallaceburg. These women are friends...of long standing and my reason in suggesting this is that the arrangement may stick and save the tragedy and bother of changes in staff.

I think you have Mrs Sharens qualification....and her family would be four...one child however is at High School and may not be living on the Island. I am interested in this set up because we need leaders to organise and assist with Guide and Brownie work, etc...and I see possibilities of good things for our Indian youth.

However I hold no brief for either of these ladies...and have always felt that qualified teachers should be the ideal if they can be secured.

Furthhere to your comments re Miss Ross in your March 17th letter. Please note that the reason Miss Ross left Walpole was

the fact that Mr Daley would not hire a janitorI have Mr Daleys own comment on Miss Ross that she was not 'for the Agent' and in view of the fact that a good janitor was hired when Miss Ross left...one can only hold ones own opinion. I repeat that in Miss Ross Walpole lost a good friend and excellent teacher who while not of my Benomination I could have worked with happily in view of her love for our Indian people. Women of Miss Ross calibre are hard to secure...and I think someone should have enquired as to whether she was receiving a fair deal before allowing her to resign.

With kind regards

Yours sincerely

Dear Mr. Marshall:-

I received your letter of March 31st containing recommendations regarding the teaching services at the Walpole Island No. 1 Indian Day School for the academic year 1947-48.

I have given your letter considerable consideration and as a result my reply has been delayed.

We are willing to co-operate with you to the fullest possible extent but we do not feel that the appointments suggested by you are the best that might be obtained.

While one of the teachers is fully qualified, the second teacher that you propose, has no professional qualifications. In addition, the living quarters which were only intended for two persons, would possibly be required to accommodate five persons.

In different places in the past we have had the experience of employing a married teacher whose husband resided in the residence and invariably difficulties have arisen between the husband and the Indians on the reserve.

Our new schedule of salaries, effective September 1st, 1946, will be contained in the current issue of our Bulletin which will go forward within

the next few days. We believe that the new salary rates are attractive and should permit you to nominate two qualified teachers.

We are prepared to leave this matter in your hands until June 1st and it is hoped by that time you will be in a position to nominate two qualified single teachers for this school, or a man and his wife, both of whom are qualified.

The schools are now open again but there will have to be a change if possible at the summer holiday. Mrs. Daley does not intend to teach after that time and I believe that a new teacher should be hired for the Junior room at the No. 1 school.

Dear Mr. Marshall:-

Further to my letter of April 22nd, may I please be advised if you are in a position to nominate a teacher for the Walpole Island No. 1 Indian Day School for the next academic year.

The only teacher from whom we have had an application in that section of Ontario, is a lady married to a retired Civil Servant. It would be necessary for him to live in the residence with her. This would complicate the accommodation problem.

We are prepared to advertise for this position in the local newspapers if you have been unsuccessful in your attempts to locate teachers. I hope to hear from you in this regard in the near future.

Yours sincerely,

Bernard F. Neary

Dear Sir ;

Regarding the securing of teachers for No I School
I regret very much that despite every effort no one has
volunteered.....except the Mrs Sharen of our former
correspondence.

Sincerely

Reverend A.R.Marshall.

I can see no reason in the world why the Teacher-Missionary
set up in vogue in the North cannot be more largely used in
such places as Walpole....at least in this teacher 'depression'
period. There may be a little objection..but I am certain it
will be very little..and certainly it would be better than this
hiring of untrained high school boys. I hope you will not
mind this suggestion....I can make it now as I am not involved
expecting to assume the Supervision of our Indian Missions in
the Fall. I have had seventeen years experience in the Indian
field..and still am persuaded that the Day School operated by
the Teacher -Missionary is the best system....where there is a
compact group...allied mostly to one denomination and no mixture
of Romanists-Protestants.

Dear Mr Neary ;

I am so glad you are able to get hold of Miss McMeans for the No I School here, and would think she would be suitable.

There was a Chatham lady who had taught here a number of years ago whose name evades me...and who has been around to look over things. However if she does apply I presume you will be able to arrange which of the two would be Principal. It is no easy matter to secure teachers even with the new adjustments of salary, and I hope a second teacher will be forthcoming. I had written you a rather personal letter regarding our Moosonee Mission at Mistisinni Lake in N,Quebec and I hope you will not feel it impertinent. I am very genuinely interested in the Indian ,and am still making some sacrifice to retain my connection with the work until my children are through High School..when we all plan on returning 'down North'.

Yours sincerely

Dear Mr Neary ;

Regarding the securing of a second teacher for the
No I School, Walpole Island.

The difficulty seems still acute even with the
new stipends, etc, and I would say by all means secure
a teacher of another denomination if necessary. My own
feeling is that we want a Christian who is interested in
the Indian...and with such a person I dont believe we
need bother too much about denomination. The difficulty
is we often get a teacher who has no interest in the
Reserve life of the child and gives no co-operation with
those who are interested.

The teacher I mentioned who resides at Chatham has
been teaching at North Bay and will be back when school
closes there. I will then interview her at Chatham if you
havenot been able to fill the vacancy, and meanwhile will
do what I can here to secure a Junior teacher. I am taking
the liberty of inserting a note in our local paper of our
need, and of course if you decide to advertise that may help.

Sincerely

Albert Marshall

Re: Walpole Island Indian Day School

This is to advise you that Mrs. Dorothy Stallwood, wife of the Indian Agent, is will to offer her services to the Department in connection with the teaching of music in the Indian Day Schools on the Island. Mrs. Stallwood has her A.T.C.M. degree and holds a Permanent Certificate with the Ontario Department of Education for the teaching of Music in schools. She has taught music in rural and town schools in Haldimand County for several years.

If this would not be setting an undesirable precedent in this connection, it is felt that a music course would be a desirable addition to the curriculum of our Reserve Schools.

Re: Music in Indian Day Schools

Reference your letter of August 25th, file 40-1-1(WT).

I wish to advise you that the matter of having Mrs. Stallwood teach music in the Schools on Walpole Island was discussed with Miss McMeans and it was considered desirable to have this subject added to the curriculum.

With the approval and co-operation of Miss McMeans, Mrs. Stallwood commenced her lessons on Sept. 8th and the time table provides for a 40 minute period once a week. A similar arrangement was made with Mr. Stratton, teacher of the Junior Room.

Since we have not a car, it was not possible to arrange anything with No. 2 School. However it is perhaps preferable to commence only with No. 1 School (2 rooms) this year.

Please advise if you wish Mrs. Stallwood to submit certificates. She will be attending the Teachers' Convention on Oct. 10th and will contact the Inspector, Mr. Barrett at that time.

dated April 8, 1948.

It will be noted that our No. 1 School has been too crowded this year. Attendance has been quite good. Due to the fact that some Indian children who wished to commence school after Easter were turned away, there has been some talk of requesting white children in attendance to leave. However, I have learned that the only children refused admission are those below six years of age. If the over-crowded condition continues in September, I shall set the example by having my child attend a Wallaceburg Public School.

During the past winter the heating arrangement for the classrooms and the teacher's residence have not been too satisfactory. The classrooms have very old box stoves. It may be necessary to replace these before too long. Perhaps the most satisfactory arrangement would be a central heating system to cover the classrooms and the residence, and a coal oil range for cooking. It is quite a task for the teacher to operate coal and wood range and heater.

We have noted your comments with regard to the heating arrangement at the above school. I also noted the unsatisfactory condition during my autumn inspection trip.

I would agree that a central heating system would be the most satisfactory, but I am afraid that it would be very difficult to install in such an old building. I would suggest the installation of oil space heaters in both the classrooms, were it not for the difficulties encountered in obtaining a steady supply of oil. However, you will know local conditions better than we and I will await your recommendation as to what can be done this summer to improve conditions.

I would also like to suggest that some arrangements be made with regard to the making of storm windows, particularly for the junior room. Would it be possible to obtain a quotation on these windows from a millwork firm in Wallaceburg, or elsewhere?

Re: Walpole Island No. 1 School.

Further to my letter of June 29, 1948, I wish to advise you that I may have a prospect for the position of teacher for the Junior Room of the above school. The resident Anglican rector, Rev. Mr. Bradbury, came to Walpole Island in September 1947. His daughter, Mrs. Margaret Holm has lived with him since they have been on Walpole Island. A few weeks ago Mrs. Holm signed a contract with a School Board near Wallaceburg for \$1700.00 per annum. Her husband is on a construction job in northern Ontario and cannot provide a home for her there. Due to the fact that the position in our school would be much more convenient for her, she is willing to seek her release from the outside school and teach here. She has a First Class Teachers' Certificate and has had four years teaching experience which would entitle her, I believe, to \$1680.00 per annum with Indian Affairs.

It was noted in the report of Inspector F.L. Barrett that it is recommended that a third class be started at No. 1 School. I have been exploring the possibilities for a third classroom and the only suitable building appears to be the Parish Hall of the Anglican Church. Mr. Bradbury has stated that he is certain that this could be rented from the church for this purpose. Furthermore he has stated that he would be willing to take charge of the Beginners and Junior Classes. He states that he has a First Class Teachers Certificate (Newfoundland). I do not know of any other local residents of Walpole who have Teachers' Certificates.

During the past few days I have had a School Board Chairman seeking to employ our Senior Teacher, Miss McMeans, but she states that she does not intend to leave. She does request several improvements to the Teacherage which I shall outline in a separate letter with estimates. She would be quite in favour of Mrs. Holm and Mr. Bradbury for the coming year.

Walpole Island No. 1 Indian Day School.

THIRD CLASSROOM

Inspector Barrett's recommendations concerning a third classroom have been noted here. Our records show the following average attendance figures:

Quarter ending	September 1947	"	63
"	December 1947	"	61
"	March 1948	"	65
Month	April 1948	"	72.35
"	May 1948	"	68.45
"	June 1948	"	68.50

In view of these facts the Department is prepared to consider the opening of a third classroom on a trial basis for one year. If this is done, it will be necessary for the Reverend Mr. Bradbury and yourself to make a concerted effort to have as many children as possible attend the day school and thus reduce the number sent to the Shingwauk Residential School.

You are aware that we intend to close the Chapleau Residential School and that many of the pupils formerly attending there will have to be transferred to Shingwauk. Therefore we are anxious that you review the list of pupils from Walpole Island who are attending the Shingwauk School and decide whether it is possible for some of them to attend your day schools. Naturally,

children from homes where conditions are unsatisfactory will continue to attend the residential school.

TEACHERS

- (a) Mrs. Margaret Holm - We are forwarding an application form for completion by this teacher. If she has a first class certificate and four years' experience, she would be classified as a Grade 3 teacher at the fifth year on the scale (\$1740 an academic year).
- (b) Reverend Mr. Bradbury - It will be necessary to settle his salary after submission of an application form. As it is usual for a female teacher to look after the beginners, it might be preferable for him to teach the intermediate grades and to have Mrs. Holm handle the juniors.

We will expect to hear further from you regarding rental of the Parish Hall, desks, and blackboards required, etc.

Superintendent of Education.

Re: Walpole Island No. 1 Indian Day School.

Reference your letters of July 9th & 21st, 1948.

Teachers Mrs. Margaret Holm and Reverend Mr. Bradbury - Applications forms have not yet been received for these teachers. Mrs. Holm requested me to interview the Chatham Twp. School Board to secure her release from the teaching contract signed for 1948-49. The Chairman appeared to take a reasonable view of the situation and said the Board would consider her resignation. Their decision has not yet been received.

1. Order stove same as first Walpole
Third Classroom: It will be possible to obtain the use of the Parish Hall at a monthly rental of \$15.00. The Board will make some necessary repairs to the windows and doors to make it more comfortable in winter. The main problem will be to heat the hall.

I would recommend that a coal burning heater be provided, and a 2 or 3 ton storage bin be built. If it were built outside, it could be moved to the school when the temporary use is ended. The same would apply to the stove. As has been mentioned in previous letters, it may not be long before the two wood-burning stoves in No. 1 School classrooms will have to be replaced. Would it be possible for the Purchasing Agent to obtain a suitable coal-burning stove. It should need to be a unit that would be large enough to heat one of the classrooms at the school eventually.

OK How many desks
Due to the fact that the present desks in the Junior Room of No. 1 School are so small and also to the fact that it can be heated satisfactorily, I would recommend that grades 1-3 (incl.) be accommodated there and that Grades 4-6 be accommodated in the Parish Hall. If any desks are purchased, they would need to be of intermediate size. However since the Parish Hall will

be used.....

be used for other functions, it may be desirable to build cupboards as lockers along the walls and to use tables for desks.

By separate reply I am estimating the number of children who will not be returning to Shingwauk. It has been necessary to interview many families. At this time it appears that we shall have an enrollment of 80-90 pupils at No. 1 School here.

In 1945 I obtained a month's leave of absence from the Pembroke Public School, when my husband received his discharge from the Army. I had asked the School Board if they would advertise for another teacher during my absence; and if they were successful in securing the same, if they would then grant me a release.

This explains the attached letter from the Pembroke Board of Education.

Also attached is the only inspector's report I have in my possession at the present time.

Since my teaching certificate was issued the Department of Education have been granting credits toward a permanent certificate for teaching experience, beginning at the third year. Therefore my certificate will remain valid.

I have a first class Religious Education Certificate; and a grade B Physical Training certificate no. 1498, filed at Headquarters, Military District no. 2.

Re: Walpole Island No. 1 Indian Day School.

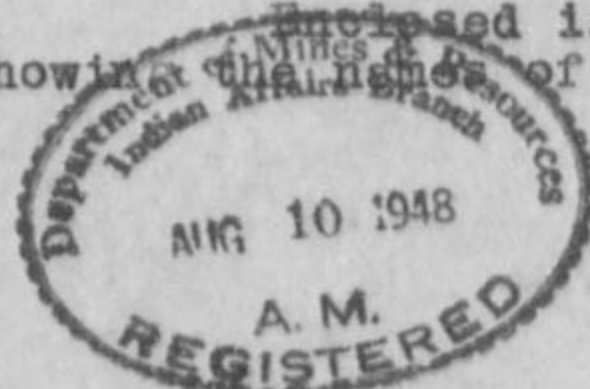

The applications of Mrs. Holm and the Reverend Bradbury for teaching positions in the above school have been forwarded to the Department. Mrs. Holm has had her resignation accepted by the Chatham Twp. School Board. Miss McMeans is anxious to have her status clarified as soon as possible. Last year Miss McMeans assumed the responsibility of a principal and this responsibility will be increased this year. Five out of eight Grade 8 pupils passed this year, two of which obtained honours.

The diocese executive advised Mr. Bradbury that \$15.00 per month rental for the Parish Hall as a Third Classroom was not sufficient. They do not suggest any amount and Mr. Bradbury has written to them to give further details, and he anticipates that the above rental will be accepted.

I have been investigating the possibilities of the Orange Society Hall as an alternative. The Society at a recent executive meeting has offered us the Hall for two years for the cost of certain necessary repairs. I estimate the repairs as follows - 1) re-shingling - \$150.00; 2) boarding up foundation and banking - \$50.00; 3) building toilets - \$50.00. Total \$250.00. A new stove would be necessary as well.

It is estimated that 30 chair type desks will be required (intermediate size).

Enclosed is the list of pupils home from Shingwauk showing the names of those who will not be returning.

I hope that a satisfactory agreement can be reached with regard to the rental of the Parish Hall but I will expect to hear further from you concerning this matter. I note that the total cost of renting the Grange hall would be higher than the expense involved in renting the parish hall.

Please find attached a self-explanatory letter with regard to the erection of temporary blackboards in whichever hall is rented. Re: No. 1 Indian Day School.

Mrs. Margaurite Holm, newly appointed teacher for the Junior Room of the above school has requested her release at the earliest convenient date. The circumstances are these. The husband of Mrs. Holm has been employed on construction work in Northern Ontario for the past year and has been unable to provide a home for his wife. She and her child have resided with her father, the Rev. Mr. Bradbury, rector of the Walpole Island Anglican Church, on Walpole Island. Mrs. Holm decided to teach this year and obtained a school on the Mainland. When the vacancy occurred in our school, her release was obtained from outside and she applied for our No. 1 School. A week ago Mr. Holm secured a position with a Power & Light Company at Sault Ste. Marie, Ont., which included a house. The result is that they wish to be together and Mrs. Holm wishes her release here. She will commence duties on September 7, and has stated she will stay until a substitute can be obtained. However, Mr. Holm has written this office that she must join him, so that it is very uncertain how long she will stay under such pressure.

Although her father, Rev. Mr. Bradbury, has not received notification of his acceptance as teacher of the third classroom, I think he will commence duties on September 7th on a substitute basis.

It is strongly recommended that if possible two teachers be supplied to this school. One to relieve Mrs. Holm and one for the 3rd classroom. It appears that we will have a heavy enrollment on account of the addition of former Shingwauk pupils. I do not believe that the public reaction will be very favourable towards having the rector as the regular teacher. However I recommended Mr. Bradbury on the conditions that no other teacher could be obtained and because of the fact that we could obtain his

daughter as the Junior teacher. I thought she would be of considerable assistance to her father.

It would be appreciated if an official of the Department could visit Walpole this fall in order to lay plans for the improvement of the situation at both of our schools and to discuss the future of a third classroom.

May we be advised please if and when a teacher may be supplied to release Mrs. Holm.

To Whom it may Concern,

Miss Seal has taught a Public School in the Inspectorate of Lennox for the past year with good success. I have visited her school twice and have found careful and conscientious in her work.

She has taught Agriculture in addition to the other subjects of the curriculum. The pupils of the school were interested in their work, and in every way the school seemed to be doing well. I have much pleasure in recommending Miss Seal as a careful teacher.

Miss Susan Seal, R.N.,

Dear Miss Seal:

I have received your reply to my telegram concerning the Walpole Island Indian Day School.

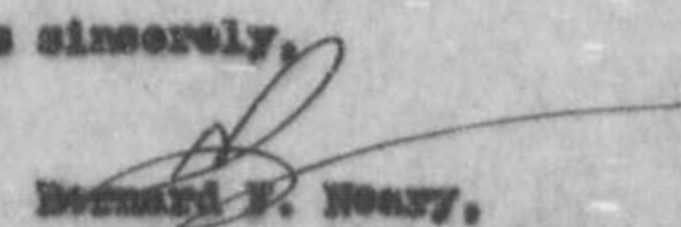

Up until this year, this school was a two-room one, but due to the increase in population, we have opened a third room. We had engaged a full staff of teachers but one of these has been forced to resign suddenly. She was a married woman and her husband has now obtained a position in Sault Ste. Marie. She wishes to join him at once.

Therefore, you could begin your duties at Walpole Island on either September 13 or September 20.

You would probably have the intermediate room, I cannot furnish many other details concerning grades, etc., as the division of the pupils has been left in the hands of Miss McMeans, the Principal.

You would share the teacherage with Miss McMeans. She is 56 years of age and has had some 22 years of teaching experience, mainly in Manitoba and Saskatchewan. There is ample room for two or even three teachers in this teacherage. The school is situated on Walpole Island, near Wallaceburg, Ontario. If you wish any further information, I would ask you to write directly to Mr. R. J. Stallwood, Indian Superintendent, Walpole Island, Ontario.

Yours sincerely,

Bernard F. Neary,
Superintendent of Education.

Mr. R. J. Stallwood,

Walpole Island No. 1 Indian Day School.

I have for answer your letter of September 4 and I note that Mrs. Holm will not be reporting for duty permanently at this school.

If she does teach from September 7 for a few days, will you please report to the Department the exact dates during which she does teach.

The Reverend Mr. Bradbury has been notified of his appointment as the third teacher at this school. I note that you do not favour his continuing in this position and it is presumed that the Reverend Mr. Bradbury is prepared to withdraw when the Department is able to find a suitable replacement teacher.

I immediately sent telegrams to three teachers upon receipt of your telephone message. To date I have had a reply only from Miss Susan Seal of Kingston, Ontario, indicating that she is interested in further details. Miss Seal is a registered nurse who has not taught school since 1921. She is 55 years of age, has a second class teaching certificate with 8 years' experience. I am rather dubious of accepting her for Walpole Island, in view of the fact that she has not taught school during the last 27 years. However, I would emphasize that there is a very serious shortage of teachers and that we cannot always get the type of teacher whom we would like to have.

I have, therefore, written to Miss Seal and have asked her to write directly to you for any further details which she might require. I am attaching a copy of this letter and you can expect to hear from Miss Seal within the next day or so. The Department is prepared to appoint her to the Walpole Island School, in view of the great shortage of trained teachers.

If we can locate a third female teacher, would there be sufficient room in the teacherage for her? As I recall my visit last year, I think there would be sufficient accommodation but I would like this confirmed.

Dear Mrs. Anderson:

As you are probably aware, the position of teacher at the Sucker Creek Indian Day School has been filled. However, we have two other positions in which you might be interested.

One of these is at the Walpole Island Indian Day School near Wallaceburg, Ontario. This is a three room school and you would be required to share the teachers' residence with Miss McMeans, the Principal.

The other school is at Constance Lake in the Chapleau Agency. This is a one room school and you would have the teacherage to yourself and your family. Please find attached one of our application forms which I would like to have you complete and return here if you are interested in further details of either of the above positions.

We have two vacancies in our Indian Day Schools which might interest you. One of these is at the Walpole Island Indian Day School near Wallaceburg, Ontario, where we require a qualified teacher for one of the three rooms operating.

We also have a vacancy at Constance Lake Indian Day School in the Chapleau Agency. If you are interested in further details as to either of these two positions, I would be glad to provide you with them.

Re. No.1, Indian Day School,

Further to our telephone conversation of September 7, regarding a replacement for Mrs Holm as teacher of the Junior Room in the above school. We have been able to secure the services of an Indian girl, Alice Lalean to supply for Mrs. Holm. Alice is 18 years old and I believe has passed Grade 10. While attending Shingwauk she assisted the teachers there.

If a qualified teacher cannot be obtained Miss McMeans and I are prepared to recommend Alice for this room this year. Miss McMeans will help her as much as possible.

It appears that the enrollment at the above school this year will be approximately 95. The ~~SEENOM~~ Parish Hall is accomodating 30 at the present time. No. 2 school has 31 pupils.

May approval be given to employ Alice Lalean as a substitute teacher this year.

Walpole Island No. 1 Indian Day School.

Mr. R. J. Stallwood,
Superintendent, Indian Agency,
Walpole Island, Ontario.

Today we had a visit from Miss J. G. Adair, formerly teacher at the Rama Indian Day School. Miss Adair was forced to resign in April, 1948, due to the illness and subsequent death of her mother.

She is now prepared to accept another school operated by the Department.

I immediately thought of the vacancy at Walpole Island and gave her details concerning this school. If Miss Seal accepts the position as offered to her, we could use Miss Adair in the third room to replace the Reverend Mr. Bradbury. These moves, of course, are contingent upon the two points I raised in my letter of yesterday,

- (1) that there is sufficient accommodation in the teacher's residence for three female teachers,
- (2) that the Reverend Mr. Bradbury is prepared to resign, effective September 30, 1948.

Miss Adair is prepared to accept the position at Walpole Island on October 1, 1948, in either the primary or the intermediate rooms. She has an Elementary Quebec

Certificate and 15 years of experience in Ontario and Quebec.

Would you please advise me as soon as possible concerning the two problems raised above and also let me know what additional furniture will be required at the teacherage. For your guidance I attach our standard list of furnishings for a one-room school. You can use this as a guide in preparing a requisition for additional requirements at the teacherage.

Walpole Island No. 1, Indian Day School.

This will acknowledge your letters dated September 9th and 10th.

Mrs. Marguerite Holm taught in the above school on the following dates only, September 7, 8 and 9.

Mr. Barrett, I.P.S. visited the school last week and seemed pleased with the organization of the new classroom under the Reverend Mr. Bradbury. The seating accomodation will not be satisfactory until the new desks arrive. Mr. Barrett knew of some second hand desks which we could buy but I think that we can manage until our order is filled. In view of the fact that Mr. Bradbury wishes to teach for the academic year and since all reports about him are so far satisfactory, I felt that it would be wise to retain his services.

I received a letter from Miss Seal, Box 522, Gananoque, Ontario, (Telephone 655), ~~xxx~~ to-day. She is planning on coming to Walpole either on Sept. 16 or at the week-end, Sept. 18th. I have wired you this date to learn if you would be willing to approve Alice Lalean, Indian, Walpole Island for the Junior Room this year. Alice has been supplying since Mrs. Holm left and Miss McMeans ~~for~~ believes that she will be satisfactory. Mr. Barrett is coming back to the school this week or next and will give me a report on Alice's work. If it is felt that a qualified teacher should ~~be~~ Alice's place, perhaps Miss Adair is the better qualified of the two applicants.

Dear Col. Neary:-

I have begun the music in the schools for this term and would recommend that we have rhythm band instruments for our beginners, and a few of the smaller 1st grade pupils, the cost to amount to around ten or fifteen dollars. We have imitated these instruments in an imaginary way, and are now ready for the real thing.

Probably you would like to know the time I am spending with the pupils. I have changed from two half hour periods per week to one 1 hour period in each room, and by dividing this hour into theory and singing we accomplish a great deal more.

Our grades 5, 6 & 7 are singing very well in two part harmony. All in all the music is progressing quite favourably.

Two of the boys from the Island have been invited to play in the Wallaceburg Band. This should prove a valuable experience for them.

Please advise me regarding the rhythm band instruments.

Would you advise musical appreciation taught by records in Grades 5, 6 & 7?

Yours respectfully,

Mrs. Stallwood.

Re: Walpole Island No. 1 Indian Day School.

I am returning herewith the letter from
Mrs. Anderson as requested.

I have written to Mrs. Anderson and described
the situation on Walpole Island insofar as her family would
be concerned.

It is possible that Miss Seal may not remain after
Christmas. The relationship between Miss McMeans and Miss
Seal is not too satisfactory. A year ago Miss Seal had a
serious operation for cancer and Miss McMeans has been
considerably worried about living with her. In addition Miss
Seal coughs a good deal as result of X-ray treatment to the
glands of her throat. However, she claims her health is
good and I believe she is doing satisfactory work at teaching.

Miss McMeans has hesitated to voice her fears to the
Department because she believed that Miss Seal would probably
only remain until Christmas. I doubt if Miss McMeans would
return next September under the same conditions.

There does not seem to be anything that can be done
at this time in the matter until we know for certain whether
or not Miss Seal intends to continue after the New Year. If
she decides to remain, it might help if Miss Seal could produce
a medical certificate that her health is satisfactory and that
there is no danger to others in contact with her.

Transportation - Walpole Island Agency

Your letter of September 23rd has received the attention of the Welfare Division, the Indian Health Services and this Division.

I understand that the Welfare Division does not contemplate the purchase of an Agency car or any automotive vehicle for your Agency in the near future. I understand that it is the intention of the Indian Health Services to obtain tenders on the purchase and delivery of a car for the field nurse for the Sarnia Agency and your Agency. I understand that next summer it is expected that she will be established at Walpole Island and will need a car there for the performance of her duties.

In the meantime, and until a car is available she is living in Sarnia.

Miss Susan A. Seal, R.M.
Teacher, Walpole Island Indian Day School.

One of the regulations in effect covering our Indian day school teachers is the following with regard to medical examinations:

"Teachers in Indian day schools are required to be protected by successful vaccination against Smallpox, and by the toxoid treatment against Diphtheria, and evidence of such protection, in the form of a certificate from a qualified physician, should, if possible, be included with the application for employment."

We have received information to the effect that one of our three day school teachers at Walpole Island School is in a physical condition which would warrant a check by one of the doctors of the Indian Health Services. This teacher is Miss Susan A. Seal. She has been employed since September 20, 1948. Her application form stated that her health was good. However, we have now been advised that Miss Seal had been suffering from a cancerous infection before she began work at this school. She is, apparently, troubled with a cough and we wish to make

I would appreciate it if you would quietly investigate this situation when you are in Walpole Island. Naturally, it is impossible for us to make a decision until you have had an opportunity of looking into local conditions. I would ask that this be done quietly as there is, doubtless, some justification for the complaints made by each of these two teachers. I would, normally, write to Mr. Stallwood but I feel that when you are in the vicinity, you could no doubt report to me on this situation when you return to Ottawa.

Dear Emmett:

For some time, I have been aware of rather strained relations between the two teachers sharing the teacherage at Walpole Island. In fact, I think I have mentioned this to you in previous conversation.

During the Christmas holidays, Miss McMeans visited the Department and advised me that she felt that Miss Seal was not well and that she had been suffering from a cancerous infection before she began work at this school. She reported that Miss Seal was troubled with a cough and that she was worried about her own health.

In fact, I prepared a memorandum to Dr. Falconer in which I requested that one of their Doctors take an opportunity of giving Miss Seal a physical check-up to determine whether she was presenting a possible source of infection to the children in her classroom.

This memorandum was never sent to Dr. Falconer because Miss McMeans phoned me a few hours after leaving my office and advised that she did not wish to be quoted in this regard.

The attached letter is self-explanatory, and it seems to reveal a condition which is definitely not conducive to good teaching conditions at this school. Miss McMeans is a highly nervous woman but is a good teacher - or so we have found in the past. If we do build a new classroom at Walpole Island she has asked that she be permitted to use the teacherage attached thereto as she prefers living alone and does not wish to share the accommodation.

Re: Miss Susan Seal - Junious Room Teacher,
No. 1 Day School, Walpole Island, Ont.

The above-named teacher became sick on Friday, March 4th. On the following Monday, Dr. Card, visited her and took her back to Sarnia with him to the hospital. In conversation with Dr. Card to-day, he stated that her temperature is normal again but that he wishes her to remain in the hospital a little longer for examination. I believe that tomorrow he will be able to report on her ability to resume teaching or not.

In the meantime I have arranged with Mrs. B.F. Huffman, Port Lambton, to substitute in Miss Seal's room. Mrs. Huffman has a Permanent First Class certificate and has had 5 years experience, two years of which were in an eight grade school and three years as principal of Cedar Springs School. She is approximately 37 years old. Since she has a small child, she will only be able to relieve for a week or so with a maximum period until Easter.

I shall report on Miss Seal's condition again as soon as possible. Please advise what salary will be stated in the voucher covering the payment for Mrs. Huffman's services, when she concludes her work.

Re: Miss Susan Seal,
Junior Room Teacher,
No. 1 Indian Day School.

Dr. L.C. Card has reported that the above teacher will be unable to resume teaching and that her cancerous condition is inoperable. Enclosed please find her written resignation.

As indicated in my letter of March 9, 1949, Mrs. Huffman has been substituting in this room since March 10, 1949. On March 15, Mr. Barrett, I.P.S. visited the school at my request to assist Mrs. Huffman to commence her duties. He stated that Grade One is considerably retarded and special attention to it will be necessary. He has great confidence in Mrs. Huffman and has suggested the following items be purchased as soon as possible.

- 1) One dozen - 'Thin & Do Books' (to accompany
'We Look & See'
'We Work and Play'
'We Come and Go')

(Apparently the children were allowed to take these books home and they have become lost.)

- 2) 12 boxes of crayons.

- 3) Getting Ready to Write }
Ready to Write } Gage

- 4) Specially lined paper for printing. (Every third line in red.)

Mr. Barrett thought these might be procured locally, especially the lined paper.

He will revisit the school in about two weeks time.

Mrs. Huffman believes that she can make personal arrangements ~~possible for her~~ to continue teaching until the end of June. However it will be necessary for her to be placed on regular salary rather than the substitute rate. I shall forward her application as soon as received.

Dear Sir,—

File 442-1 E

Although I received your acceptance of my resignation for S.S.I. Walpole Island, I am applying for a teaching position, if there happens to be a vacancy in any of the Indian schools in Ontario, for the end of the present term and for the school year beginning in September.

As my resignation stated, I gave it on the advice of Dr. Card, who was advised by the doctor of the X-Ray dept. of Sarnia's St. Joseph's Hospital. Apparently they believed a serious condition might be developing, and that I should have the attention of Dr. Burr of the Cancer Clinic Kingston, under whom I had received treatment after an operation in Nov. 1947.

On March 21, Dr. Burr gave me a chest examination and had two more X-Ray plates taken. He said that he could find nothing

Indian Affairs. School Files.

CANADA

wrong and that I was in a good condition in spite of recently recovering from "Flu" and Bronchitis. However he said that he would re-examine all plates and have a consultation with Dr. Boucher who performed the operation, and for me to return April 7.

On April 7. Dr. Burr told me that there was no indication of anything serious; a few marks showed on the plates. These were scars on the lung, burnt by the Deep X-Ray treatment.

It was these spots, and the severe bronchitis cough, that must have influenced the doctors at Sarnia.

When the doctors in Kingston, and Dr. Jenkins of Gananoque emphatically tell me that I am able to continue work, and I feel well, I wish to get work as soon as possible.

Trusting you may be able to give me a chance to prove to others as well as to myself that I ~~am~~ capable of giving faithful service,

I remain,

Yours respectfully,
Susan A. Seal.

Dear Miss Seal:

I have for answer your letter of April 12th and am pleased to note that your doctors feel that you are ready to teach again.

We do not have a vacancy in one of our schools at the present time, and I am sorry that I did not hear from you sooner. There was a school on the Gibson Reserve but this was filled over the Easter holidays. However, I shall keep you in mind and will write you again if a suitable vacancy occurs.

I presume that you would not want to go to a school that is too isolated or too far distant from a doctor. Many of our schools are located on Indian reserves which are rather far from civilization.

Re: Walpole Island Indian Day Schools - Teachers.

Reference the Inspection Reports of Mr. Barrett
I.P.S. Enclosed herewith is resignation of Mrs. B.F.
Huffman as teacher of the Junieur Room, No. 1 School.

Every effort was made to induce Mrs. Huffman to
remain for the next academic year as suggested by Mr. Barrett,
but for personal reasons she is unable to do so. She is, there-
fore, giving us notice in plenty of time so that other arrange-
ments may be made.

I believe Miss McMeans intends to stay another year,
providing she may occupy the teacher's quarters in the proposed
new school. This would no doubt mean that the new classroom
would provide for the senior classes.

Although Mr. Bradbury has not tendered his resig-
nation, in view of the Inspector's report and considering his
parish work, I believe that it would be advisable to obtain a
replacement for this room. Should I obtain his resignation in
writing?

Regarding Mrs. George, teacher at No. 2 Day School,
I believe she will continue next year, if requested. Please
Mr. Barrett's report on this case. I believe that it will be
still difficult to obtain a replacement for this school.

It will be recalled that we have an application from
Mrs. Bertha Anderson, of Ohio, to teach on the Island. She
came as far as Algonac, Michigan, last February for the purpose
of visiting the Island, but ice conditions in the river
prevented her from crossing and I did not see her. She has
a husband who would like to obtain work on the Island or in
Algonac. They have two children. She states that she wishes

Please find attached a self-explanatory letter to Mrs. B.F. Huffman concerning her resignation. I note that Miss McMeans will remain another year and will occupy the residence in the new school. As I mentioned to you on the phone, we are prepared to advertise for another teacher to replace the Rev. Mr. Bradbury, subject to your confirmation. I would suggest the following advertisement be placed in the Dresden Times, Dresden, Ontario, the Wallaceburg News, Wallaceburg, Ontario, the Chatham News, Chatham, Ontario and the Toronto Globe and Mail, Toronto, Ontario:-

"WANTED - Two teachers for intermediate and primary rooms in Walpole Island No. 1 Indian Day School. Furnished teacherage free; would suit two teachers who are friends and prepared to live together. Dear Miss Reesor:

I am writing to you as I know you will pass the information to Miss Roberts concerning the above school.

I have just finished a long distance telephone conversation with Mr. Indian Superintendent Stallwood and have advised him to anticipate a letter from you concerning this school. He confirms the arrangement mentioned to you whereby Miss Robert and yourself could live in the old school, with Miss McMeans living in the new building.

Advertisements are now appearing in local papers and in the Toronto Globe and Mail for these positions, but I have advised Mr. Stallwood that your letter would reach him in the near future and that you were definitely interested in these positions. He will be glad to provide any information which you request, and I hope to hear from you in the near future indicating your acceptance of the primary and intermediate rooms at Walpole Island No. 1 Indian Day School.

May I again thank you for your hospitality and kindness shown to my wife and to myself during our recent visit to Caughnawaga.

Walpole Island No. 1 Indian Day School

I have just received letters from both Miss Roberts and Miss Reesor indicating that they are both prepared to accept the teaching positions offered them in the intermediate and junior rooms at Walpole Island.

Would you please review the situation at the old school with regard to furniture. I am attaching our standard list of furniture provided for one-room schools which will give you an indication as to the type provided. This could be used also in ordering the furniture required for the new classroom when it is partially constructed. Normally delivery takes about two to four weeks so that you can submit a requisition by the end of July for a full scale for the new school and whatever are the requirements in the old building. I presume that new mattresses and pillows will be required, but this is a matter for you to settle locally. I understand that Mr. Phelan has written to you concerning the painting and other repairs required to have this old school in good condition by September 1.

Re: Walpole Island No. 1 Indian Day School.

Enclosed herewith are the following applications in reply to the advertisement for Junior and Intermediate Room Teachers at the above school.

(1) Rev. Mr. Bradbury - please see his attached letter. Mr. Bradbury has now obtained his bishop's consent to teach and he now wishes to re-apply. I feel that Mr. Bradbury will be valuable for supply work if necessary and also in case we do not succeed in obtaining Miss Reesor or Miss Roberts. I have told Mr. Bradbury about the above applications.

(2) Mrs. Ann Garry - Lakeside, RR3,
I feel that Mrs. Garry's age will bar her from being accepted.

Dear Colonel Neary,-

With reference to your letter of June 20th re primary work at Caughnawaga I would like to be with Miss Daly, but I think it would be advisable to get another teacher for the primary work there that would have more experience than I in primary work or trained for primary work. as it would be all primary work there.

I would prefer a room where there would be some senior work too. I'd rather not go West again as I've been under quite an expense owing to illness; but I prefer Indian work, but should there not very any other vacancies. I could go into a white school for a while.
Thanking you for your letter

Walpole Island No. 1 Indian Day School

Dear Bishop Luxton:

I have for answer your letter of July 14 concerning the Reverend Wilfred Bradbury formerly teacher at the above school. Please find attached a self-explanatory letter which I sent to the Reverend Mr. Bradbury on July 14.

When we were advised by Mr. Bradbury in May of his resignation, we immediately began the search for a replacement teacher. During an inspection trip to Caughnawaga in June, I found two qualified and experienced teachers who were friends and who were willing to share the teachers' residence at Walpole Island. Therefore, I immediately made arrangements for them to take the intermediate and junior rooms while Miss McMeans will of course carry on with the senior room.

Just after I had advised these two teachers of their appointment, I heard from Mr. Bradbury advising that it was now possible for him to continue teaching. As the appointment of these two teachers had been confirmed and they had both made their plans accordingly, I wrote to the Reverend Mr. Bradbury as mentioned above.

I regret sincerely this instance and will do everything possible to employ the Reverend Mr. Bradbury again

when a vacancy occurs at either of the Walpole Island Schools. We do appreciate his services last year and feel that he is a capable teacher.

Miss Roberts and Miss Reesor are both capable and qualified teachers with many years of experience in provincial schools. Their work at Caughnawaga last year was favourably reported on, and they are both genuinely interested in the improvement of conditions on our Indian reserves. I do hope that their work is satisfactory at Walpole Island and that we can look forward to a year of progress at the school. The Entrance results this year were most satisfactory, and the high school pupils have done well at Wallaceburg.

With kindest regards,

Yours sincerely,

Dear Col.Neary:

I would appreciate being relieved of the Music Teaching in No. 1 School this year. I have had a very busy year and summer and I would rather not be tied to teaching this fall.

Rooms One and Two were quite enthusiastic about their music last year and made very good progress. Room Three was less enthusiastic, probably because of the lack of encouragement between the regular lessons.

The Junior and Intermediate Rooms sang at the Music Festival in Sarnia last May and received 79 marks in each of two choruses. Our girls' solo made a mark of 78.

The year was finished with a recital in the Parish Hall. The proceeds from a collection at the door, amounting to \$17.11, were spent in treats for a school picnic.

All in all, I think the children have made a good start with their music and with their teachers' help will continue to make progress. I enjoyed working with the Indian children and will continue to help them whenever the opportunity arises.

I remain,
Yours truly,

Re: Official Opening New School,
Walpole Island Indian Reserve.

The contractor has given permission to occupy the newly constructed classroom at our No. 1 School and the move took place to-day. There are a number of small details to be completed by the contractor before he applies for his final payment. This will probably be in about two weeks.

Miss McMeans, the teacher in the new classroom has enquired about an official opening. She has not planned as yet anything specific for a programme. May we be advised please if a representative from the Education Division will be able to visit the school for this purpose. It was considered advisable to have you set the date when it would be convenient to have the opening in order that it may not conflict with any other similar event which you may wish to arrange.

Sir,-

Enclosed is a supply of "day school return" and "requisition for school material" forms. Additional copies, when required, can be secured from your local Indian Agent.

Written instructions regarding the preparation of the quarterly return are shown on page 1 of the form. Your first return should be prepared at the end of September and all the information requested on the form should be given. The names of the pupils, classes of study, attendance, etc., can be obtained from your daily register, which, of course, should be kept up to date. The returns at the end of each quarter should be handed to Mr. Agent Highfield, who will sign and transmit same to the Department. Salary for one month of the academic year will be paid upon receipt of the return at the end of this month and, at the end of December, March and June on receipt of the returns for these quarters, you will be paid three months' salary. As pointed out in the instructions to teacher, all columns of the return must be added and the totals placed at the foot thereof.

As you have, no doubt, been informed, all books, stationery, etc., required for the pupils, are supplied by the Department on receipt of requisition forms signed by the teacher and approved by the Indian Agent. It is advisable for teachers to anticipate their requirements of school material in order to allow for the time required to fill the requisitions following their receipt in Ottawa.

Dear Sir:-

We are taking the liberty of asking you if it would be possible to receive our cheques about December the twentieth. We are sorry that we need to ask it but the need for money is ^{so} pressing, particularly for us this year, that it would relieve us greatly to have our money about that date.

In closing, we wish to say that we are finding our work here, more interesting each day and we feel that the pupils are progressing and are also interested. At any rate they are attending regularly with the exception of a few chronic cases.

Trusting that our request may be granted, we remain,

Yours sincerely,

Verna Daley.

Dear Sir:

I am sorry that we need to write you regarding money matters, knowing that the finances are getting low in the department but we are so in need of money that I decided to write and ask you if it would be possible to draw \$35 on my next quarter's salary.

We would not be in this condition but we had to assist my mother with a hospital bill which was totally unexpected. Instead of being in the hospital two weeks, she was there five weeks.

If it is not possible to receive this money, I would like to know as soon as possible and we shall get along some way.

Sir:

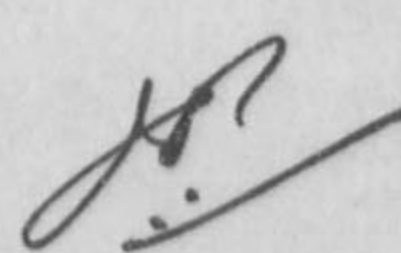

I have your letter of the 11th instant, informing the Department that you have secured the services of Mrs. Morgan Dalgetty as substitute teacher of the junior room at the Walpole Island No. 1 Indian Day School during the illness of Mrs. Daley.

The Department approves of the arrangements made for the temporary employment of Mrs. Dalgetty. It is noted that she began duties on the 10th instant. When Mrs. Daley is able to resume duties the services of Mrs. Dalgetty should terminate. Salary will be allowed her at the same rate as paid Mrs. Daley during the period she teaches. It should be stated on the report for the current quarter the dates between which Mrs. Dalgetty performed teaching duties, in order that payment of the salary due her can be made. It is hoped that Mrs. Daley will be able to resume duties at an early date.

The Department is pleased to note that the attendance of Indian children has been well maintained.

The Secretary,

Dear Sir:

I am writing to ask if the Department would grant us the privilege of receiving our cheques monthly for the next few months anyway. We find ourselves in the same position as many others during these times, i.e. the support of our families out of work. Mr. Daley's father has had a very bad year on the farm and my father is unemployed. He happens to be the sole support in both cases and it would help us greatly to have ready cash each month. He also carries heavy insurance which we must keep up.

We do not wish to put the Department to a lot of bother in this matter. Whatever we can do to help, we shall be only too glad to cooperate. He could write at the end of each month if you so desire.

We thank you for past favours in this regard and trust that this request will meet with your approval.

Yours sincerely,

Mrs. James Daley

Sir. I beg to enclose herewith a monthly report on the three schools Nos 1, 2, 3 Walpole Island.

When visiting the schools I leave the blanks with the Teachers to fill up and I get them after wards. and use other blanks. Seeking these for reference, but I find I have no more blanks and have to send these, which I hope will be satisfactory for this time.

You will see that the Teacher of No 1 School is asking for new seats and desks in his school. and I beg to report that the seats in this school & desks need to be replaced as much as they do in the other school. and as the church and the Chippewa Band are quite able to pay for them. I will not say that it is not required. there is nothing required except the seats & desks, as the floor is good. He speaks about the plaster needing to be replaced. the plaster can be fixed up well enough for another year or two. and if any improvement is made the seats and desks. and a desk for the Teacher should have the call.

I have got the cost of seats & desks for the other school reduced in the matter of freight. the figures sent were \$10.00. While the gov agree to give us the furniture for the figures quoted. laid down at Wallaceburg.

OR ORDERING.

The Double "MODEL AUTOMATIC," With Individual Seats.

This desk has the advantage over the ordinary Double Desk of permitting a pupil to take or leave his seat without disturbing or interfering with his seat mate, and is recommended for use in schools and colleges where something better than the ordinary double desk is desired, and one less expensive (per sitting) than the single desk.

It is the same as the double desk with entire seats, in height, length and general construction.
For sizes consult the list for double desks.

PATENTS AND INFRINGEMENTS.

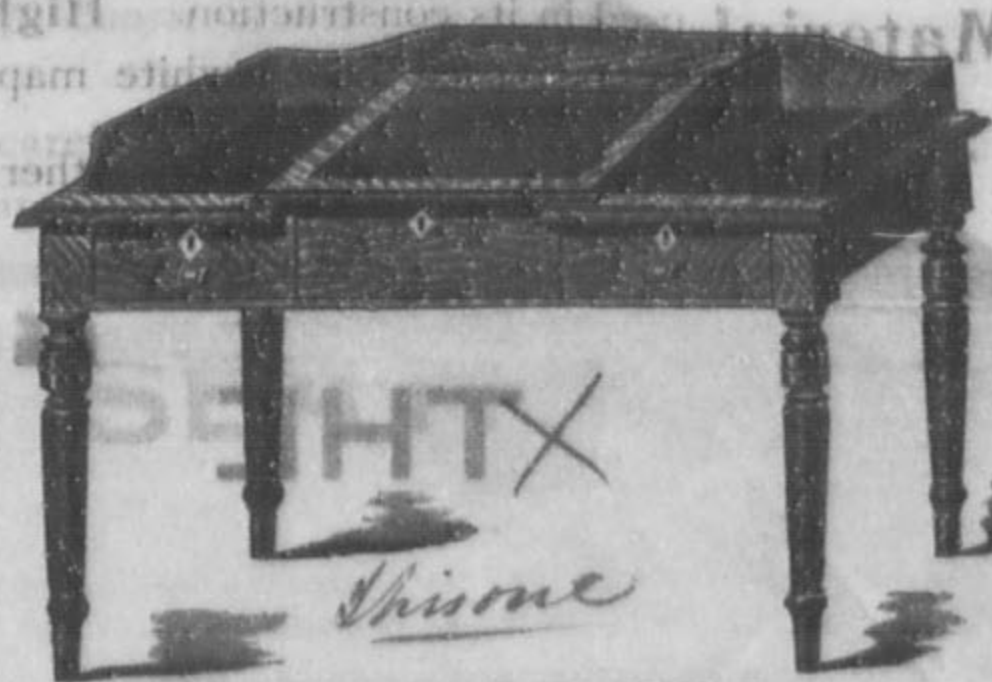

The sole right to manufacture school desks embodying the improvements described in this sheet is secured to us by Canadian Patents Nos. 28279, 35363 and 49979, and as these improvements were added at great expense, we will, in order to protect ourselves and customers, prosecute any party or parties known to have infringed on our rights as sole owners of these patents.

We would not mention this if it were not for the fact that certain parties have recently imitated our desk and sold their product as the genuine article, thereby intending to deprive us of our rightful profit as a return for our enterprise in perfecting these improvements.

It is human nature to imitate a good thing, hence the above warning.

Sir,

Mr. Public School Inspector Conn in his report on the No. 1 School on Walpole Island states that the floors, windows, walls and desks are greatly in need of a thorough cleaning; that fasteners should be provided for the windows and a lock for the teacher's desk; that the steps at the front of the building should be repaired and also the school clock.

The repairs referred to should be made at once and the cleaning should be attended to during the approaching Christmas holidays.

The Department will expect you to give this matter your attention so that there will be no cause for complaint when the Inspector next visits the school.

Sir,

Mr. Inspector Conn, in his report on the Walpole Island No. 1 school, calls attention to certain repairs which are needed to put the building into a fit condition. He states that the plaster is falling off the ceiling and he recommends that a metal ~~roof~~ ceiling should be put on and that the walls should be resheeted or covered with metal.

The Department would like you to give an estimate of the probable cost of having this work done.

*For
MIS
des*
The teacher has been advised that the Department will expect him to keep the class-room in a more cleanly *state* in future as both yourself and the inspector have reported on the dirty state of the floor.

The inspector states that the teacher complains that there is a disagreeable odor proceeding from the Chuzoh shed, which is only a few feet from the school, owing to an accumulation of manure. If this is the case you should take steps to have it removed.

I enclose Vouchers in favor of W. Colwell for prizes for No 1 and 2 Schools the prizes were distributed on June 29th the schools had a short program consisting of recitations and singing. There were a few of the parents present. I think that if the practice of giving prizes is continued that it will be the means of the pupils attending more regularly.

Sir,

Mr. Inspector Conn, in his report on the Walpole Island School, states that the closets are small, unlighted, unventilated and unscreened. I have to ask you to be good enough to have windows made in these closets and also to have them ventilated in some way. You should also have screened approaches built.

The Inspector recommends that the desks be arranged in three rows so as to provide aisles of two feet at the sides of the room and between the desks, in order that the teacher may be able to take the physical exercises in the class-room in the winter. The Department considers this suggestion a good one and you should see that it is carried out.

The Inspector also recommends that two covered water tanks be placed in the school and you are hereby authorized to purchase two of earthen ware or granite ware.

It is reported to the Department that some of the panes of glass have been out of the windows of the No. 1 School-house since September, last.

The Department can hardly realize that you would allow the building to remain in this condition during the cold winter weather and I have to ask you to report by return mail as to whether the conditions exist as described. If so, immediate steps should be taken to replace the broken panes.

Ottawa, July 31st, 1913.

Sir:-

In view of the fact that it is not proposed at present to erect a new building on Walpole Island, it will be necessary to make some repairs to the existing buildings.

With regard to No. 2 school - You will be good enough to have the porch, which is sinking, fixed, and obtain an estimate of the cost of a suitable wood-shed, with the description of the shed accompanying the estimate. You will also arrange for the crossing of the ditch at the front of the school and obtain a price for a cement walk to the school door. You will also be good enough to obtain an estimate of the cost for the grading and levelling of the additional ground purchased at this school, and also for the filling around the building which should be attended to this Fall.

You may purchase an 8-day clock for the use of this school and arrange to have the stove fixed before the time comes for putting on fires in the Fall.

The repairs to No. 1 school will be dealt with in another communication and you will be good enough to keep these matters separate, and your correspondence and accounts.

Your obedient servant,

Assistant Deputy and Secretary.

Schools

The door is off the boys' closet.

I note a number of broken windows in the school
building.

New blinds are needed, in providing these please
note that blinds left of pupils should be semi -
transparent, the others opaque.

The teachers desk and the cupboard should each
be provided with a lock. At present the teacher
is obliged to lock the children out of the school
when she goes for her dinner, if she does not
wish to expose them to the temptation of stealing
the supplies.

Ottawa, November 19, 1913.

Rev. Sir,--

Mr. Inspector Conn in his report on the No. 1 School on Walpole Island calls attention to the condition of the school premises. He says that the door of the boys' closet is off, that there are a number of broken windows in the school building, that new blinds are needed and that the teacher's desk and the cupboard should each be provided with a lock.

As the Department has no Agent for this reserve at present I should esteem it a favour if you would undertake to see that these necessary repairs are attended to and send the account therefor in duplicate to the Department, when payment will at once be made.

With regard to the blinds the inspector recommends that those to the left of the pupils should be semi-transparent and the others opaque.

Dear Sir:-

Just received yours of the 19th Saturday P.M. I went off to school house and found all that Inspector Connor reported true, and then I tried to get a man to do the work at windows and doors, and he informed me that he has had the contract for months from Indian Agent to make new sash for windows, and would have them ready this week, but now didn't know what to do about putting them in. The new sash is really necessary, for they are so decayed that glass cannot be put in them. Blinds, Locks, and hinges will be attended to at once, but will wait for instruction about sash.

Asst. Deputy & Secretary

Department of Indian Affairs.

Dear Sir,-

I have your letter of the 2nd instant, file 152941-5, enclosing an account for \$1.96 rendered by the Mail & Empire of Toronto for publishing Notice re Teacher for Walpole Island.

In reply to same I have to state that on September 8th, 1913, an account for \$1.96 covering six insertions of the same advertisement was certified and sent to your accountant for payment, and I would therefore ask you to let me know if that account has not been paid. It seems to me a strange arrangement whereby so many accounts duly certified and forwarded to the accountant of your Department for payment, either never reach him or no action is taken where they do reach him.

I am holding the Mail & Empire account awaiting your reply.

I am yours faithfully,

W. MacLaud

Controller of Advertising.

3. Two additional ^{chairs} ~~seats~~ should be provided for the class-room.
4. I have advised Miss McRorie to devote one or two hours a week to teaching plain sewing and manual training and I recommend that she be provided with the necessary materials.

Buildings and Premises.

Fence at the end of the school grounds was taken down last fall and has not been put up yet.

Class-room 17' x 27' x 10', about 4590 cubic feet. Where there is adequate provision for ventilation there should be 250 cu. ft. of air space per pupil, based on the maximum attendance. On this basis there is air space for 18 pupils and there 32 Indian children and 2 white children present on the occasion of my visit, and there are 57 children who should attend this school.

x x x

The class-room has a pine floor but I think it should be oiled. The oil renders the floor more sanitary, inasmuch as it keeps down the dust. If floor is oiled it is easier to sweep it properly. And there is the further advantage that the oil preserves the floor and makes it wear longer.

No. 1 School, Walpole Island.

The school grounds are much too small, about
2/5 of an acre. The school is also much too small for
the number of pupils. Size 17 x 20 x 10 = 4590 cu. ft.
According to the Ontario Education Dept's Regulations
there must be 250 cu. ft. for each pupil that would mean
that the school was large enough for 18 pupils. The day
I was there there were 34 present. This is rather im-
portant when we consider the number of Indians that die
of consumption. Also the drinking arrangements at the
school could be improved with a view to checking this
disease. Each pupil could be provided with a cup as is
done in many of the rural schools.

Sec Dept of Indian Affairs

Regarding building
Porches 10 x 12 at our School houses
I understand from Mr Ogilvie when
he was here last summer
that the Dept were going to build
new School house at La + now
if it is the intention of the Dept
to build a new School house at
La I would it be wise to build a
new addition to this School house
I do not mean to dictate to the Dept
but it seems to me needless cost
now when I proposed as suggested
these porches to the Council I thought
we would use the lumber as far as
we could of the old ones I propose
to build these porches if I do not
get a plan from you to line them
up on the out side then put two
ply of paper on and put the siding
on over that then line up inside
with matched lumber what do think
about out side entrances we cannot
put them in porch because we have
only one door into School house
Please answer soon as the weather is getting
cold for Carpenter work out side

Sir, -

I have to acknowledge the receipt of your letter of the 19th instant in further reference to the proposed enlargement of the porches of the schools on Walpole Island.

In reply I beg to say that, as it is the intention of the Department to erect a new building for the No. 1 School, no expense need be incurred in enlarging the porch there.

If you think it necessary that an addition be made to the porch at the No. 2 school you may have the work done as you suggest. As there is only one door leading from the porch a single entrance should be sufficient.

FEATURES OF SUPERIORITY IN THE SILENT SANITARY SCHOOL DESKS

It Is Sanitary.—The one-piece standard, with its perfect shield for the book-box, presents no dust pockets or germ-breeding ledges, either inside or outside. Even the feet have been filled in so that a round surface is presented, where dust and germs cannot lodge.

Beauty of Design.—The prevailing idea of simplicity is splendidly carried out. The proportions are unusually graceful, and the desks make a fine appearance in the school room.

Comfort Curves.—The seat and back are so shaped that they insure restfulness, at the same time keeping the pupil's body in a hygienic position.

Strength-Construction.—By scientific calculation and practical test, we have distributed the weight so that the greatest weight is where the greatest strain comes. This construction insures the essential feature of any school desk—absolute rigidity.

Foot Rest and Protection Board.—This is thoroughly protected. Each end rests in an iron socket in the leg, and is further secured by screws passing through the iron standard into the wood. The foot rest is placed in a slanting position, so that the dust slides off, and cannot accumulate. This also acts as a protection board, preventing one pupil from annoying the pupil in front and soiling his or her clothing.

Book Shelf.—Unusually roomy, so that a quantity of books can be easily accommodated. The sanitary standard protects the books and insures cleanliness. No rulers or other articles can project from the book-box and interfere with passage up and down the aisle. The book shelf is screwed permanently into place.

Individual Sizes.—Every casting is made from an individual pattern, giving exact and symmetrical proportions to the various sizes.

Space Economy.—Every possible saving of space has been effected—consistent with sanitation, symmetry and strength. The opening between the seat and back has been reduced to a minimum, yet sufficient space has been left to prevent the catching or pinching of any part of the body.

Screw Holes.—The screw holes are not cast, but are machine drilled, and counter-sunk.

Sweeping Room.—The arch in the casting gives ample space for thorough sweeping—no excuse for dirt being left under the desk.

In the "New Sanitary" are incorporated all the features that have made our famous Nonoise Desks unrivaled—quality of woods, method of wood fastening, superior castings, and perfect lasting finish.

NOISELESS AUTOMATIC SEAT HINGE

The Automatic Seat Hinge is absolutely noiseless and will not loosen. In operation, the parts automatically tighten themselves.

Figure "A" shows the parts of the "Sanitary Noiseless" Hinge.

The ball on the inside of the seat arm casting (1) rests in the socket in the hub of the desk casting (2). A hardened steel roller (3) rests in the hollow (4) of the hub. This roller bears

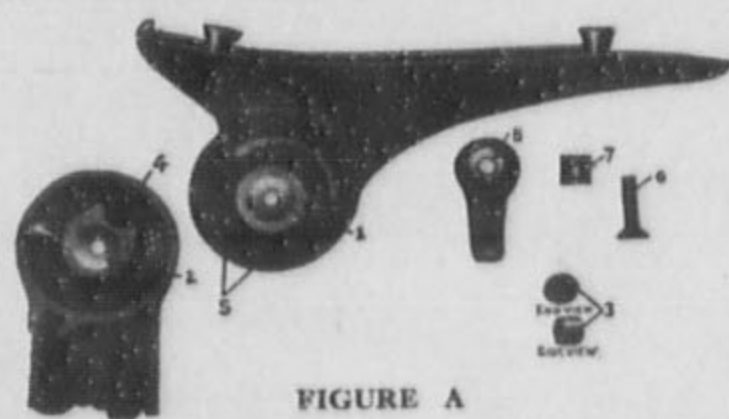

FIGURE A

against the eccentrics (5) as the seat is lowered or raised. The bolt (6) passes through the seat arm casting and the hub, and is held in place by the nut (7). The nut lock (8) prevents the nut (7) from working loose from the bolt (6).

The seat arm casting operates entirely on the hub, and the bolt is used only to hold the parts in place. The construction of this ball and socket hinge permits great freedom and ease of movement, and the hardened steel roller working against the eccentrics, gives a gradually increasing resistance until the seat

is brought to a full stop. This permits such perfect adjustment of the parts that the hinge is absolutely frictionless and noiseless. The greatest strain on any hinge is when the seat is lowered. Any tendency to spread naturally is found where the eccentrics are located. With this hinge any spreading where the eccentrics are located forces the hinge-strap more securely in place and the operation of the hinge, therefore, simply automatically tightens the parts.

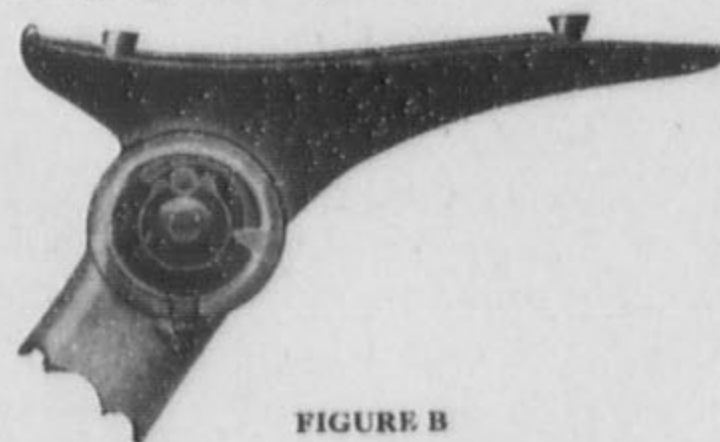

FIGURE B

Figure B shows the hinge with part of the iron cut away so that you can see the position of the hardened steel roller and the eccentrics when the seat is lowered. Like metal, working against like metal, would rapidly wear away. The resilient steel roller, however, permits a slight yielding, so that there is no grinding or crushing of the parts. The hinge is absolutely noiseless, and its ingenious construction forces it to tighten itself when in operation.

SILENT SANITARY SCHOOL DESKS

WITH FOLDING SEATS

VIEW OF ROW OF SILENT SANITARY DESKS IN POSITION

MADE IN THREE FORMS:

SINGLE—Each Accommodating One Pupil. **DOUBLE**—Each Accommodating Two Pupils.

DOUBLE, WITH SEPARATE SEATS:

Each Accommodating Two Pupils, with Separate Seat for Each Folding Independently.

THE CASTINGS are of the best grade of iron, finished in finest glossy Baking Japan or Dead Black as preferred. They are of the greatest possible strength, and will withstand not only the severest use, but abuse. Having made School Desk Castings for more than thirty-five years, we can absolutely guarantee our work in that line. In the design of the Silent Sanitary Castings the strain is so distributed as to give the greatest strength where it is most required.

THE WOODWORK of the Silent Sanitary Desks is of best selected Hard Maple or Birch, thoroughly seasoned with tongued and grooved and glued joints, making them as solid as if made from one piece of wood. The wood parts are fastened to the irons by screws and a dovetail and lug device, which is exceedingly secure, and at the same time easy to apply. The backs and seats are shaped so as to afford comfort and a correct position of the body to the pupil. The woods are coated with moisture-proof varnish and will not warp, crack or check. The tops are finished in a rich mahogany color to prevent the light from being reflected; the backs and seats in the natural colors of the woods making an attractive color combination, which has a fine decorative effect in the school-room.

INK WELLS, with handsomely nickel-plated covers, lying flush with the top, and iron castings to protect the glass (see cut), are furnished with each desk. Two ink wells for each desk, the extra one to contain a sponge, will be furnished when ordered at a small additional charge.

DESKS may be shipped either "set up" or "knocked down." In either way we pack them so that they will come to hand in perfect order. Freight is lower when they are shipped "knocked down," and for long distances the difference will more than pay the cost of setting up, which is a work of no difficulty whatever.

Walpole Island Indian Reserve

Dear Sir:

We are advised that you are making certain extensions to your school, in which school buildings a considerable quantity of new desks will be required. In this connection we write to call your attention to our Silent Sanitary pattern of desk, as shown on the enclosed circular.

As the name implies these desks are constructed on strictly sanitary lines, having perfectly smooth castings preventing accumulation of dirt or dust. It is also fitted with the silent hinge joint, a very valuable feature, which does away with any unnecessary noise and confusion on lifting or lowering seat part.

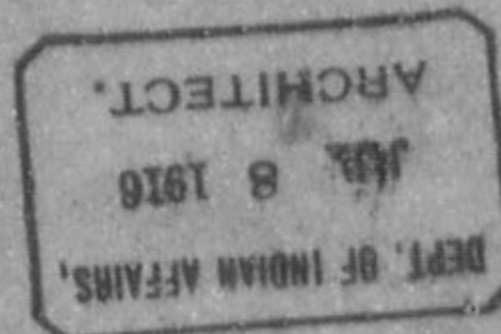

The woods are of finely finished white maple, the seat and back part being in the natural color with a mahogany colored top. In constructing this desk we have followed out the lines of simplicity as closely as possible, and while doing so have not sacrificed the strength of same. It is a strong and serviceable desk, and one if installed by your board will be an ornament to your school.

Will you kindly give us a list of the number of desks that will be required, stating ages of pupils using same, and with this information before us, we will then gladly quote you our lowest prices.

Yours truly,

The James Smart Mfg. Co.

Gentlemen:-

Regret that I must write you so often to have such matters as these looked after.

Our inspector called to inspect our school and has reported it "dirty for want of scrubbing". Your school law requires that the school room be kept thoroughly clean and floors scrubbed frequently. Ours is scrubbed only three times a year. The agent has been advised to oil the floor but refused.

Our screens are off the windows and the flies are in our room in thousands.

The large pools of water standing at each door so we must make a path of sticks of wood to gain an entrance. The entrance to the toilets is the same.

I want a rope on the flag pole. We have not been able to hoist our flag during the year.

The table I asked you for is much, very much needed.

The handle of our pump is out of repair since last spring.

Again & again I have asked agent McCallum to attend to these matters and unless he does I shall hand him my resignation the first of

Madam, -

I have to acknowledge the receipt of your letter of the 23rd ultimo in regard to certain matters in connection with the Walpole Island No. 1 School.

In reply I beg to say that Mr. Agent McCallum is being instructed to have the floor oiled, the pools of water standing in front of the doors filled in and the pump handle mended. He is being authorized to purchase rope for the flag and on the 30th ultimo he was authorized to purchase a table for your school.

In reference to the screens for the windows I may say that these are not considered necessary at this time of the year.

Sir,-

Mr. Inspector Conn in his report on the Walpole Island No. 1 School states that the roof leaks. Kindly have the roof of this school repaired at once.

You should also have the floor of the school-room oiled, the holes in front of the doors of the school and closets filled in and the pump handle mended and you may purchase a rope for the flag pole and have it attached.

You will be good enough to see that all these matters are attended to at once.

which would ensure regular attendance. This is the action taken in respect to boarding and industrial schools and should work satisfactorily in day schools.

My reason for calling your attention to the matter particularly at this time is the steadily declining attendance at No.1 school from an average of 24 in 1915 to less than 14 in 1916 notwithstanding that the reports of the public school Inspector are favourable to the teacher in charge.

I am of the opinion that if the responsibility for non-attendance is placed on the agent and he requested to enforce regularity with the assistance of a truancy officer, if necessary, there would then be less opportunity for friction between their parents and teachers and more satisfactory results obtained from the school.

The enforcing of attendance at the No.2 school would no doubt have an equally beneficial result.

The providing of a residence for the teachers would also assist in the retention of capable ones, as at present there is no suitable stopping place except with the agent and this apparently has not been satisfactory to either the agent or teachers. The teachers have had therefore, to put up with accommodation in Indian houses in the vicinity of the schools.

In the village where a new school is erected the old school might be converted into a residence for the teachers at small cost.

Schools
Memorandum

Mr. Scott.

On October 26 last I made an inspection of the Walpole Island Agency building repairs and while there made inquiries with respect to condition of school affairs at that place, which are anything but satisfactory.

It was reported in 1915 that on this reserve there were 120 children of school age; 86 pupils enrolled in the school and an average attendance of 48 at the reserve schools and 7 at industrial schools. The enrollment at the village school (No. 1) in 1915 was 50 with an average attendance of 24 during the year and as the school building provided accommodation for 18 only, plans were made for the erection of an addition to this building to accommodate 40 pupils, but owing to the tenders being unduly high the addition to the school was not provided. I am of the opinion, however, that a new school should be built here as soon as possible after the opening up of spring to provide accommodation for all children of school age in the vicinity of the No. 1 school, and that the attendance of all pupils be enforced regularly. To do this the Agent would have to act as truant officer and be responsible to the Department for the regular attendance of the pupils.

The teacher might report to the agent at least once a week or oftener the names of all delinquents with particulars as to attendance and the agent should then enforce attendance or punish the persons responsible for the pupil's absence, which

MEMORANDUM.

Mr. Scott, -

With reference to Mr. Ogilvie's report on the Walpole Island Schools I beg to say that, as regards the attendance, it has certainly been going from bad to worse. They have a truant officer there and the teachers have done their best to keep the attendance up with no encouragement from the Agent, in fact it is a question whether he has not been a hindrance. I judge this from his own reports, as nothing apparently affords him greater pleasure than noting the falling off of the attendance. He has never said anything about assisting the teachers in this direction and his attitude towards them has been such that Miss Wilson, the teacher of the No. 1 School, has sent in her resignation, asking that it take effect on the first proximo. Miss Warnock, the teacher of the No. 2 School, resigned after the summer holidays and Mr. Cork, who has taken her place, is not satisfactory to Mr. McCallum.

Mr. Public School Inspector Conn, in his report
on

Indian Affairs. School Files.
(RG 10, Volume 6175, File 442-5, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

on the No. 1 School states as follows,- "The pupils who were present showed ^{satisfactory} ~~satisfactory~~ proficiency and are undoubtedly making good progress. The teacher is to be commended for the attention she is giving to hygiene and personal cleanliness. I examined samples of the pupils' work in plain sewing and am very pleased with the work that is being done. I believe the teacher is making efforts to secure better attendance, but she is not meeting with much success."

Miss Wilson may have offended some of the parents on account of her desire to have the children cleanly in their habits and person and from what I can learn Mr. McCallum is rather pleased than otherwise at the teacher's unpopularity. Mr. Inspector ^{Conn} in a previous report on this school states that Miss Wilson is a capable teacher and doing efficient work and that he is pleased with the attention she is devoting to ~~xx~~ physical culture and hygiene. He adds that Miss Wilson is difficult to get on with. Mr. McCallum apparently never made an effort to get on with her, in fact ever since she has been there he has ~~been~~ done what he can to make her position untenable and I am of the opinion that he is prepared to do the same with Mr. Cork.

I visited over Schabls on the Island yesterday I found the attendance at No 2 School to be fairly good and I think the Pupils are Progressing. At No 1 found the attendance exceeding the capacity of the School House. At No 1 School there were thirty six Pupils there are thirty eight on the Roll two only being absent both due to illness. I found it had been necessary to put three children in some of the seats the class room is very limited in this School with the number of Pupils now attending. There is likely to be even a larger attendance according to the truancy officers report. I thought I would ^{bring} this to your notice as I knew there was plans out for new School. Since Easter the attendance

is overcrowded.

The present building is only 17 x 27 feet and the seating capacity accommodates thirty-two. Even with this number there is a lack of space for classwork as well as for calisthenic exercise. The space between the aisles is less than two feet, and the space along the walls, both at the sides and back of the desks, is twenty-eight inches. The space from the blackboard to the front desks is less than seven feet.

At the present season it is

possible to have the
school room more comfort-
ably heated than it would
be during colder weather.
The stove is directly back of
the middle row of desks - which
is a short row - and there
is only a space of thirty inches
between the stove and the
other two rows of desks.

At present there are thirty-
eight pupils on the roll.
The attendance is quite reg-
ular and since Easter the
average is greater than the
seating capacity of the school.

In reply to your letter of the 27 inst. re your report on No 1 School grounds is joining your grounds since I have been here every year there has been more or less damage done to the School Property one year they had a bunch of cows kept here and Chief Jacobs cut the wire fence and let them go in on the school lot the Board boys runs the Agricultural Show I mean the Brass band some of the Indians think it is not right they think the money should go into the hands of Indians the first of night of the fair they put \$600.00 in the safe here the next day was about as good the Red Cross Society said that Chief Jacobs changed heart \$2.50 per ground rent for their tent a day and then gave them the lowest and worst spot on the grounds In regard to the cows being in the school yard some of the Indians was quite angry because I turned them out I told them at last if I found them there again I would put them in pound

IN REPLY REFER TO No. 152941/5 MAR 18, 19. TO DATE OF THIS LETTER
--

MARCH, 27, 19. 191

521697

Sir,—

In reply to yours of the 18th. inst. referring to No. 1, school and Wood shed at Walpole Island. With reference to the school I might say that the side walls was bulged a little possibly two inches on each side but have not spread any since the floor was put in two years ago, as the floor shows no opening at either side. At the school house the floor is worn some and a little rough but would not advise doing anything with floor at present, as it has only been in about two years.

With reference to the Wood shed I might say there are a few boards off the side of the wood shed, I would estimate about 60 ft. of Lumber and \$3.00 for work and delivery of Lumber which would be sufficient to repair the wood shed, or a total estimate of \$5.00.

Trusting this information will be satisfactory.
I remain,

Your obedient servant,

Thos. Paul

The class room is 27' x 17' x 10' and on the bases of 250 cu.ft. per pupil provides accommodation for 16 pupils. There are 56 pupils enrolled and the maximum attendance this year is 47. DEPARTMENT OF INDIAN AFFAIRS

Ottawa, October 29, 1919.

MEMORANDUM.

Mr. Scott, -

Mr. Public School Inspector Conn, in a report on his recent inspection of the No. 1 School on the Walpole Island Reserve, states that there are 56 pupils enrolled and the maximum attendance this year is 47, while on the basis of 250 cubic feet per pupil, the air space required, the class-room only has accommodation for 18 pupils. The Inspector states that, if the present attendance keeps up, it will be necessary to put the pupils on half time during the winter, as it will be impossible to accommodate them all at one time.

Mr. McKay, who recently returned from Sarnia, informs me that this school is very much overcrowded, the children being packed in as close as they can be seated. Both the teacher and the agent spoke to him about the necessity for more accommodation.

A new school building is badly needed at this point, as the present building, besides being too small, is very old and in poor repair.

In June, 1916, tenders were called for alterations and additions to this school, plans having been made to provide accommodation for 40 pupils. Only one tender was received, which was unduly high, and the work was not carried out.

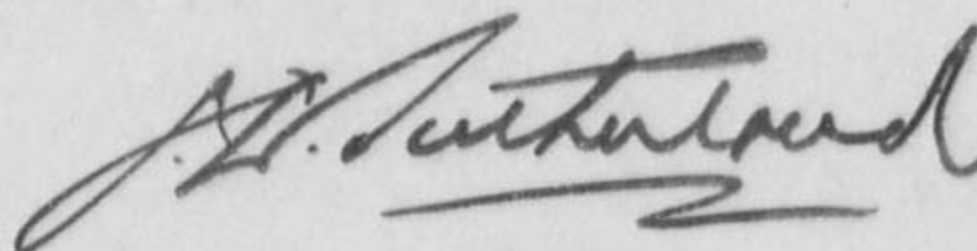

The Chippewas of Walpole Island have about \$16,000.00 at the credit of capital in their band funds and they could provide the money required to erect a suitable building.

Mr.

Mr. McKay states that the teacher and the agent suggested that, until a new building is erected, accommodation could be provided for all the children in the parish hall. This building is owned by the English Church authorities and, if a few repairs were made, it would be quite suitable and large enough to provide the necessary accommodation. It might be well to instruct the Agent to arrange with the church authorities for the renting of this building and to have the seats and equipment in the present school moved there. The teacher informed Mr. McKay that there would be no difficulty about making arrangements with the church authorities for renting the building. The only expense involved in using the parish hall would be the payment of the rent and the providing of a few more desks. I may say that Mr. McKay agrees that this would be the best arrangement that could be made, pending the erection of a new building.

Right Reverend Sir,-

As the building in which the No. 1 Indian Day School on Walpole Island is at present conducted is very old and too small to accommodate the number of children who attend it has been suggested to the Department that it might be possible to obtain the use of the parish hall, which would be quite suitable, to carry on the work until such time as a new school building is erected, which it is planned to do in the near future.

I have to request Your Lordship to be good enough to state whether there would be any objection to the Department obtaining the use of the parish hall for school purposes and, if not, the amount of rent per month that would be charged the Department for the use of the same. If the parish hall can be secured it will relieve the situation at present existing there. The desks and other equipment at the present school could be moved and placed in the hall.

I will be pleased if Your Lordship will give this matter your early attention and forward a reply as to whether you will consent to the parish hall being obtained for school purposes, or not.

I have the honour to be, Right Reverend Sir,

2 I enclose herewith the voucher amounting to \$6.96 which you submitted recently in favour of Messrs. Shaw and Shaw of Wallaceburg for supplies furnished for No. 1 School, Walpole Island, and I also return the voucher amounting to \$1.25 in favour of the same firm for supplies furnished the said School.

Each of these accounts should be amended so as to indicate on the face thereof the date and number of the official letter in which the expenditure was authorized.

In this connection I may say that in cases where expenditure is incurred without authority from the Department, full explanation as to the authority for the outlay should be furnished, and I may add that it is only in exceptional cases that expenditure should be incurred without authority.

When you send accounts to the Department, you should endeavour to furnish full particulars relating thereto in order to obviate the necessity of correspondence, as it is desirable that accounts shall be promptly paid when received and this cannot be done unless good explanation are furnished when they are presented.

Right Reverend Sir,-

I have to acknowledge the receipt of Your Lordship's letter of the 17th instant enclosing a copy of a resolution which was passed by the Select Vestry of St. John's Church, Walpole Island, consenting to the renting of the Parish House for school purposes at a rental of \$50.00 per month.

In reply I beg to say that it is considered that some mistake may have occurred in the transcribing of the resolution as regards the amount of the rent. The Department was under the impression, when requesting Your Lordship's permission for the use of this building, that the Indians would be prepared to allow it to be used for the purpose of providing more accommodation for their children at a nominal rental. The Department would hardly feel warranted in taking from the funds at the credit of the band, the amount of the rental asked, and would be very pleased if Your Lordship would again refer this matter to the vestry of St. John's Church with a view to securing the rental of the building at a greatly reduced figure.

Thanking Your Lordship for the trouble taken in this matter, I have the honour to be, Right Reverend Sir,

I am again returning accounts in favor of Shaw and Shaw, of Wallaceburg, for supplies furnished No. 1, School, and No. 2, also, of Walpole Island. With reference to account for No. 1, School, Walpole Island beg to advise that I recommended the purchase of galvanized iron or zinc to place around the stove of No. 1, School. The school being filled to capacity and the seats very close to the stove it was almost impossible for children to sit on those seats near the stove on account of the extreme heat, as well as unhealthy. While each end of the school would probably not be warm enough on a cold day. I recommended the purchase of this casing for the stove that the heat might be more evenly distributed and as there was no items in attached bill that was not necessary will again recommend payment of this account.

it should be put in repair for

it so rough that it was a
difficult matter to sweep it.

The parlour and diningroom
floors had been grained and
varnished for about two and
a half feet from the walls
all around the rooms. This
finish had worn off where it
had met the rugs that covered
the centres of the floors.

The diningroom floor was
in especially bad condition
splinters of wood had torn
up and were continuing to
do so.

It was necessary that some
thing should be done to
preserve the flooring. And

it was additionally necessary to
have the floors so they could be
kept in a sanitary condition.
It was under those circum-

from Messrs Shaw & Shaw of

added to the durability of the floor.

Sir,
I have just learned that the Deputy-Superintendent's efforts to procure the Parish Hall for use as a school, in view of the increased attendance until such time that a larger school building can be built, has been met by demands so exorbitant that I fear negotiations cannot be effected. If a satisfactory agreement cannot be reached between the Church of England authorities and the Department for the use of the Parish Hall as a temporary school house, then permit me to offer the following plan:
There are sixty pupils

enrolled. Thirty of those ^{II}
pupils are in Standards IV, III,
II and Jr. I. The remainder are
Jr. classes in Standard I.
Each school day could be
equally divided into two
sessions. Part of the pupils
could attend one session and
the remainder the other session.
The pupils of the senior classes
could have lessons in four
subjects ^{in one session}. These lessons would
have to be prepared at home in-
stead of in school as at present.
But more individual attention
could be given and the
congestion would be relieved.

Among the Jr. Standard I ^{III}
Classes are the pupils who are
not so familiar with English
as the other Standards.
More general instruction
could be given these pupils
and all the classes would
have as many lessons as
under the present system.
Of course it would be necessary
for the Compulsory Attendance
act to be strictly enforced,
and as good results should
follow as can be expected

Madam,--

I have to acknowledge the receipt of your letter of the 27th ultimo with reference to the obtaining of the parish hall for the purpose of a school-room for the children of the No. 1 School on Walpole Island, as the present school is too small to accommodate the number of children who attend.

In reply I beg to say that the Department is endeavouring to obtain the hall at a much lower rental than at first asked, and will await a reply before dealing with the suggestion offered by you, namely,-- that half the pupils attend one session and the remainder the other session each day. If the Department is unable to obtain the parish hall upon reasonable terms, your suggestion will receive serious consideration and you will be further advised. I may say that a reply is expected from His Lordship the Bishop of Huron, who is arranging with the churchwardens as to renting the parish hall.

Dear Mr. McLean:-

I had an interview with the Indian authorities in reference to renting the Parish Hall at Walpole Island for a School, and we discussed the matter at great length. Considering that the Hall would be used five days of the week, and much wear and tear would inevitably ensue, notwithstanding the greatest care, it is felt that \$20.00 a month is a fair rent to ask from the Department. Of course, it is understood that the Hall will be free on Saturdays and Sundays for the use of the Congregation, and also that the expense of heating and cleaning the Hall will belong to the Department.

Believe me, yours faithfully,

David Williams

Right Reverend Sir,-

I have to acknowledge the receipt of Your Lordship's letter of the 29th ultimo in further reference to the question of renting the parish hall at Walpole Island for school purposes.

In reply I beg to say that the Department will accept the offer made by the Indian authorities and will pay a rental of \$20.00 per month for the period the hall is used for school purposes. It is understood that the hall will be free on Saturdays and Sundays for the use of the congregation. The Department will undertake the expense of the heating during the days the school is in operation and will also be responsible for cleaning the hall while in use by the pupils. The Department will assume payment of the rent at the above rate from January 1st, next, until such time as the new school building is ready for occupation.

Instructions are being sent to our Agent to have the equipment in the present building transferred to the hall and to have it ready for the re-opening of the school after the Christmas holidays.

I beg to thank Your Lordship for the trouble you have taken in this matter.

EXD

Ottawa, December 5, 1919.

Sir, -

As the building in which the No. 1 Indian Day School on Walpole Island is at present conducted is too small to accommodate the number of children who attend, the Department has arranged with His Lordship the Bishop of Huron for the renting of the parish hall from the vestry of St. John's Church at a rental of \$20.00 per month from the first day of January, next. It has been represented to the Department that this is the most suitable arrangement that can be made to provide accommodation for all the Indian children until such time as a new building is erected, which it is planned to have done in the near future.

I have, therefore, to request that, during the coming Christmas holidays, you will make the necessary arrangements to have the equipment in the present building transferred to the parish hall. The desks should be transferred and arranged in suitable order and also, if possible, the blackboards should be transferred and set up in the hall. It may be that some new desks will be required to provide seating for all the pupils and, if so, you should forward a list showing the sizes and the number of each size required. The name and address of the manufacturer of the present desks should also be given, so that any new desks ordered can be of the same kind as those at present in the school.

In renting this building it is understood with the church authorities that the hall will be free to them on Saturdays and Sundays for the use of the congregation, also that the expense of heating and cleaning the hall during the days the school is in operation is to be undertaken by the Department.

It is hoped that you will attend to the matter of having the equipment transferred and the hall ready for the teacher to resume duties after the holidays. It might be well to consult her in the arranging of the desks, etc., in the parish hall. Any expenses that are incurred by you in having the removal made will be paid upon the receipt of properly certified vouchers, in duplicate, covering the expenditure.

Any fuel which may be on hand at the old school should be transferred for the use of heating the hall, and, if a further supply is required, you will be good enough to inform the Department of the amount of the same and the price at which it can be obtained, when authority will be granted for its purchase.

You will be good enough to forward at the end of each

each month vouchers for the payment of the rent at the rate above stated, namely, \$20.00 per month.

It is expected that you will give all the above matters your prompt attention, and you will be good enough to inform the Department at the beginning of the new year as to whether the above instructions for the transfer of the equipment have been carried out and the hall made ready for school purposes.

IN YOUR REPLY REFER TO
No. 152941/5
Dec. 5th. 1919.
TO DATE OF THIS LETTER

December, 31st. 1919.

Sir,— Walpole Island Agency.

In reply to your letter of the 5th. inst. and previous correspondence in regard to the No. 1, Indian Day School, on Walpole Island, and with reference to the renting of the Parish Hall, for school purposes during the winter, beg leave to advise that I attended a meeting of General Council held by the Indians, on Walpole Island, in the Parish Hall on Monday, Dec. 29th. and would ~~not~~ unhesitatingly say that it will be impossible to heat the Parish Hall during the winter. I am very doubtful if it could be successfully heated even with two stoves, as it would necessitate the purchase of a stove along with a great deal of extra fuel, and would further advise and recommend that as the average attendance will not likely increase during the winter months would advise that school be conducted in the present building until a new school is erected.

Further I learned that the Indians hold a great many meetings in the Parish Hall, and believe if we move the school to the Parish Hall, it would be a great deal of confusion.

Awaiting your reply, I remain,

Your obedient servant,

Shas Paul

Sir,-

I have to acknowledge the receipt of your letter of the 31st ultimo with reference to the renting of the parish hall for the purpose of providing accommodation for the pupils of the No. 1 School on the Walpole Island Reserve during the present winter.

In reply I beg to say that the Department understood, before making arrangements for the renting of the hall, that it would be quite suitable for school purposes in all respects. An officer of this Department, who visited Sarnia last fall, was informed by both the teacher and yourself that the parish hall could be heated and made comfortable.

You were instructed by official letter of December 5th, last, to make the necessary arrangements to have the equipment in the present building transferred to the parish hall. As it is understood that you visit Walpole Island each week there has been unnecessary delay in informing the Department that you now consider the building unsuitable, as it will be impossible to heat it during the winter.

In view of the report which you now furnish regarding the unsuitableness of the parish hall and in which you recommend that, as the average attendance will not likely increase during the winter months, it would be advisable that the school be conducted in the old school building until such time as a new building is erected, the Department will approve of this arrangement being carried out. You should assist the teacher in making the best possible arrangements for the accommodation of the children in the present school building.

It has been decided to erect a new two-roomed day school on the portion of the Walpole Indian Reserve occupied chiefly by the Chippewas, and to provide the necessary lumber for this building by cutting the timber required on the reserve and having it sawn and dressed at the mill. I have therefore to request that you make the necessary arrangements for the cutting of the timber and hauling it to the mills. A bill of material for this purpose is being enclosed herewith.

It will be necessary to obtain a resolution of the Council authorizing the cutting of the timber. An accountable cheque for \$500.00 is being sent you to pay for the labour.

Blue print copies of the plan of the proposed school will be sent you under separate cover, and you will notice by the arrangement of the plan that a teacher's living quarters can easily be provided for if required by putting in a stair leading from the teacher's room on ground floor and finishing the two rooms above.

E. D. M.
I am returning herewith check number 7207 in favor of Thomas Paul for \$500 to be expended in the preparation of timber for the new Walpole Island School. I received this check in a letter to me in which you stated that you were enclosing a check for \$500 from which I was to carry on the work with.

I deposited the check in the bank at Chatham, not noticing that it was made out in favor of Thomas Paul instead of myself and before the bank people noticed the mistake, I had issued a number of checks against it. Would you kindly have this check made out in my favor in order that I may adjust my accounts.

Sir:-

In compliance with the request contained in your letter of the 19th instant, I beg to transmit herewith cheque No. 948 for \$500.00 being an advance wherewith to defray the cost of sawing and teaming ^{of} material required in connection with the erection of a school house at Walpole Island.

In this connection I have to point out that there was an error in the voucher rendered at \$247.49 which you submitted recently to the Department for lumber purchased, which voucher covers expenditure incurred from the proceeds of cheque No. 7780. The error consisted in paying Jas. Nicholas \$6.37 for 1257 ft of lumber at \$5.00 per M, while you should have paid \$6.29. The amount of this ^{over} payment must be collected from the Indian; the next time that a payment is made to him by ^{you} the Department.

I have noted your memorandum with reference to the construction of the new Walpole Island school building. When the Indians have all the lumber sawn, we will consider your suggestion. If it is too late this season, we might defer building till next year. In the meantime we will have our site and this amount of the material ready.

DEPARTMENT OF INDIAN AFFAIRS

CANADA Chatham, Ont., July 17, 1920.

152941--1A.

Dear Sir:

I beg to report that it would not be advisable to start the construction of the school at Walpole Island this year.

I have not been able to buy the land for the site as yet. The old lady, Mrs. Greenbird, refuses to sign the quit claim deed unless her son was there. The son was at Sarnia and would not be back for two weeks. I have a letter from him saying that he will have his Mother sign the deed as soon as he returns.

The saw mill at which most of the lumber is being cut is under repair at the present time and I do not know just how soon the lumber will be finished. The cost of labor this year is exceedingly high but has been coming down slightly this year. I remain,

Yours truly,

Sir,-

I have to acknowledge the receipt of your letter of the 17th instant, in which you advise that the work of constructing the new school building on Walpole Island be postponed until next year.

In reply I beg to say that the Department considers that, owing to the cost of material at the present time, it would be well to postpone this work until next year. You should state, however, what disposition is being made of the lumber and other material that is being sawn for the building. This should be stored in some secure place, where it will not deteriorate or be lost.

In the meantime you should arrange to complete the purchase of the land for the site and have the quit claim deed signed as soon as you can arrange to do so. When the document is completed it should be forwarded to the Department.

Vouchers should be submitted by you at a later date covering the advance made for the sawing and hauling of the building material and for the purchase of the site.

Sir,-

Ottawa, October 20, 1920.

Mr. Public School Inspector Conn, in a recent report on his inspection of the Walpole Island No. 1 Indian Day School, states that the class-room is cold in winter; that the porch leaks and that some new blinds are required.

You will be good enough to furnish an estimate of the cost of having the repairs made to the porch and the cost of the new blinds required.

You should also report what you consider could be done to make the class-room more comfortable during the winter. I may add that the Department is not prepared to go to any large expense at this school, in view of the fact that it is the intention to erect a new school building at this point, probably in the spring. In the meantime any minor repairs that will make the building more comfortable will receive attention. You should look into this matter at once and furnish a full report to the Department, together with an estimate of the cost of any repairs which you consider necessary.

Sir,—

In reply to your letter of Oct. 20th.
in regard to the report of Mr. School Inspector
Conn, on his recent inspection of the Walpole Island,
No. 1, School. First he states that the classroom is
cold in winter, I believe that I have visited this
school oftener in the winter than Mr. Conn has visited
it and never found the room cold. The room is too
small for the number of children attending and I would
report that this room is not hard to heat.

With reference to the porch, I believe that this
porch could be repaired at an estimated cost from
\$5.00 to \$7.00.

Two new blinds might be purchased which I
believe are necessary at an estimated cost of \$3.00.

With reference to making the classroom more
comfortable during the winter I do not believe anything
could be done in view of the fact that it is the intention
of the Department to erect a new school, at this point,
in the new future, I would not recommend any extensive
repairs on the old building.

Sir,-

I have to acknowledge the receipt of your letter of the 15th instant, with reference to the condition of the class-room of the Walpole Island No. 1 Indian Day School.

As you state that the class-room can be kept warm, it is not intended to spend any money in extensive repairs in view of the fact that it is intended to erect a new school next summer. You may, however, arrange to have any minor repairs required to the porch and the repairs for this purpose should not exceed your estimate of \$7.00. You may also purchase two new blinds which you state are required.

Both the repairs to the porch and the purchase and putting up of the blinds should be done as inexpensively as possible.

Properly receipted vouchers, in duplicate, should be forwarded covering the expenditure incurred for the above purpose. You should give the matter of the repairs to the porch and the purchase of the blinds your prompt attention.

Dear Mr Scott,--

In connection with building the New School No 1 at Walpole Island I beg to say that I am of the opinion that the best way to have it built would be by day labour. As you are aware we are constructing this school from lumber sawn from timber from the Indians own woods

I would recommend that we employ two white men (one to act as working foreman) and secure the rest of the labour required from among the Indians. I know of a thoroughly competent man whose services I believe could be secured if I could speak to him soon.

I expect that the Lumber will be ready to use about the first of June.

I would be glad if you would advise me as soon as possible regarding this.

I remain,

Yours truly.

MEMORANDUM

Hon. Sir James Lougheed -

On January 22nd. 1920 your predecessor in office approved of the erection of a two-roomed school house on Walpole Island the cost to be paid from band funds. The Indians themselves were to cut the lumber from their supply on the reserve and have it sawn at a private mill belonging to one of the band. Most of this lumber has been taken out and our Agricultural Representative, Mr. R. H. Abraham, who visited Ottawa lately, reports that this material will be ready for use by the first of June next.

In view of the fact that we are supplying such a large proportion of the material, he has recommended that the work be done by day labour. It appears that there are some competent workmen among the Indians of Walpole Island and it would be only necessary for us to engage two white men, one as foreman and the other as assistant. Mr. Abraham states that he is acquainted with a very competent man whom he would heartily recommend.

I am disposed to think that owing to the locality of the proposed building on the island, Mr. Abraham's suggestion is a good one, and that we would erect the building at a less cost than if we called for public tenders. As the estimated cost is less than \$5,000.00, under the statute we can follow this course and with your approval I would propose to do so.

Chatham, June 18 th 1921

Dear Sir ,--

I am enclosing cheque for \$ 11.52 as requested in your letter of June 16 th No 40-1-5A refund on money advanced for Walpole Island New School.

Although I am sending you the cheque as requested I cannot understand your reason for asking for this refund. It is true that I made a mistake in transferring the item of \$ 247.41 in making the return for the year 1920, my statement was \$ 249.41 a mistake of \$ 2.00 which is due. The ballance \$ 9.52 is not a refund that should be made.

In the year of 1919 the Dept sent me two cheques one for \$ 500.00 which I accounted for \$ 247.41 plus .08¢ by voucher and \$ 252.51 by cheque the other was for 100.00 for which I sent in a voucher for \$ 109.52 this left a ballance due me not the account of \$ 9.52 this ammount was sent me by cheque and I deposited it in my private account as I had a perfect right to do as it was paying me back for money which I had advanced the Dept. Therefore the \$ 9.52 was was not properly charger against me as shown in your statement of June 16. as I did not receive it as an advance.

In making my returns for 1920 I made this explanation on the voucher as in a previous statment I had credited the Dept. with it as an advance.

Trusting that I have made the transaction clear and that you will forward the ballance due me by return mail

I remain,

MEMORANDUMHonourable Sir James Lougheed.

In March last you approved the erection of a two-roomed school house on Walpole Island, the cost of which was to be paid from the funds of the band. The Indians supplied the lumber, which was cut on the Reserve, and the work was done by day labour, under the supervision of our Agricultural Representative, Mr. R. H. Abraham.

Mr. Abraham states that the building will be completed and ready for occupation by the middle of next month, and has asked that the desks and school furnishings be supplied. There are about 100 children of school age who should attend, and the two class rooms provide seating accommodation for 40 children in each room, and it is intended to provide desks for that number. The following supplies will be required, and will cost approximately the sum of \$1100.00, viz: -

80 single desks.....	\$936.00
2 teachers' desks.....	50.00
2 teachers' chairs.....	20.00
4 visitors' chairs.....	34.00
2 bookcases.....	60.00
	<u>\$1100.00.</u>

Cost
971.81

As the cost of erecting the building will be about \$5,000, the funds at the credit of the band will not allow for the expenditure involved in the purchase of the above school furniture. The appropriation for Indian education can provide the necessary funds, and I would request your authority for the above expenditure to be approved.

MEMORANDUM:Purchasing Commission
of Canada.

I beg to recommend for your approval that acceptance of the tender of the Globe Furniture Company Limited, Waterloo, Ontario, for school furniture required for the Walpole Island (Ontario) No. 1 Indian Day School be accepted. The tender of this firm is recommended for the reason that the total cost of the desks, etc., is the lowest except in the quotations for the teachers' chairs and the bookcases. The tender of the Globe Furniture Company is as follows: -

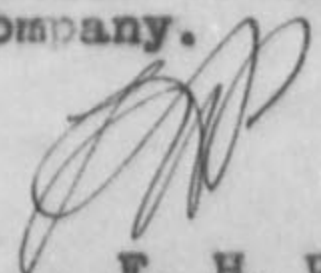

20 single desks,	#	3	- \$ 9.20 each	-	\$184.00
20 " "		4	9.20 "	-	184.00
20 " "		5	8.75 "	-	175.00
20 " "		6	8.75 "	-	175.00
8 rears		3	7.80 "	-	62.40
2 teachers' desks		120	22.00 "	-	44.00
2 " chairs		1562	8.25 "	-	16.50
2 bookcases		4	32.00 "	-	64.00
4 visitors' chairs,		1563	9.65 "	-	38.60
Total					\$943.50.

plus sales tax.

The total of the tender submitted by the St. Lawrence Furniture Company, Riviere du Loup, P.Q., is \$979.40. This firm is slightly lower in their quotation for the two teachers' chairs, two bookcases and four visitors' chairs. They quote \$6.00 each for the teachers' chairs, \$30.00 each for the bookcases and \$5.00 each for the visitors' chairs, which, compared with that of the Globe Furniture Company is \$2.25 lower for the teachers' chairs, \$2.00 lower for the bookcases and \$4.65 lower for the visitors' chairs.

It is necessary that uniformity of design and finish in the equipment of the school be obtained and as the quotation of the Globe Furniture Company for all the supplies required is lower in the total amount, I am recommending that this firm be awarded the order.

The tenders received are attached herewith. I will be pleased if you will have them returned with your Minute authorizing the purchase of the above school equipment from the Globe Furniture Company.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF THE
DEPUTY SUPERINTENDENT GENERAL
OTTAWA

Sept. 21st, 1921.

MEMORANDUM

Honourable Sir James Lougheed.

In March last you approved the erection of a two-roomed school house on Walpole Island, the cost of which was to be paid from the funds of the band. The Indians supplied the lumber, which was cut on the Reserve, and the work was done by day labour, under the supervision of our Agricultural Representative, Mr. R. H. Abraham.

Mr. Abraham states that the building will be completed and ready for occupation by the middle of next month, and has asked that the desks and school furnishings be supplied. There are about 100 children of school age who should attend, and the two class rooms provide seating accommodation for 40 children in each room, and it is intended to provide desks for that number. The following supplies will be required, and will cost approximately the sum of \$1100.00, viz: -

80 single desks.....	\$936.00
2 teachers' desks.....	50.00
2 teachers' chairs.....	20.00
4 visitors' chairs.....	34.00
2 bookcases.....	60.00
	<u>\$1100.00.</u>

As the cost of erecting the building will be about \$5,000, the funds at the credit of the band will not allow for the expenditure involved in the purchase of the above school furniture. The appropriation for Indian education can provide the necessary funds, and I would request your authority for the above expenditure be approved.

Tom Luan
Acting Deputy Superintendent General .

MEMORANDUM

January 22nd. 1920.

Hon. Mr. Meighen -

The Department has had under consideration the erection of a new school building on the portion of the Walpole Island reserve occupied chiefly by the Chippewas. The present building, which has become quite dilapidated and beyond repair, has adequate accommodation, as required by the Provincial regulations, only for about twenty children, whereas there are in this section approximately seventy-five children of school age. At the present time the enrolment is almost sixty and the average attendance over forty. We made arrangements this winter to use a public hall on the reserve for school purposes, but unfortunately it was found that the building could not be heated. As it is, some of the children are unable to attend, and the teacher proposed some time ago to adopt a half-day system. One teacher cannot give efficient instruction to so many Indian children and I would propose to erect a two-roomed building and provide salary for an additional teacher.

This band has a capital of \$16,000.00 and I would recommend that we expend therefrom an amount sufficient to erect the building and purchase a new site. There is considerable timber on the lands belonging to the Indians in common, and there are two saw-mills on the reserve. It is, therefore, considered advisable to use their own timber and thus reduce the cost of building, which would probably be about \$4,500.00 exclusive of the material thus supplied. At present the interest fund of the band is drawn upon for relief to indigent Indians, for salaries of Indian officials, to pay in part the salary of the teacher, and at intervals a per capita distribution of money, etc., etc. The reduction of their capital account to the extent proposed would not necessitate our drawing upon any Parliamentary appropriation for the purposes just mentioned. It might be, however, that we would be unable to make any distribution of interest money for some time, but I consider that their funds would be spent to better advantage in providing good educational facilities

than in distributing per capita a sum which of necessity is paltry.

The site of the present building is quite unsuitable, being low-lying and too small. I am told by our officers that there is a splendid lot available on the main road through the village, but I have not yet been informed as to the price that the locatee would ask for it. I have no doubt, however, that it can be obtained at a reasonable rate, or if necessary we can expropriate.

I would ask your approval of this expenditure. If this course is to be followed, we propose to proceed at once to take out the timber as indicated above.

His Excellency,

The Governor General in Council.

The undersigned begs to report that owing to the dilapidated condition of the old school-house on the Walpole Island Indian Reserve, in the County of Lambton in the Province of Ontario, it has been found necessary to re-build the same at a cost, by day labour, of \$6,002.95, Indians being employed as far as possible.

As the Architect of the Department states that this price appears to be fair and reasonable, the undersigned would recommend that, under Section 82 of the Indian Act, authority be given for the expenditure of the above mentioned sum from the capital at the credit of the Chippewa Indians of Walpole Island (which amounts to \$16,662.38) on the construction of the school-house above referred to.

The recommendation, herewith, is for authority to expend \$6,002.95 from the capital of the Chippewas of Walpole Island on the construction of a school-house on their reserve.

The construction of this building is necessitated by the dilapidated condition of the old school-house.

Section 89 of the Indian Act provides for the expenditure of band capital on the construction and repair of school buildings. By the work being done by day-labour with Indians employed as far as possible under the supervision of a competent employee of the Department, the Department's Architect states that the cost of \$6,002.95 appears to be fair and reasonable.

Sir, -

Mr. R. H. Abraham, Agricultural Representative of this Department, reports that the teacher of the Walpole Island No. 1 Indian day school requests that 2 clocks be supplied for the use of the classrooms in the new school building and 2 rakes to clean up the school yard..

I have, therefore, to request that you will be good enough to purchase 2 wall clocks to be installed in the classrooms. These clocks, while serviceable and good time-keepers, should be purchased as cheaply as possible. It is considered that the expenditure in the purchase of these clocks should not exceed from \$5.00 to \$10.00 each.

You may also purchase and have delivered to the teacher 2 garden rakes.

When these purchases have been made, you should forward properly certified vouchers covering the expenditure.

It will be necessary, in the case of the clocks, to obtain competitive prices and the purchases should be made from the firm quoting the lowest price.

A map of Canada and a map of the World, mounted on rollers, and 1 large desk bell will be ordered from the Government Stationery Office to be sent to the teacher's address.

The floors should be oiled. This is the standard

Sir,-

The Public School Inspector, in a report of his recent inspection of the Walpole Island No. 1 Indian Day School, recommends that the floors in the class-rooms be oiled in order to prevent dust and to preserve the floors.

This recommendation of the inspector meets with approval and I have to request that you will arrange, during the coming summer holidays, to have the floors in the class-rooms oiled. They should be thoroughly cleaned before the oil is put on. You should purchase the quantity of oil required and arrange with a competent man to do the work. No undue expenditure should be incurred and the work should be well done and at the lowest possible cost. You should bear this in mind and arrange to have the work done during the holidays.

Properly certified vouchers, in duplicate, should be forwarded covering the expenditure incurred in the purchase of the oil and for the labour.

Dear Sir:

I beg to report that I have sold the old school No. 1, Walpole Island, to Fred Ermatinger, a member of the Chippewas, for \$147.65; that I sold an old cupboard to Mr. Peter Altman for \$2.75; that I sold an old stove to Mr. Joe Isaac for \$2.50 and that I sold an old pump to Fred Ermatinger for 65¢ and a small building for 75¢. The above amounts were paid to me in cash. I am enclosing herewith a cheque for \$154.30 to cover this amount.

I also sold an old shed to Charlie Peters for \$5.75 and a small building to Albert Kewayosh for \$1.00. Both of these promised to pay within a few days. I will forward this balance as soon as possible.

It was understood that I was to use this money for building a wood shed at the New School. As soon as I am ready to start I will make application for the money required.

Yours truly,

Dear Sir:

Please find enclosed cheque for \$88.38, balance as shown on your statement from cheques furnished in connection with No. 1 school, Walpole Island.

I might say that in December I submitted vouchers for \$924.25 and your Mr. Conley balanced the account and gave me a cheque for \$344.36. I understood from him that this cleared the account. It is possible that he made a mistake at that time but we went over the account together and it seemed O.K. at that time. I would be glad if you would draw this matter to Mr. Conley's attention as soon as he returns from the West. I am not able to give you statement from my books as I made a number of returns for work, etc., while I was at Ottawa and did not keep a copy of the vouchers submitted.

Trusting that you will not overlook this, I remain,

Yours truly,

Sir:-

I have to inform you that Mr. Conley of this Department has reported concerning the advisability of making certain alterations to the upstairs windows in the Combined School and Residence at Walpole Island No. 1. If you approve of the work being done, please arrange to have the upper windows enlarged. The alterations needed to the roof in front of the window should be made by cutting out the portion required to lower the window and finishing the same with galvanized iron. The Department relies upon you to keep the expense as low as possible, but will expect you to see that the appearance of the building is not spoiled.

Sir.—

Inclosed find report, received from Peter McCoonse, who recently cleaned the stove pipes, at the No. 1, Indian Day School, Walpole Island.

There are two stoves in the New School, each having a very long string of pipes, especially the Junior Room, which condenses the smoke, into liquid, which rust and eat the pipes, out very quickly. Those pipes, and elbows reported are a necessity, and will have to be regularly repeated, unless conditions, change. Purchase of new pipes, at the present time, is a necessity.

Dear Sir, -

I am returning herewith account for building
two decks on the roof at the No 1 School Walpole Island

I saw Mr Tompkins about getting a bill showing
the ammount of material he used and the time he spent and
he says that it will be impossible for him to do so as it
was a contract and that he did not keep any track of the work
or the material.

I let the contract to Mr Tompkins as he was the only
tinsmith that would tender. The Smith Co Of Wallaceburg refused
to do so.

Trusting that this explanation is satisfactory

Sir:

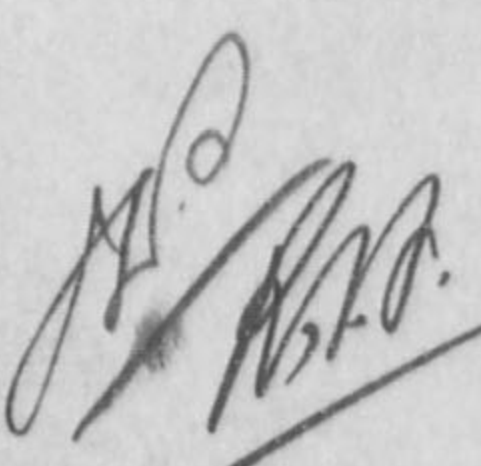

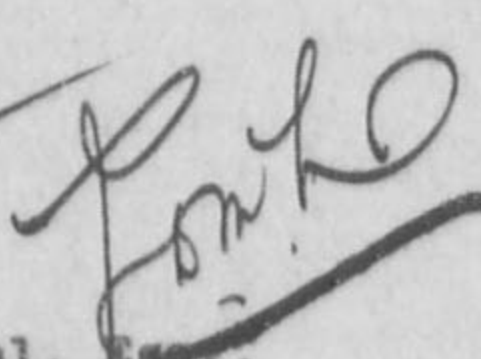

The Department is in receipt of a requisition from the teacher of the Walpole Island No. 1 Indian Day School for 2 locks for the vestibule doors, 3 stoppers for stove pipe holes and 12 yards fencing, about 20" high, for the front of the school building. It is noted that the teacher requires this fencing to inclose a space in which she and the pupils intend to put flowers.

You may arrange for the purchase and installation of 2 locks of a suitable type for the vestibule doors, 3 stoppers for the stove pipe holes and 12 yards of fencing of the type which you consider satisfactory. No unnecessary expenditure should be incurred and properly certified vouchers, in duplicate, should be forwarded covering the expenditure incurred. The purchase of the fencing and the erection of the same should receive your early attention.

IN YOUR REPLY REFER TO

TO DATE OF THIS LETTER

Sir,—

I beg to acknowledge the receipt of your letter, of the 18th. ultimo, with reference to complaint, forwarded to the Department, by Mrs. Grace Savage, Principal, of the No. 1, Indian Day School, Walpole Island, reporting, that the Pipes, in the Jr. Room, are not giving satisfaction. In reply, beg to advise, that I took, this matter up, as advised, with Mr. Zavitz, Hardware Merchant, of Wallaceburg, Ont. and that he recommended cutting a hole, 3 in. in diameter, in the 2nd. length, of pipe, above the stove. This hole would admit air, from the school room, which he says, in many cases, prevents the smoke from condensing. And, if this does not give result, the only remedy would be, to build another chimney, on the side of the school, that we might be able, to install, a shorter string of pipes, which would eliminate the condensing of creosote, and smoke. I might add, that I believe that we have enough dry wood, at this school, to carry us through the winter, which I believe, will also, give us less trouble, with smoke and creosote.

Your obedient servant,

Thos Paul

Sir:

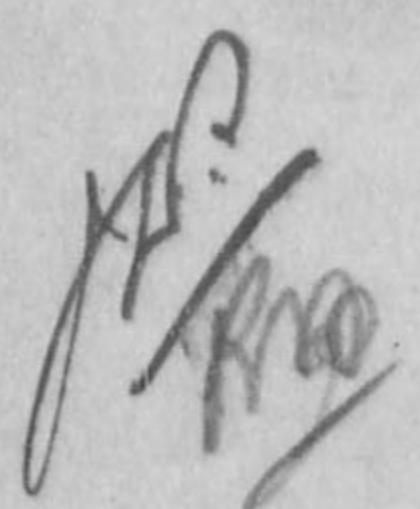

I have your letter of the 10th instant, furnishing a report as to the repairs required to the pipe in the junior room of the Walpole Island No. 1 Indian Day School.

As recommended by Mr. Zavitz, you may arrange for the cutting of a 3" hole in the second length of pipe above the stove, and it is hoped that this will prevent the smoke from condensing and the dropping of creosote from the pipe into the teachers' apartments and classroom. If it is found that this change will not overcome the trouble complained of, it may be necessary to build another chimney in order that a shorter length of pipe can be utilized. I note that there is a sufficient quantity of dry wood at the school for this winter's use, the burning of which may cause less trouble with smoke and creosote. Please arrange to have the work as recommended by Mr. Zavitz completed as soon as possible. No unnecessary expenditure should be incurred and properly certified vouchers, in duplicate, should be forwarded covering the cost of the work.

Dec. 1st. 1924.

Mr. Russell T. Ferrier,

Ottawa.

Dear Sir:-

Would you kindly send an order, as in former years, to purchase Christmas gifts in Sarnia for the children of this school. There are 65 pupils enrolled so I would ask that Twenty dollars (\$20.) be allowed. That is Ten Dollars for each room.

As the Walpole Island Post Office, has been closed, would you kindly make arrangements to have a rural route box put up at the school. Otherwise a nine mile drive is necessary in order to procure the school correspondence.

With regard to the hot lunches, kindly inform me at your earliest convenience if it is the wish of the Department that these be served. Last year the pupils were served with hot cocoa at noon. Now, however the

attendance has so increased that it would be necessary to have more dishes, a moderately priced coal oil stove and an issue of cocoa and biscuits or an allowance for same. We would willingly instruct and supervise the older pupils in the preparation and serving of these lunches should the Department deem them advisable.

You will be pleased to learn that since the pipes have been wrapped with asbestos, there is no bother now with smoke. The placing of the two ventilators in the floors of the upstairs rooms in the teacher's residence, has completely solved the heating arrangements.

I thank you for all past kindness

Sir:

I have your letter of the 3rd instant, enclosing a communication from Mrs. H. Macpherson, senior teacher of the No. 1 School, Walpole Island. In reply I have to say that the Department will approve of an expenditure not exceeding \$15 in the purchase of suitable gifts to be given the pupils before the school closes for the Christmas holidays. If the teacher makes the purchase, she should obtain itemized accounts covering the expenditure incurred, not exceeding the above authorized amount. These accounts she should hand to you and you will be good enough to attach them to proper voucher forms, certify in the usual manner and send them to the Department for payment.

With reference to the teacher's request that she be furnished with a rural mail box, I have to request that you will take this matter up with the proper local post office authorities, arrange to secure a box and have it set up at a convenient point. You should forward properly certified vouchers covering the cost of the box and the expense of having it installed. The procuring of this mail box should receive your early attention.

Regarding the teacher's request for the providing of a hot lunch to the pupils, I have to say that, if the teachers will undertake to serve a hot drink at midday, you may furnish them with a small supply of cocoa. The teachers can, no doubt, arrange with the pupils to furnish the milk required in serving the cocoa. We are not prepared to authorize any further expenditure for this purpose, except, if a number of cups to serve the cocoa are needed, you may purchase and supply one dozen.

Please inform the teacher of the contents of this letter.

Dear Sir:

I am submitting, herewith, account for \$14.00 for cleaning the school yard at the No. 1 school, Walpole Island. This work was performed by Tomizo, after the new school was constructed. For some reason or other, he left and did not present his bill for his work, until this last summer.

I might say that the work consisted of cutting down a number of apple trees, digging out the roots, and levelling the ground up afterwards.

I beg to recommend payment.

Dear Sir -

The Post-Office Department have requested me to notify you that they have received no instructions to erect a rural mail box at No. 1. School. They will not deliver mail until such a box is erected. As a result there has been no mail delivered to us for the past two weeks.

I might also state that the school pump has been out of repair since we took possession of the teacher's residence. This would be rather serious in case of fire as the nearest pump is some distance away. Would it be possible to have a man come out from the hardware store in Wallaceburg to repair same?

Trusting you will give these matters your attention, I remain,

Madam:

I have your letter of the 19th instant, regarding the installation of a rural mail box and the condition of the school pump at the Walpole Island No. 1 Indian Day School.

Regarding the mail box, I beg to say that in official letter dated December 9th, last, we instructed Mr. Agent Paul to take this matter up with the proper local post office authorities and arrange to secure a box and have it set up at a convenient point. We informed him that the Department would pay the cost of the box and any expenses in having it installed upon receipt of properly certified vouchers from him covering the cost. Please take this matter up with Mr. Paul, referring him to our letter, with a view to having him take immediate action to obtain the same.

Regarding the repairs to the pump, we were informed by Mr. Abraham, who visited the department yesterday, that the services of a man were secured to make the necessary repairs. It is, therefore, hoped that this has been attended to by this time.

I may say that we wrote the Agent yesterday relative to a change in the janitor. Mr. Abraham suggested the name of Mrs. Coonce, who lives near the school, and stated that he thought she would perform the duties satisfactorily. We asked Mr. Paul to consult you in this matter, and, if you were both satisfied that a change is advisable, the Department will approve of the appointment of Mrs. Coonce. The Agent was instructed to inform the new janitor regarding the duties to be informed and also that the work had to be carried out to your satisfaction. I hope that you and the Agent will be able to arrange this matter satisfactorily and that the new janitor, if one is appointed, would be prepared to take up duties on the 1st proximo.

I presume that the Agent is arranging for the supplying of the mattresses and bedding required.

Your obedient servant,

Russell T. Ferrier

①. About the first week in January a requisition for school supplies was forwarded to the Department, through Agent Paul. To date no information has been received re it. Kindly inform me if the requisition reached your office.

②. Would you kindly instruct Agent Paul to make the necessary arrangements to have the class-rooms scrubbed and cleaned during the Easter vacation which begins, I believe on April 8. From the school records it would appear that the floors have not been scrubbed for over a year and they are in a very dirty state. It would be more satisfactory if Mr. Paul were instructed to have our supply of floor oil replenished and the floors kept oiled as formerly. This preserves the floor and decreases the dust.

In this connection, I might ask, if it is the Department's wish to discontinue the present janitor service as intimated to Mr. Paul in a letter about Jan. 20th. The woman in whose name the said position was granted, has been dead

Madam:

I have your letter of the 5th instant, relative to the various matters mentioned by you in connection with the Walpole Island No. 1 Indian Day School.

In reply I have to say that the Department did not receive the requisition for school supplies which you state you handed to the Agent early in January, last. We are instructing him to forward this requisition as soon as possible. I may say that a requisition is now being forwarded to the Government Stationery Office to send you 2 boxes of chalk and 1 dozen black board brushes.

Regarding the tinting of the walls of the classrooms, we are instructing Mr. Paul to arrange to have the walls tinted during the Easter holidays, using a cream colour or some shade that will not show the dirt. After the tinting has been done, he is to arrange to have the floors thoroughly scrubbed and oiled, also the windows washed.

Regarding the janitor services, we are again drawing Mr. Paul's attention to our instructions of January 20th, last, authorizing him to appoint a new incumbent for this work. We are ~~instructing~~ instructing him to give this matter his prompt attention and to consult you in the matter. We suggested to him in January the name of Mrs. Coonce whom Mr. Abraham stated would perform the work satisfactorily. He is to arrange with the person appointed to scrub the floors of the classrooms once each month. An increase in the salary usually allowed will be given to the new janitor, provided this scrubbing is done each month. It would be advisable for you, acting in conjunction with the Agent, to select a competent person to perform janitor services.

Any suggestions you may have regarding the tinting of the walls as to colour, etc., will no doubt be accepted by the Agent, as he has been requested to consult you in the matter. We hope that he will arrange for the appointment of a new janitor to begin duties on the 1st of April, next, and also in due time arrange for the tinting and cleaning required, in order that the work can be completed during the coming Easter holidays.

I am enclosing herewith a few forms "Requisition for School Material", as requested.

Sir:

We are informed that during the first week in January the teacher of the Walpole Island No. 1 Indian Day School handed you a requisition for school supplies. This requisition has not yet reached the Department. It is considered that you should attend more promptly to these matters, and this requisition should be forwarded as soon as possible.

The interior walls of the classrooms are very dirty and smoky, occasioned by the defective chimneys and pipes before they were repaired. The Department would like you to arrange to have the classroom walls tinted during the coming Easter holidays. A cream colour or some shade that would not show the dirt should be put on. You should make arrangements so that this work can be commenced immediately after the school closes for the Easter holidays. You are to purchase all material required and arrange to have the work done by a competent person by day labour. Proper time sheets, in duplicate, should be kept for the labour employed.

After the tinting has been completed, you should arrange to have the floors thoroughly scrubbed and given a coat of oil. The windows should also be thoroughly cleaned. If there are double windows, they should be removed and properly stored when the weather becomes warmer.

The Department expects that you will see that this work is satisfactorily carried out during the Easter holidays. We are informing the teacher that you have been instructed to have the tinting of the walls of the classrooms carried out and the floors scrubbed and oiled.

Properly certified vouchers, in duplicate, should be forwarded covering the cost of the material and time sheets, in duplicate, properly certified, should also be forwarded, when payment will be made. No unnecessary expense should be incurred in having the above work completed.

June 11. 1925.

Mr. Russell T. Ferrier,
Supt. of Indian Education.
Dept. of Indian Affairs,
Ottawa,

Dear Mr. Ferrier,

This year, I am taking 5 of the pupils of No. 1. School, out to Wallaceburg, to try their Junior High School Entrance. They range in ages from 14 to nearly 17 years, and I collected them in from the various grades to form an Entrance Class. Have worked very conscientiously with them all year, even teaching them every Saturday morning.

Could you kindly inform me if the Dept. will make any allowances towards the expenses of the examinations, which would be \$1. each for fees (\$5.00 all told-) and transportation charges of \$1.00 a day each, for the three days of the exams (June 24. 25. 26) - \$15.00. Making a total in all of \$20. I will have to provide

does not make any allowances in
such cases.

We will go out together each morning
to Wallaceburg (18 miles away) as I wish
to help them between examinations
and will take our lunches with us
thus arranging the trip as cheaply as
possible.

Trusting to receive a favourable
reply in the near future,

Madam:

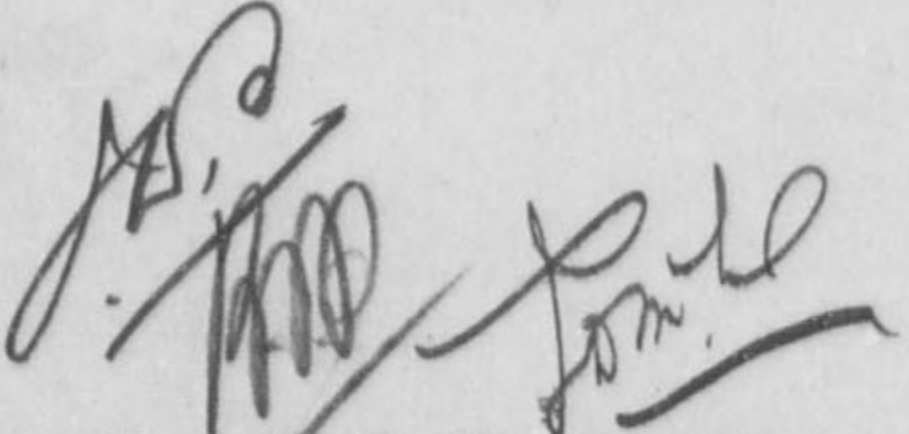

I have your letter of the 11th instant, requesting that a grant be provided to assist in the expense of taking 5 pupils of the Walpole Island No. 1 Indian Day School to Wallaceburg, in order that they can try their junior high school entrance examinations.

In reply I beg to say that the Department will allow a grant not exceeding \$20 in the payment of the fees and transportation charges. If the parents of any of these pupils can pay the fees and travelling expenses, arrangements should be made to have them do so, and the expenses should not be a charge against this Department. Please make out a statement, in duplicate, showing separately the fees paid and also the transportation charges. This you should certify and hand to Mr. Agent Paul, who is being informed of the authority granted you to incur the expenditure. He has been requested to attach this statement to the necessary voucher forms and send them to the Department, when you will be reimbursed for the outlay not exceeding the amount mentioned. We hope that these pupils, with whom you have taken so much interest and trouble to prepare for the examinations, will pass successfully.

You will notice an item, of \$4.00, for rent of stove. The stove in the Junior Room, had a casting broken, in connection, with the door, which was taken to Chatham, to be repaired, and welded. The cold weather started early this Fall, and it was necessary, to have a stove in the room. Mr. McCoonse brought his stove, and set it up, and took it away again, after the repairs were made. His charge is reasonable, the other items on the account were all necessary, I would therefore, recommend payment, of account as submitted.

Also have any steps been planned to
remedy the smoke condition in the Junior Room.
It is so filled with smoke each morning that
the children cannot even go in. After the opening
exercises, they must play outside for an hour or
so until the classroom is fit for occupation.
Added to this the pipes are dropping creosote all
over the floor. There is one large puddle 31
square on the floor, which is eating into the
boards. The odor from this liquid is most obnoxious
and hard for eyes and health. On the Indian Agent's
last visit to the school two weeks' ago, he admitted
that the matter was beyond him. The popular belief
is that even a new chimney will not remedy the
situation.

Ottawa, November 17th, 1925.

Sir:

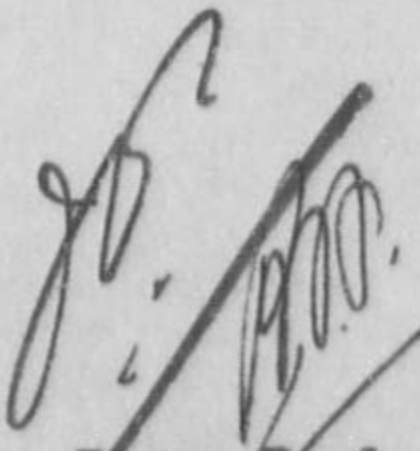

The teacher of the Walpole Island No. 1 Indian Day School has again complained of the smoke condition in the junior room. She states that this room becomes so filled with smoke each morning that the children have to remain outside for an hour or so until the classroom is fit for occupation. Added to this, the pipes are dropping creosote all over the floor and the odor from this liquid is most obnoxious.

As stated in our letter of today's date, File No. 45-40, this condition may be due in part to the wood that is being used. I have to request that you will arrange at the earliest possible date to have the stove pipe in the junior room wrapped with asbestos, and the cost of this material and the labour in putting it on should be kept down to the lowest possible point. The Department will expect to hear at an early date that the instructions given to have the pipe wrapped with asbestos have been carried out. When the work has been completed, please forward properly certified vouchers, in duplicate, covering the cost.

Madam:

With reference to that portion of your letter of the 12th instant relative to the fuel supply and the condition of the stove pipe and chimney at the Walpole Island No. 1 Indian Day School, I beg to inform you that Mr. Agent Paul is being written and requested to see that the full supply of wood for the use of this school is delivered at the earliest possible date.

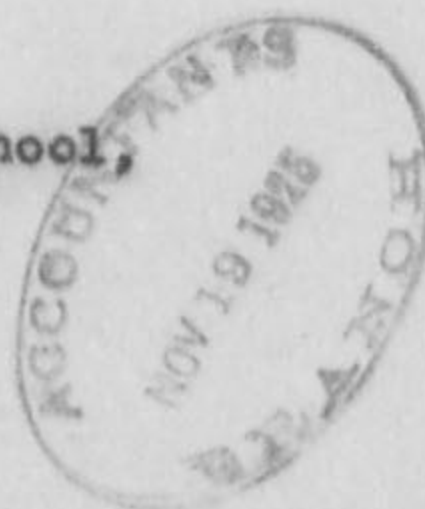

It is thought that the present condition regarding the stove pipe and chimney in the junior room may in part be due to the kind of wood that is used for fuel. We have requested the Agent to see that the wood supplied consists principally of red oak and soft maple, also that the stove pipe be wrapped with asbestos. We have further requested the Agent to see that the wood is delivered and the pipe wrapped with asbestos at the earliest possible date.

Sir:-

I beg to acknowledge the receipt of your letter, of the 17th. inst. with reference to complaint, received by the Department, from the Teacher, of the Walpole Island, No. 1, Indian Day School, in the Junior Room, stating that the room becomes so filled with smoke, each morning, that the classroom is not fit for occupation. This condition, I am sorry to say, is too true. We have tried different schemes, to eliminate this trouble, without success. I will arrange, when at the Island, on Monday, to have pipes wrapped with asbestos, as directed.

With reference to wood purchased for this school, F.45-40; I might say, that I purchased from Chas. Jacobs, last winter, 20 cds. of green wood, 3 ft. long, to be delivered, that we might have, dry wood, for this school, during the winter, of 1925, -26, this contract has only been partly delivered by Jacobs, and no payments made. I advised him, when at the Island, last Monday, the 16th. inst. to deliver and fill contract, at once, which he agreed to do. The 20 cds. of wood, supplied to each, of the No. 1, and No. 2, School, by Allan Isaac, at \$2.50 per cd. dry wood, was for the Teacher's Residences, that they might have dry wood, for the coming winter. This wood was delivered before vouchers, were sent in for payment.

MEMORANDUM

MR. [unclear]

I would request that, on the occasion of your next visit to the Sarnia or Walpole Island Agencies, you will visit the Walpole Island No. 1 Indian Day School and examine the chimney, with a view to overcoming the smoke conditions at present existing. There has been considerable trouble since this new school building was erected from smoke and the stove pipes dropping creosote over the floors. Both Mr. Abraham and Mr. Agent Paul have endeavoured to remedy the difficulty, but the condition still exists. The Agent has been requested to wrap the pipes with asbestos, and to arrange for the purchase of red oak and maple fuel. It is thought that the fuel used, which was mostly dry elm, caused the creosote in the pipes. However, I shall be pleased if you will examine the chimney and suggest what steps should be taken to overcome the difficulty.

Madam:

I have your letter of the 7th instant, requesting that a grant be allowed for the purpose of purchasing supplies for a Christmas tree for the pupils of the Walpole Island No. 1 Indian Day School.

In reply I beg to say that you may incur an expenditure not exceeding \$20 in the purchase of the supplies considered by you to be satisfactory for the purpose. Owing to the numerous requests for funds for a like purpose at our Indian schools, the above amount is all we can provide for your school. Please obtain itemized accounts, in duplicate, from the merchant from whom you make the purchase. These accounts you should hand to Mr. Agent Paul, who will certify the same and submit them to the Department for payment. We are informing Mr. Agent Paul of the authority granted you to incur the above expenditure.

I have also your letter of the 8th instant, relative to certain damage that was caused by the men who were changing the position of the stove in the junior classroom. We regret that any damage was incurred to your personal effects, but will be unable to reimburse you for the damage occasioned. It is considered that care should have been taken to remove any articles that were liable to breakage during the time the men were at work in changing the stove and pipes.

I would request that, in future, you forward all communications such as these and other routine matters through the office of your local Indian Agent.

Dear Mr. Paul -

Enclosed kindly find medical
reports for February.

When I was at the Island to-day
I again called at No. 1 School. The smoke was
so bad in the east room that it was absolutely
impossible to carry on school in that room. I am
not one to encourage complaints but I could not
remain in the room, and it is unreasonable
to expect the teachers and pupils to do so. Surely
the Department will take measures to rectify
this condition even if it should be necessary
to build an additional chimney.

Mr. Agent Paul informs the Department that the smoke conditions of the chimney at the Walpole Island No. 1 Indian Day School are a source of continual trouble, and forwards a communication from Dr. C. E. Rowland, Wallaceburg, Ont., regarding the matter. Both the Agent and the Doctor state that it is necessary to build an additional chimney.

I have to request that you will arrange to have a new brick chimney, suitably located, erected during the coming Easter holidays. You should arrange for the purchase of the brick and other materials required, and for the labour in building the chimney. The Department is placing this matter in your hands, and hopes that you can make the necessary arrangements to have the work done, and at the least possible expense. Properly certified vouchers should be forwarded in the usual manner covering the cost of the material and for the labour employed.

Madam:

I have your letter of the 21st instant, regarding the smoke conditions caused by the defective chimney at the No. 1 Indian Day School, Walpole Island. In this connection I have to inform you that Mr. R. H. Abraham was instructed to arrange to have a new brick chimney erected, in a suitable location in the building, during the coming Easter holidays. In a reply from him, dated the 19th instant, he stated that he was making the necessary arrangements and would have this chimney built. We regret the inconvenience that is being caused to the teachers and the pupils; but it is hoped that it will be possible to carry on without renting another place, until such time as the new chimney is finished.

Sir:

In your letter of the 9th instant you reported regarding the condition of the chimney at the Walpole Island No. 1 Day School, and you were informed by official letter of the 12th instant that this matter had been referred to Mr. R. H. Abraham. The Department wrote the late Mr. Abraham on that date, authorizing him to have a new brick chimney, suitably located, erected during the coming Easter holidays. In a letter dated the 19th instant, he replied stating that he was making the necessary arrangements to have the chimney built. The Department is not aware exactly what arrangements the late Mr. Abraham made, but it is not likely that he had done very much in regard to the matter.

It is most important that the erection of this new chimney be given early attention, and, in view of Mr. Abraham's death, I have to request that you will look after the matter personally, and make immediate arrangements for the purchase of the brick and the securing of the necessary labour.

Sir:-

Inclosed you will find account, in favour of Thos. Isaac, for \$5.00, for repairing roof, on shed, at No. 1, School, Walpole Island. This shed was built by the teachers, shortly after they came to the Island, at their own expense, and is being used, to store kindling wood, and other articles, which they have not room for, in their apartment. The work was necessary, and the price reasonable, and I would recommend payment of account as submitted.

Your obedient servant,
